**COUNTY SEAT CORRESPONDENCE.**  
Timely Topics Faithfully Written-Up by a Versatile Quillist.  
—Now, candidly, we don't like to look on the Advocate's well-developed boom for having the county Democrat hold their convention in that progressive town, but the truth of the matter is just exactly this: It is specifically set forth in the rules and regulations governing the County Democracy, that to obviate all spirit of contention, &c., the convention shall be held in the Court House, in the borough of Mauch Chunk. To change this, the resolution must be presented to the convention—not the county committee—and hang over one year for consideration. Recognizing the fact that the night of the convention there being so near, we have, by a kind of place in the holding of said convention should not be presented and acted upon in correct order.  
—The Lehigh Valley railroad has adopted a new 50,000 pound freight car which was designed by John S. Lentz, of Lehighton, Master Car Builder of the Valley Road with headquarters at Packerton. The new car possesses many novel features, principal among which is a simple device for handling grain doors and a substantial truss to support the body frame.  
—Messrs. Jonathan Klitler, of Lehighton, and John H. Arner, of New Mahoning, have leased a valuable tract of land from the Wahnetal Improvement Company at Glen Onoko, and on Thursday commenced operations on a vein of fine granite which they purpose quarrying.  
—There was a general observance of the Fourth of July here. During the day excursionists from New York and New Jersey thronged the town.

—Prof. Stetler, a Master of Arts.  
—We see from different exchanges that at the annual commencement of Ursinus College, on Thursday, old Lehigh was not forgotten. It gives us pleasure to note that our well known and veteran educator, Prof. F. J. Stetler, of Allentown, had conferred upon him the degree of Master of Arts. This is a graceful tribute to a zealous and successful instructor, and all will acknowledge the fact that the honor is well deserved. Of course the college did not confer this mark of distinction upon Prof. Stetler without very good reasons. The fact is some seven or eight of the scholars who attended the Allentown High School were students at the college. Their qualifications and general knowledge were so far in advance of most of the other students who entered the college that it was not apparent they had been in the hands of an inferior teacher of more than ordinary ability. Besides this, there is no doubt that the faculty heard something of the great services which Prof. Stetler rendered in Lehigh in the noble cause of popular education. We must admit, however, that this degree is very rarely conferred on teachers by our colleges, but it will admit that in this case the faculty acted wisely and well and the recipient is well worthy of the honor. We extend our hearty congratulations to Prof. Stetler, and have no doubt that he will wear his new and shining honors with dignity and pride at the same time, with meekness and becoming modesty.—Allentown Chronicle, June 30, 1884.  
**An Organization Effected.**  
The stockholders of the "Lehighton and Light Company" met in Gabler's Hall on Monday evening and effected a permanent organization. The following gentlemen were elected a board of directors with power to elect their officers and to proceed to obtain a charter: John Lentz, J. A. Ober, J. I. Gabel, William E. Ash, W. A. DeBramer, W. C. McCormick, B. J. Kantz, R. F. Hoffer, and Wm. Montz. On the Wednesday evening following the board of directors met and elected the following officers: President, John S. Lentz; vice president, R. F. Hoffer; secretary, Horace Heydt; treasurer, Thomas Kemerer. On motion it was resolved that an installment of 50 per cent. on the stock subscribed be collected to obtain the 10 per cent. on the capital stock required by law to obtain the charter. A committee was appointed to draft by-laws, and another is appointed busy on sinking the well.

22 Florida St., ELIZABETH, N. J., March 17, 1884.  
I have been using Alcock's Porous Plaster for the last five years. Some two years ago, after having been sick for upwards of six months with malaria, I found myself with an enlarged spleen, dyspeptic, and constantly troubled with a headache, and my kidneys did not act very well either. Having spent most of my money for medicine and medical advice, I thought to save expense I would use Alcock's Porous Plaster, two on the small of my back, one on the spleen or ague cake, and one on the pit of the stomach, just under the breastbone. I continued using the Plaster about thirty days, changing it every week. At the end of that time I was perfectly well, and have remained so ever since.—GEORGE DIXON.

