their demands for an increase of wages and will grant no concession until they have meted out to them the justice they demand. On the other hand the coal operators, haughty and overhearing, look on in proud treating contemptuously the defight for right and if the fight is carried acter whatever. Last week there were no low well met," the Republican candidate out upon the principles of its origination less than three ecclesiastical trials for mor- for Sheriff, is a boss and has been a boss of the coal miners must win, there is no other al tergiversation of a very helnous charac- long standing; he pre-eminently represents WAY.

THE New York Star thusly remarks concerning the political prospect in that State; "Never was the Democracy of New York more thoroughly united or better equipped for effective campaign work. The magnitude of the issues of the election are well understood. The State is to say whether the country shall go forward in the path of Democratic reform or relapse into those dangerons abuses which the people repudiated and rebuked in 1884, By the result in New York this year will the country judge the probabilities of the next presidenpoor girl to her ruin. Fully aware of his ten by the indulgent citizens of Philadeltial contest. It is, of course, possible that domestic relations, and on the most friend- phis, and I eeds after November Sib may the Republicans might carry the State now and yet lose its vote in the college of presly terms with his wife, she appears to have realize the advice given him before his idential electors. But the world does not so estimate the situation. To the general mind it seems clear that as goes New York in November, 1887, so will it go next year; and that as New York shall vote for presidential electors, so will be the result of the national contest. It is not for us to decline tim, and the young man was a confidant of from which they sprung the committe of the clergyman and he aided him in his ne One Hundred who scattered bosses, 1888.
