SATURDAY, SEPTEMBER 15, 1888. ENTERED AT THE LEHIGHTON POST-OFFICE AS SECOND CLASS MAIL MATTER.

NOTICE. MAUCH CHUNK, Sept. 5, 1888. The Republican County Convention of Carbon County will be held at the Court House, Mauch Chunk, on Monday, Sept. 17, 1888, at 11 o'clock a. m., for the purposs of nominating 3 Congressional Conferees, and candidates for Assembly, Associate Judge, Prothonotary, Sheriff, Coroner, and Jury Commissioner. The delegate elections will be held in the various districts on Saturday, Sept. 15th from 5 to JAMES KEIFER, Chairman.

ANY CONSIDERATION FOR A CHANGE OF rules to govern Democratic nominations in Carbon county was out of the question at the Democratic convention on Monday. Hon. Michael Cassidy's resolution to leave the matter of adopting the Crawford county System of rules and regulations governing nominations of candidates to a vote of sted and defeated by amendments, amendments to the amendments and substitutions until the sense and spirit of the resolution proper was chaos to the great mass of delegates. It is this manipulation of affairs that the ADVOCATE wants to see done away with by the adoption of the Crawford county System, or we are generous enough to endorse any other system that does away with the present system of delegate nominations, whereby the will and power of only a few are repre sented against the honest sentiment of the many. The present system is not Democratic, it is not honest to the great mass of Democratic voters, for while it represents the sentiment or will of the bosses it prevents the nomination of men who oftimes are the people's choice but are not in ac cord with the bosses. There can be no denying this. Here at home delegates are elected and instructed to yote for this or that candidate to the exclusion of some other aspirant for office who may be just as intelligent and capable, just as worthy of favors from the party as is the first man, but because he fails to represent or voice the same opinions on matters, perhaps, as does the bosses, he must not be nominated. As it is here, unfortunately so it is in almost, if not all the borough and township election districts in the county. Is it right, is it just to the great mass of Democratic yoters that this delegate juggling should go on? If it is just, then the ADVOCATE is willing to submit to it, but with a knowledge of the corruption, and prostitution o the will of the people in mind it emphatically denounces the present delegate sys tem, as frequently carried on, to be unjus and against the better sentiment of the Democratic party and the voters as a whole. The question of changing the rules governing Democratic nominating conventions in Carbon county is not dead. It is a live issue, one that demands and secures the attention of voters all over the county. It will assume greater proportions when the yoters once thoroughly understand what the Crawford county System means. Political juggling must be stopped, and it will be stopped eventually by honest purpose overcoming the bosses.