Rapser and other able speakers will be in attendance and address the meeting. Let there be a full attendance. Come out Democrats each and every one.  
**COMMITTEES.**  
Children's Day in the M. E. Church.  
Children's Day has become a notable event in all of the M. E. churches of this country, and is looked forward to with delight by the children of all ages (from 3 to 60) belonging to the Sabbath schools. The collection of funds for the education of poor, but intelligent, young people of both sexes for work in the pulpit and missionary field was the motive that prompted its inception. This is why, and is a popular movement, is at least, being widely adopted, and introduced into other churches and denominations, and the collection of almost \$35,000 on the M. E. churches alone last year. On last Sunday this service was held in the M. E. church in this place. In the morning an excellent sermon, appropriate to the occasion, was preached by the pastor, Rev. Wm. Major. He used for the text of his discourse the beautiful words of Jesus found in the 8th chapter of Matthew and the 28th verse which reads as follows: "Behold the fowls of the air: for they sow not, neither do they reap, nor gather into barns; yet your heavenly Father feedeth them. Are ye not much better than they?" For the evening services a programme had been prepared by the committee on exercises, which, as usual, was replete with excellent selections of songs, prose and poetry—the children acquitting themselves with credit and to the great delight and satisfaction of a large and appreciative congregation. The choir, assisted by Miss Lulu Zehner, who in the absence of Mrs. J. M. Roberts, presided at the organ, no doubt lent libid inspiration from the children, and rendered several beautiful and thrilling anthems with more than their accustomed brilliancy. To enumerate the many and varied recitations, dialogues, songs, &c., rendered by the children in the most satisfactory manner—in a number of instances displaying a knowledge of oratory not often seen or heard, would occupy too much of your space, suffice it to say that all acquitted themselves in a manner highly creditable to themselves, and complimentary to the ladies who drilled them. The floral display, decorations, &c., were gorgeous in their beauty and fragrance, and contributed largely to the enjoyment of the occasion; conspicuous among these was a cross of daisies resting against a background of creeping vines. Those who attended the service of the M. E. church will remember the thanks of the congregation. The pastor and superintendent of the Sabbath school are gratified for the assistance rendered, and would thus publicly thank all who contributed to make the event one never to be caressed from the memory of all present.  
**\$5.00 Reward.**  
Five dollars reward will be paid for the two boys who stole cabbage grown by using Arner's Victor Plowshare. All persons competing for the prize will send us the weights, sworn to before a Justice of the Peace, and the prize will be paid December 1st, 1884. A. Arner & Son, Manufacturers, New Maloning, Pa.

**Children's Day in the M. E. Church.**  
Children's Day is a modern institution. It seems to have originated in the M. E. Church, and to this progressive church is due the honor of this glorious day now observed in almost all Protestant churches. On Sabbath evening last the M. E. Church of this place observed the day, a large audience was present and the programme under Mr. F. P. Lentz, the superintendent was excellent, and very highly appreciated by the audience. It would be difficult to find a Sunday school not larger than the Methodist school, having as many bright and gifted scholars, and as many able and devoted teachers. Hood's Sarsaparilla is as found in this school; and to this is doubtless due the fact that this Sunday school has the lead in rendering the best programmes on Children's Days and other occasions. Another statement is worthy of remark, and that is, that it would be difficult to find another Sunday school of its size more generous in its contributions.

