Home Evidence

No other preparation has won success as broad equal to Hood's Sarsaparilla. In Lowell, Mass., where it is made, it is now as it has been for years, the leading medicine for purifying the blood, and toning and strengthening the system. This good name at home is "a tower of strength abroad."

It would require a volume to print all Lowell people have said in favor of Hood's Sarsaparilla. Mr. Albert Lowell, Esq., living at 28 East Pine employed as boss carpenter by J. W. Bennett, president of the Erie Telephone Company, had a large running sore come on his leg, which troubled him a year, when he began to strengthen his system. This sore soon grew less in size, and in a short time disappeared.

Mr. C. W. Marriott, wife of the First Assistant Fire Engineer of Lowell, says that for 16 years she was troubled with stomach disorder and sick headache, which nothing relieved. The attacks came on every fortnight, when she was obliged to take her bed, and was unable to endure any noise. She took Hood's Sarsaparilla, and after a time the attacks ceased entirely. Many more might be given had we room. On the recommendation of people of Lowell, who know us, we ask you to try
