Still the Oldest Drug Store in Lower Carbon. The oldest store and the "Newest" Medicines. No relies of antedilovian origin in that line. But we will not be in too great haste; "the proof of the pudding is the cating" and when we are ready to open all can see for themselves. We have been delayed beyond expectation; we are at the merry of our painter, and business is so highly in the city that is so brick in the city, that our orders have not been filled as we expected; we also find that we have a heavy contract on our hands, BECALTER WE ARE DESTRIBLISHED TO EXCELL. Excellence is our motto, and with that in view we shall scalously aim to bring the "Oldest Drug Store" up to its original standard, as when in its pristine glory it was presided over by A. J. Durling, then the leading Pharmacist in Carbon County.

After having been "laid on the shelf" for almost three years, it was with great reluctance that we for redourselves to enter the business arems again. Our infirmities at first would have preferred otherwise, but circumstances so shaped themselves that it became really necessary for us to enter the field and continue the life of our earlier ambition. Under the atimulus of this viriue, we find our dormant energies reviving, and with a healthy brain, fully occupied and fully capable to do suything and everything it did before, we fear no failure. We are ourselves again, taken down from the shelf, dusted off and ready to go it with as good a hand as any.
