Current Events Epitomized

Times have greatly changed within the past twenty years. Few persons now think of making a purchase, however small, without first glancing over a newspaper to see where bargains are advertised.

A great many remedies are advertised to bring before the public, who decide whether in the article is good or bad.

Laxador is the sovereign remedy for dyspepsia and all digestive disorders. Price 25 cents a package. For sale by all druggists.

The last sad rites were performed over the remains of Miss Ida L. Leuckel, on Sunday afternoon by the Rev. Wm. Major, of the M. E. church.

Everybody should be interested in the new bridge project at this point. A petition should be put in circulation calling for the erection of the same, and when liberally signed by our taxpayers should be handed to the County Commissioners.

—Engineers on the Central railroad have been provided with printed slips upon which they are required to enter the time, place, cause and duration of every stop. The engineers are satisfied with the plan because it will place the responsibility for delay where it belongs and give them a chance to show that delays are often caused by the engine.

—Constantine George K. Williams was brought home sick from Pottsville on Monday night, where he had been for the past week or more attending court in the Hungarian Laranski murder trial.

The case came off before Justice Boyce, and in default of bail Bollish and Bolling were incarcerated in the county dungeon. Levan lies at his home in Weissport "all broke up."

—Everybody is talking politics here since the election, and predictions of what is to come in the Associate Judge line may not prove uninteresting. It is remarked that James Malloy, of Lansford, will make an effort to secure the nomination, but his heavy work will be offset by our townsmen E. R. Emboldy—a staunch Democrat, a live, energetic and intelligent man. Mr. Emboldy will be the candidate of the people; he is a close personal friend of T. V. Powderly and is thoroughly acquainted in the county. It is too early to indulge in foolish prophecies but the horse race shows him giving Jimmy a tussle in the race for that office.

—Joseph Nonnenmacher, of Allentown, formerly of Manch Chunk, an old gentleman of about sixty years, met with a fatal accident at Coopers one day last week, while working at his trade as a bricklayer. He was employed on a high scaffold, which gave way, throwing him to the ground with terrific force. He received injuries from which he died in a very short space of time. Deceased was a very much respected old gentleman, and had a large circle of intimate friends, who will be grieved to hear of his sad demise. He was the father of A. W. Nonnenmacher, general ticket agent, and Harry Nonnenmacher, general supply agent of the Lehigh Valley railroad company.

—The venerable George Carroll is very ill, his recovery not possible, loving hearts and willing hands comfort him as he nears the border land.