Meeker, there bereaved, be furnished with the services of our deceased comrade. It is resolved that a letter of respect for our deceased comrade be drafted in mourning for the course of thirty days, and a good attendance be secured in connection with the funeral and interment. **FOR KNIGHTS OF LABOR.**  
**Items of Industrial Importance Gleaned for the Masses.**  
—Mr. E. I. Seward says: "The total coal production in the world is put at 400,000,000 tons, of which Great Britain produces 90,000,000 tons, the United States 120,000,000 tons and Germany 75,000,000 tons. The production in the United States is divided between thirty-one States and Territories, the largest, of course, being Pennsylvania, which last year gave us 24,000,000 of anthracite and 20,000,000 of bituminous. In money value the output in the United States is safely \$500,000,000 in the markets here. This is greater than the value of the gold, silver, cotton and petroleum in our country."  
—The Journal of United Labor says: "The Order of Knights of Labor is extending into all countries of the earth. There is already one flourishing district assembly at work in England, and the General Executive Board last week granted a charter for another district assembly in the same country. Inquiries are being made from Ireland, Wales from all the chief trade centers, France, Germany and Belgium already have local assemblies, while Austria, South America and New Zealand are among the probabilities during the present summer season."  
—The new extension of the Lehigh and Lackawanna branch of the Jersey Central Railroad has been completed to Saylorsburg. It was intended to extend the road to Stroudsburg, but the land owners along the line of the contemplated road demand so much for the right of way that the scheme will be abandoned for the present.  
—It is rumored among railroaders that an agreement has been made between the Lehigh Valley and Central Railroad of New Jersey. The latter company is to send its coal over the Lehigh Valley to Perth Amboy, and the freight traffic of the Valley will be sent over the Central tracks from Philadelphia to Jersey City.  
—Laborers on the Allan Line docks at Montreal unloading coal struck last week for 30 cents an hour for night work and 25 cents for day work.  
—The Government of Chile has ordered six locomotives of home manufacture. They will cost each \$21,000 in gold, and will be like our engines.  
—No. 5 furnace of the Crane Iron Works, which has undergone very extensive repairs, is almost ready to apply the pencil.  
—About 100,000,000 lead-pencils are manufactured in the United States annually, one-fourth of which are exported.  
—An organization has been formed at Jackson, Mich., to boycott the sale of Chicago beef in that city and neighborhood.

SATURDAY, JULY 7, 1888.  
**Current Events Epitomized.**  
—Cherries—6 and 8 cents per quart.  
—We are now having fifteen hours of daylight.  
—The fourth of July was quietly observed here.  
—A reliable watchmaker, D. S. Beck, opposite the Public Square.  
—Go to Val Schwartz for all kinds of furniture. Prices very low.  
—Full line of Ingrain and Brussels carpets at V. Schwartz, on Bank Street. if a new time schedule went into effect on the Jersey Central Railroad last Monday.  
—Children's Day will be observed in the Normal Square Sabbath School on Sunday August 4th.  
—David Ebbert hires out fashionable rigs at very lowest prices. Dandy-looking horses, easy-riding carriages. Try 'em.  
—Before buying carpets go to Kemmer & Swartz's and see their large assortment. Prices beyond the reach of competition.  
—The Jr. O. U. A. M., and D. of L., will run an excursion to Luzerne Grove on the 15th instant. Fare for the round trip \$1.15.  
—Special Police Weiland is doing good work in keeping the street corners clear of loafers. We direct his attention to Bank and Iron streets.  
—Those who have had the pleasure of hearing the new editor of the Reformist church—Rev. A. Reber—discuss, speak of being much pleased with him.  
—Of late there has been some talk of raising contributions for the improvement of the old Garden Eden cemetery. Certainly, the idea is commendable and should be acted on at once.  
—The Lehigh Valley Temperance Camp Meeting at Island Grove, Pottsville, will begin on Monday, July 23, and end on July 27, and will be addressed by prominent temperance speakers.  
—Miss Mary Koons and William Ballay, of Audenried, were married on Saturday. The young couple were the recipients of many valuable and useful presents. They have the congratulations of many friends here.  
—Our County Seat Correspondence was read with much interest by our numerous readers last week. Candidly, it contained more direct local news than did the papers of that town. Cheapest, largest and best—the ADVOCATE.

