Broadbrim's New York Letter.

Special to the Carbon Advocate. The other day on one of the river teamers I chanced to be the fellow assenger of one of the most prominent politicians in the State-a man who has held exalted office and who is to-day one of the most trusted leaders in one of the strongest factions into which the Democracy of New York is divided. The conversation turned on the expense of THE steamer Anchoria which left elections, and he made the remark that Glasgow about four weeks ago bound we were fast drifting toward the time for New York, and for the safety of when money, and money only, would has arrived in an almost helpless con. States; when we would become a plutocracy, and a poor man could never successfully run for office. He had been a are loud and emphatic in expressing not in any sense a wealthy man. I asked their entire willingness to become myr- him what his expenses were in his Congressional canvass, and he informed me how stern necessity forces men to a that it cost him sixteen thousand dollars, reconciliation of the conditions of fate. of which nearly two thousand was paid for the printing of tickets alone. He was elected for two years; his salary during that time was ten thousand dollars, so that there was a dead loss of six thousand dollars cash before his term commenced, the interest on that sum and the cost of living in the city of Washington after. He lived liberally, entertained handsomely, had a fine house horses, carriages and servants, and at the end of his two years' service came To pose as an all-round bruiser and back to New York forty thousand dolslugger is the height of many a young lars worse off than when he entered his man's ambition. While to stand on the canvass for Cougress. This crying evil top-most round on the ladder of fame (?) attaches to all of our city offices from and knock the "chip" off the shoulder mayor to constable; if they wish to be of some weak and sickly individual calls elected they must buy their way in.
