THERE IS NO CHANGE TO BE REPORTED in the great strike. Both sides remain firm, neither having thus far, gained any special advantage over the other, and so the case stands, and if indications and threats are not misleading, will continue until spring. In the meantime millions of dollars are withheld from circulation, coal has advanced to almost double its price, furnaces and foundries have shut down, and a general business depression is reported throughout the entire Lebigh Valley, the result of which bears heavily on the horny-handed sons of toil. This is the effect of the great strike at this time; how and after he had laid Mrs. Valentine No. 1 is this known than the Governor is appealwill it end?