—On Saturday, June 30, at the residence of Mr. Nathan Everett, Pine street, Lehighton, by Rev. J. H. Kuder, Mr. Tighman Serfass and Miss Frances Martell, both Lehigh Gap, were united in the holy bonds of wed-lock.  
—At last week's commencement of Ursinus College, the honorary degree of Master of Arts was conferred upon Prof. F. J. Stetler, Esq., Burgess, and President, and for the last fifteen years, principal of the public schools of Allentown.  
—J. J. Paetzels for many years a resident of this town, but lately with his son at Wilkesbarre, fell down a flight of stairs on Sunday evening last and broke his neck. His many friends here will no doubt be pained to learn of his sudden demise.  
—With the commencement of the new fiscal year, July 1st, the postal note and money order system were instituted at the postoffice here. Postmaster Smith is to be heartily commended for his efforts to accommodate the patrons of his office by this new addition.  
—A Cleveland and Thurman egg! What's the matter with it? Postmaster James P. Smith handed to an ADVOCATE man on Tuesday a hen's egg measuring 6 1/2 by 9 1/8 inches. This egg beats the record, and for genuine, all-wool Democracy there's nothing man about it.  
—The idea of erecting a church building at Jamestown meets with much public favor. There is no question but what our people would respond liberally to such a project. One gentleman has already signified his intention of heading a general subscription list with a \$50 contribution.  
—As you go fourth in the flower-strewn paths of life, basking in the genial sunshine, and breathing the air which God has so freely distributed to mankind, do not forget that you owe the printer for your paper, and that a prompt remittance would make him feel as happy as a fly in a molasses barrel.  
—This week the employees of the Lehigh State Foundry of town organized themselves into a branch of the Iron Moulders Union of North America, working under charter 235. They have a membership of thirty-eight. Corbett United workmen in all branches of industry means success to the cause of labor.  
—The Evening Herald, of Philadelphia, one of the leading Democratic dailies in the State, says: "Mr. George W. Mortimer, editor of the CARBON ADVOCATE, has entered the field of literature. His latest contribution is a well-written thesis on the 'Permanency of Democracy.'" The article is logically constructed and does credit to the author."  
—The Lehighton Base Ball Club has formally withdrawn from the Carbon county Base Ball League. This action is the result of undue imposition by the directors of the League. The facts as presented to us show conclusively that the home team is fully justified in taking the above course. The club here is without question, the strongest in the county and possibly in the Lehigh Valley. Consequently a number of good games can be looked for during the season; among these will be games with clubs of the Lehigh county League and any and all other amateur clubs.

—Pay your subscription.  
—John Klitler bought the hay in the Public Square for \$7.50.  
—Lehighton has more business places than any town of its size in the State.  
—Kemmer & Swartz have received an other large lot of bed room and parlor suits. Prices very low.  
—County Superintendent Snyder held teachers examination in the public school building on last Saturday. Many teachers were present.  
—Dr. J. W. Slagel, of Reading, a brother-in-law of Dr. Reber, of Bank street, died on Sunday. Deceased was much respected in the county where he resided. His funeral was held on Tuesday last at the residence of Mrs. H. M. Williams at Packerton.  
—The Mauch Chunk Times exhibited some more of its rare enterprise last week by publishing two original articles from the ADVOCATE without giving proper credit.  
—In the Evangelical church on last Sunday evening, Children's Day was observed with much appropriateness by the teachers and scholars of the Sunday school. The interior of the church was nicely decorated.  
—A large delegation of Stillington Lodge Independent Order Good Templars, visited the order here on last Friday evening. Before their return they were treated to an elegant repast prepared by the young ladies of the order.  
—A. A. Hatch, of East Weissport, is the agent for a very handsome, well-bound photograph album. One of the prettiest and most substantial that we have seen in some time. The price is only \$1.65. You want to get one.  
—The attention of the people of Summit Hill, Lansford and vicinity is directed to the fact that George F. Hinstinger, of the popular Switchback Restaurant, is authorized by us to receive subscriptions and money for the CARBON ADVOCATE.  
—The following is a list of officers of Lehigh Council, Jr. O. U. A. M., No. 101 for the ensuing term: Councilor, C. W. Trexler; V. Councilor, D. W. Nohsteln; Sec. Secretary, W. J. Heberling; Ass't. —The month of June was a prosperous one for the Improved Order of Red Men in Pennsylvania. Two new Tribes were instituted in Philadelphia, one at South Easton, one at Pen Argyl, and one at Carbonale. A council of Pocahontas was also instituted at Edwardsville, and one at Wilkesbarre, and a dispensation issued by Great Sachem T. D. Tanner, Easton, Pa. for a third council at Pittsburg. The membership of the Order in the State is now about 25,000. Four more Tribes and three councils of Pocahontas will be instituted this month.  
—The Hazleton Plain Speaker on Tuesday said: "This morning we publish the second article on political subjects from the able pen of our young friend Mr. George W. Mortimer, of Lehighton. It is with great pleasure we note that one of his years has an aptitude to intelligently discuss the political issues of the day. His example should be followed by all young men, no matter what their political affiliations may be. Careful study and original opinions are what make statesmen, and give ideas to the people who are always ready to accept information such as Mr. Mortimer imparts."  
**Lehighton vs. Summit Hill.**  
The Lehighton and Summit Hill base ball clubs crossed bats on the grounds of the latter club on July 4th. Over a thousand people were on the field and witnessed what proved to be the best all-around game of base ball played in Carbon county this year. Both clubs were in magnificent condition, and showed up well throughout the entire game. Lehighton took the first hitting when Albertight of Lehighton stole around the bags and marked one. The game at this period became exceedingly exciting. In the innings following both Sharp and Kennedy scored runs for Summit Hill. Meanwhile Buss made one three and one two bagger which put five more runs to our credit, Lehighton also scored runs in seventh and eighth innings and the game closed with a score of 9 to 2. The means here was on the field and escorted the victorious club with its officers to the picnic grounds where they were royally entertained by the general Manager Snyder and his nine.  
Lehighton fully appreciates all courtesies extended to them and return thanks. Al. Bartholomew umpired the game with much satisfaction, and Summit Hill voted him a jim-landy.

