The usual treatment of catarrh is very unsatisfactory, as thousands of despairing patients can testify. On this point a trust-worthy medical writer says: "Proper local treatment is positively necessary to success but many, if not most, of the remedies in general use by physicians afford but tempo rary benefit. A cure certainly cannot be ex-pected from snuffs, powders, douches and washes." Ely's Cream Balm is a remedy which combines the important requisites o quick action, specific curative power with perfect safety and pleasantness to the patient.
