THE LOCAL ABBEMBLY KNIGHTS OF Labor in this town are taking the correct. course tending to a truthful dissemination of labor aims and principles by the holding of public lectures. "The Conspiracy Against Labor" will be the subject of a discussion this (Friday) evening, by Prof. E. E. Porter. There should be a large and enthusiastic turn out of the masses at this meeting.

THE TREASURY SURPLUS STILL THREATens our country. The amount of money constantly accumulating foots up millions and millions that should be in circulation, booming business and alleviating the wants of the masses. Republicans and Democrats promised a fair revision of the tariff as a remedy for this evil, but thus far any action has been prevented by partisan bigetry and bull-headedness. The taxes must be reduced fairly, honestly and legitimately.

A BILL, INTRODUCED BY HON. S. S. Cox, of New York, is now before Congress, which proposes to divide the employees in the Railway Mail Service into six classes. and fixes the salaries of each class as follows: 1st class, \$900; 2d class, \$1,000; 3rd class, \$1,200; 4th class, \$1,400; 5th class, \$1,600, and the 6th class which will constitute chief clerks, \$1,800. The bill is a great improvement on all former legislation upon this subject, and should receive the earnest support of our congressman.