**Normal Institute Entertainment.**  
The Normal Institute held its closing exercises of the spring term on the school campus last Saturday evening. There was an attractive assemblage of almost five hundred people present. The orations and essays were delivered upon well chosen topics, and all of these productions were of a highly commendable character, showing careful preparation on the part of the students.  
The exercises of the evening were opened by prayer by Rev. J. H. Doremus, after which the following program was carried out: Essays: "The Study of Music," Emma E. Heilmitt; "Narrow-minded People," Edna M. Downs; "Kindness," Anna M. Kelsier; "The Art of Lifting Things," Minnie R. Moser; "Life's Sunshine," Mary A. Kistler. Orations: "Hecks and Ruins," Albert Ginder; "Henry Ward Beecher," C. F. Rich; "Nature," Maud Doremus; "The Duke," A. G. Musselman; Salutatory, Ida E. Zimmerman; Valedictory, Clement Kressley; Prophecy, D. M. Ballist; History, G. P. Freyman. Besides the above there were numerous declarations and dialogues. The number of students was forty. The exercises were interspersed with choice selections of music furnished for the occasion by Emma L. Seidle and the New Mahoning Cornet Band.  
Prof. Stoffel then made a short address as did also Rev. J. H. Doremus. The term just closed has been a very successful one. The full term of the school will open Monday, July 30th. The teachers will be J. J. Ballist and G. A. Dreihelms.

—Prof. Stetler, a Master of Arts.  
—We see from different exchanges that at the annual commencement of Ursinus College, on Thursday, old Lehigh was not forgotten. It gives us pleasure to note that our well known and veteran educator, Prof. F. J. Stetler, of Allentown, had conferred upon him the degree of Master of Arts. This is a graceful tribute to a zealous and successful instructor, and all will acknowledge the fact that the honor is well deserved. Of course the college did not confer this mark of distinction upon Prof. Stetler without very good reasons. The fact is some seven or eight of the scholars who attended the Allentown High School were students at the college. Their qualifications and general knowledge were so far in advance of most of the other students who entered the college that it was not apparent they had been in the hands of an inferior teacher of more than ordinary ability. Besides this, there is no doubt that the faculty heard something of the great services which Prof. Stetler rendered in Lehigh in the noble cause of popular education. We must admit, however, that this degree is very rarely conferred on teachers by our colleges, but it will admit that in this case the faculty acted wisely and well and the recipient is well worthy of the honor. We extend our hearty congratulations to Prof. Stetler, and have no doubt that he will wear his new and shining honors with dignity and pride at the same time, with meekness and becoming modesty.—Allentown Chronicle, June 30, 1884.  
**An Organization Effected.**  
The stockholders of the "Lehighton and Light Company" met in Gabler's Hall on Monday evening and effected a permanent organization. The following gentlemen were elected a board of directors with power to elect their officers and to proceed to obtain a charter: John Lentz, J. A. Ober, J. I. Gabel, William E. Ash, W. A. DeBramer, W. C. McCormick, B. J. Kantz, R. F. Hoffer, and Wm. Montz. On the Wednesday evening following the board of directors met and elected the following officers: President, John S. Lentz; vice president, R. F. Hoffer; secretary, Horace Heydt; treasurer, Thomas Kemerer. On motion it was resolved that an installment of 50 per cent. on the stock subscribed be collected to obtain the 10 per cent. on the capital stock required by law to obtain the charter. A committee was appointed to draft by-laws, and another is appointed busy on sinking the well.  
**Clerical Staff.**  
22 Florida St., ELIZABETH, N. J., March 17, 1884.  
I have been using Alcock's Porous Plaster for the last five years. Some two years ago, after having been sick for upwards of six months with malaria, I found myself with an enlarged spleen, dyspeptic, and constantly troubled with a headache, and my kidneys did not act very well either. Having spent most of my money for medicine and medical advice, I thought to save expense I would use Alcock's Porous Plaster, two on the small of my back, one on the spleen or ague cake, and one on the pit of the stomach, just under the breastbone. I continued using the Plaster about thirty days, changing it every week. At the end of that time I was perfectly well, and have remained so ever since.—GEORGE DIXON.

