  The "Slatington News" speaking of the newly elected Principal of our schools, says: Prof. Stettler has been in our midst many years and besides conducting our schools in an able and satisfactory manner, he has held several positions of high trust in municipal affairs, which he filled with credit and honor, both to himself and constituents. The acceptance of his resignation by our Board will be a source of much regret to our citizens, whom he served faithfully in the capacity of Principal of our public schools. He is an able instructor and through his unremitting efforts the standard of our schools have been advanced to the bighest notch. We have no hesitancy in saying that our Board will experience considerable difficulty in securing his equal. It was only recently that the honorary degree of master of arts was conferred on him by Ursinas College, which is a mark of high distinction. He is a citizen of worth, and Lehighton is to be congratuited in having secured him as their Principal. In leaving he carries from this place the midway and the market of the community; the kind
