afflicted, we used, during the past winter, with much satisfaction, Ayer's Cherry Pectoral. For this affection, we consider this preparation the most efficacions of all the medicines which have come to our knowledge.—Mary Parkhurst, Preceptress, Home for Little Wanderers, Doncaster, Md.

My children have been peculiarly subject to attacks of Croup, and I failed to find any effective remedy until I commenced administering Ayer's Cherry Pectoral. This preparation relieves the difficulty of breathing and invariably cures the complaint.—David G. Starks, Chatham, Colimbia Co., N. Y.

I have used Ayer's Cherry Pectoral
in my family for many years, and
have found it especially valuable in
Whooping Cough. This medicine allays
all irritation, prevents inflammation from
extending to the lungs, and quickly subdues any tendency to Lung Complaint.

I find no medicine so effective, for
Croup and Whooping Cough, as Ayer's
Cherry Pectoral. It saved the life of my
little boy, only six months old, carrying
lim safely through the worst case of
Whooping Cough I ever saw.—Jane
Malone, Piney Flats, Tenn.