**Children's Day in the M. E. Church.**  
Children's Day is a modern institution. It seems to have originated in the M. E. Church, and to this progressive church is due the honor of this glorious day now observed in almost all Protestant churches. On Sabbath evening last the M. E. Church of this place observed the day, a large audience was present and the programme under Mr. F. P. Lentz, the superintendent was excellent, and very highly appreciated by the audience. It would be difficult to find a Sunday school not larger than the Methodist school, having as many bright and gifted scholars, and as many able and devoted teachers. Hood's Sarsaparilla is as found in this school; and to this is doubtless due the fact that this Sunday school has the lead in rendering the best programmes on Children's Days and other occasions. Another statement is worthy of remark, and that is, that it would be difficult to find another Sunday school of its size more generous in its contributions.

**CHILDREN'S DAY IN THE M. E. CHURCH.**  
Children's Day has become a notable event in all of the M. E. churches of this country, and is looked forward to with delight by the children of all ages (from 3 to 60) belonging to the Sabbath schools. The collection of funds for the education of poor, but intelligent, young people of both sexes for work in the pulpit and missionary field was the motive that prompted its inception. This is why, and is a popular movement, is at least, being widely adopted, and introduced into other churches and denominations, and the collection of almost \$35,000 on the M. E. churches alone last year. On last Sunday this service was held in the M. E. church in this place. In the morning an excellent sermon, appropriate to the occasion, was preached by the pastor, Rev. Wm. Major. He used for the text of his discourse the beautiful words of Jesus found in the 8th chapter of Matthew and the 28th verse which reads as follows: "Behold the fowls of the air: for they sow not, neither do they reap, nor gather into barns; yet your heavenly Father feedeth them. Are ye not much better than they?" For the evening services a programme had been prepared by the committee on exercises, which, as usual, was replete with excellent selections of songs, prose and poetry—the children acquitting themselves with credit and to the great delight and satisfaction of a large and appreciative congregation. The choir, assisted by Miss Lulu Zehner, who in the absence of Mrs. J. M. Roberts, presided at the organ, no doubt lent libid inspiration from the children, and rendered several beautiful and thrilling anthems with more than their accustomed brilliancy. To enumerate the many and varied recitations, dialogues, songs, &c., rendered by the children in the most satisfactory manner—in a number of instances displaying a knowledge of oratory not often seen or heard, would occupy too much of your space, suffice it to say that all acquitted themselves in a manner highly creditable to themselves, and complimentary to the ladies who drilled them. The floral display, decorations, &c., were gorgeous in their beauty and fragrance, and contributed largely to the enjoyment of the occasion; conspicuous among these was a cross of daisies resting against a background of creeping vines. Those who attended the service of the M. E. church will remember the thanks of the congregation. The pastor and superintendent of the Sabbath school are gratified for the assistance rendered, and would thus publicly thank all who contributed to make the event one never to be caressed from the
