"I was afflicted some three years with scalp disease. My hair was falling out and what remained turned gray. I was induced to try Ayer's Hair Vigor, and in a few weeks the disease in my scalp disappeared and my hair resumed its original color."—(Rev.) S. S. Sims, Pastor U. B. Church, St. Bernice, Ind.

"A few years ago I suffered the entire
loss of my hair from the effects of tetter.
I hoped that after a time nature would
repair the loss, but I waited in vain.
Many remedies were suggested, none,

Neat and Cheap at this

A German gentleman, on his first visit to Paris, at once telegraphed to his wife to inform her that he had arrived safely, and had put up at such-and-such an hotel In the evening he went for a stroll, and afterward visited a theater. At the conclusion of the performance he started off to his lodgings, but could not find the way, and had actually forgotten both the name of the street and the hotel. In his dilemma he made his way to the nearest telegraph office, and sent his wife the following message: "Wire at once the name of my hotel." The ladies astonish-

The largest boy in America is said to be Master Melbourne Grubb of Wytheville, Penn. He measures 47 inches around the waist, 44 around the chest, 24 around the thigh, and 13 around the muscle of the arm. He is five feet two inches high, weighs 210 pounds and is ten years old.

Just what punishment ought to be given to Lawerence Russell of Springfield, Mo., is a question. He has been arrested for shutting up his ten-year-old boy in a box four feet high and making him stand bent over in it for five hours; also for tying the boy to a plank and smearing molasses over his face so as to attract flies
