SPECIAL NOTICE—Persons making payments on this office of money orders or postal notes will please make them payable at the WEISSPORT OFFICE, as the Lehighton Office is NOT a money order office.

Current Events Epitomized.  
—Col. R. Penn Smith, well known in this place, on account of his connection with the coal breaker, destroyed by fire several years ago, died at his home in New York on Sunday evening. Col. Smith was born May 2, 1827, in the city of Philadelphia. At the breaking out of the war he entered the army and distinguished himself for valor and bravery in many of the principal battles. He was wounded at Antietam and at Gettysburg his regiment held a position in the one wall near the celebrated Peach Orchard.

—There are less persons afflicted with rheumatism, since our druggists have sold Salvation Oil.  
—Few are aware of the importance of checking a cough or common cold in its first stage. That which in the beginning would yield to a mild remedy, if neglected, soon proves upon the lungs. Dr. Bull's Cough Syrup affords instant relief. It is an infallible remedy. Price 25c a bottle.

—Edward!—Lost between Dr. Reber's drug store, Lehighton, and the old Moria Furnace, on the 16th instant, a pass book containing bills, also an oblong memorandum with morocco cover. The finder will receive a reward of \$5.00 by returning the same to J. W. Raudenbush, Lehighton. All persons are hereby cautioned against paying money to any other than the above named party.

—Milton Flory, of East Weissport, has moved into the building next to Everett's Hotel, in Weissport, where he will be pleased to meet all old patrons and all others desiring anything in the line of harness, blankets, robes, belts, whips, &c. Repairing of all kinds promptly attended to and satisfaction guaranteed.

—About fifty copies from Mauch Chunk parrot of a hearty and auspicious report at the country residence of Mr. C. A. Rex, about one mile from this place, on Thanksgiving day. All who were present are loud and unanimous in their praise of the hospitality of Mr. and Mrs. Rex.

—Mrs. J. P. McCabe, whose husband was hanged at Honesdale recently for the murder of Michael Reiley, has refused to receive \$100 found on McCabe at the time of his arrest, as she believes it to belong to the murdered man.

—It is said that Editor Malloy, of the wide awake Lehigh Record will soon be united in marriage to a Harrisburg lady. In such an event the Advocate extends its best wishes for future happiness.

—The High Hat Brigade was escorted to Stillington by the Arion Cornet Band last Thursday, where they were the guests of Fred Hollicher, the popular beer bottle. Mr. Hollicher extended the hospitality of his establishment to the Brigade and donated some of the "necessary" to the band. The "boys" are loud and unanimous in their laudation of their generous host. Mr. Hollicher has one of the largest and most thoroughly equipped bottling establishments outside of the larger cities.

—Not only in the spring time, but in the year round people will find a reliable calendar. We would recommend Axador. Price 25 cents.

—The real need of a sick baby is not so much medicine as it is something to "assist nature." Many things are recommended, but the best known remedy for the ailments of young children is Dr. Bull's Baby Syrup. Price only 25 cents a bottle.

—Some few days ago a bottle containing the body of a prematurely born child was found out of the Lehigh river, at Packerton. Our informant tells us that the bottle containing the child is an exhibition in the Lehigh Valley office, at Packerton. Supposition naturally leads us to infer that "some dirty work" has been perpetrated by some party or parties at present unknown.

—Having purchased the gallery, fixtures and all negatives of Mr. J. B. Readman, I am prepared to do all kinds of first-class work in the photographic line. Mr. Readman will remain until December 1st, when I will procure a first-class operator from the city please give me a trial. Harvey Williams, Cor. Broadway and Susquehanna Sts., Mauch Chunk, Pa.

—The new hotel of Mr. Henry Biner, at Slatkinton, is a model of architectural design, and reflects credit on that town. Mr. Biner is an enterprising and progressive citizen, as well as a genial wholesome fellow, whom it will be well for Lehightonians to remember when they visit that borough.

—The Carbon county teachers' institute will convene on Monday, March 13th, Monday, and continue on Tuesday. A very interesting programme has been arranged for the occasion. The Advocate will, next week, contain a full and complete account of the exercises, written up in a spicy manner.

—The Jamestown Sunday school has a membership of over one hundred. The school is supplied with a good library, comprising two hundred choice volumes of literature. With such able leaders as Messrs. S. A. Metz and Andrew Shive the school is an assured success.

—The individual who does the lamp-lighting in this borough, should remember that it is not safe to depend entirely on the moon. Civil service reform, in this town, should include a fair knowledge of astronomy. Respectfully referred to the borough fathers.

—Charles Henry, driver of the Exchange Hotel, was arrested last Friday for cruelty to animals. He was taken before Squire Belz and fined ten dollars. This should be a warning to others who have developed a propensity for cruelty to animals.

—The attention of the people of Summit Hill, Lansford and vicinity is directed to the fact that George F. Huntington, of the popular Switchback Restaurant, is authorized by us to receive subscriptions and money for the CARBON ADVOCATE.

IN THE WORLD OF LABOR.  
Specially Compiled for the Tolerant an Adversative Man.  
—Two thousand tons of coal pass over the main line of the Reading Railroad every hour of the day and night.

—According to the views of a great inventor, the multiplication of machinery means better times for the laborer.

—The local assembly of Knights of Labor at Drifton, offer a reward of \$100 for the apprehension of the party or parties who set fire to Cox's No. 2 breaker, recently.

—It is predicted that the output of coal for the year 1888 will be 40,000,000 tons. A number of new works will be opened in the anthracite coal region at an early day.

—It is said that the increased contributions to the Lehigh and Anthracite Valleys strikes have done more for the laborer, more determined than ever to hold out against the operators.

—Owing to the inferior quality of anthracite coal furnished in consequence of the strike in the Lehigh region, the Glendon Furnace Company will blow out one of its stacks at South Easton.

—The Tamaqua Courier says: That unless instant forbearance to the striking and starving miners in that county will soon shake the Lehigh region from centre to circumference.

—The carrying capacity of a railroad car of 10 tons has been figured on by somebody who gives this as a result: Wheat, 540 bushels; corn, 400 bushels; potatoes, 420 bushels; apples, 370 bushels; oats, 650 bushels; lumber, 6,000 feet; butter, 20,000 pounds; flour, 90 barrels; whisky, 90 barrels; wool, 6 cords; cattle, 18 to 20 head; hogs, 50 to 60 head; sheep, 80 to 100 head.

—Aris Pardee, a Lehigh coal baron, says that he will conduct his business according to his own thinking and under no circumstances will he allow outside parties to dictate as to what he shall or shall not do. Correct! But Mr. Pardee should conduct his business with some idea of justice to his employees and not swell his pocket book by oppressing the miners.

—The railroads of the United States are equipped with 25,415 locomotives, 19,252 passenger cars, 6325 baggage and mail cars, and 845,941 freight cars, being an increase of over 40,000 freight cars within five years, and of 115,000 freight cars within ten years. Within five years the increase in locomotives has been 493, not taking into account those that are worn out and out of use.

—The heaviest passenger locomotive ever turned out in Paterson was shipped from that city to other day. It was for the Union Pacific Railroad, and it weighed 112,000 pounds. When it is known that the heaviest freight engine, with eight driving wheels, weighs only 120,000 pounds, and this passenger engine has only four drivers, some idea of its size may be inferred.

FROM THE COUNTY SEAT.  
Local Happenings in Mauch Chunk Spicily  
—Alfred Hubbard, of Philadelphia, was in town Saturday.

—John L. Dink and wife, formerly of town, now of Bethlehem, went Sunday here.

—The store windows of some of our merchants begin to assume the holiday appearance.

—A. H. Church, the contractor, of Allentown, is in town during the early part of the week.

—"E." your letter, was not received until Friday a. m., last week, which accounts for its non-appearance in our last issue.

—A very pretty mine locomotive, weighing seven tons, was shipped Tuesday from the Stroh Iron Works. It was built for G. B. Markle & Co.

—Last week ex-Sheriff Lentz was brought home, having been thrown from his wagon and somewhat disabled. He was confined to his bed several days, but managed to be about again on Wednesday.

—There are many recent houses here. The extremely high price demanded by landlords for rent has caused many families to secure houses in East Mauch Chunk and other localities.

—The fact that Mrs. Belya Lockwood is booked to lecture here has excited the curiosity of every society lady in town and the prominent lecturer will no doubt be greeted by a large audience.

—Lawrence, infant son of Edward and Anna Dehart, died Sunday morning. The deceased was an exceptionally bright little fellow; the parents have the warm sympathy of the community in their profound grief.

—The Walmeth Hotel speculation has proved a failure and circulars are out offering creditors twenty per cent. Many of our townfolk invested in this venture with the understanding that it would pay large dividends, but they have been badly let.

OUR STROLLER AT WEISSPORT.  
—H. G. Barrford and wife, of Lansford, were visiting relatives and friends this week.

—Mr. Stephen Snyder has returned home after a delightful visit to Allentown and Allentown friends.

—The Camp P. O. S. of A., of town, participated in the institution of a camp at Bowmanstown on Monday evening.

—A delightful party in honor of Mrs. L. F. Remaly, who has just returned from a Thanksgiving day, all present enjoyed themselves highly.

—Chas. L. Miller, assistant superintendent of the furnace works, here, left for St. Louis, Mo., this week where he has obtained a position.

—Fifteen hundred overcoats; overcoats for men and boys, at prices to defy competition, at Southheim's One Price Star Clothing Hall, Mauch Chunk.

—Our old friend Thomas' Rooms while at Buffalo, N. Y., which week joining cattle, met with an accident by which one of his legs was broken.

—Howard Christmas has entered the Weissport Jewelry Store to learn the watchmaking business. Howard is a bright young fellow and we wish him success.

—Jonathan Leibensberger, formerly of the Exchange stable at Lehighton, is now with John Rehrig, at the Franklin House. What John doesn't know about horses is not worth knowing.

—Now don't miss it. Andrew Graver is constantly receiving new goods which makes his store the most popular in town. Prices low as the lowest. Before purchasing elsewhere please call.

—The general store merchants of town will hereafter close their various places of business at eight o'clock p. m., with the exception of Saturday evenings when the stores will be open as usual. This action on the part of the merchants is not unappreciated by the clerks.

Chronic Catarrh  
Catarth is inflammation of the mucous membrane, attended with increased secretion. This catarrh may affect the head, throat, stomach, bowels, or any part of the body where the mucous membrane is found. But catarrh of the head is by far the most common, coming on so gradually that often its presence is not suspected till it has obtained a firm hold on the victim. It is caused by a cold, or a succession of colds, combined with Impure Blood.

Hood's Sarsaparilla  
I am happy to state that I used Hood's Sarsaparilla for catarrh, with which I have been troubled many years, and received great relief and benefit from it. The catarrh was very disagreeable, especially in the winter, causing constant discharges from my nose, ringing noises in my ears, and pain in the back of my head. The effort to clear my head in the morning by washing and spraying was painful. My great relief was to try Hood's Sarsaparilla.
