eye glasses on your nose. Consequently uoses must be intended to support eyglasses.

Consumption Surely Cured. TO THE EDITOR-Please inform your reacreate that I have a positive remeay for the above name disease. By its timely us thousands of hopeless cases have been per-manently cured. I shall be glad to sen

we bottles of my rangely free to any o your readers who have consumption if they will send me their express and postoffic address. Respectfully, T. A. Slocum, M. D. 181 Pearl st., New York. -A suburban poet has discovered that the law of sequence in courtship is, to ge on good terms with the girl, second with

the dog, and third, with the parents. A Family Blessing.

What Was It? Bacon or Shakespear The authorship of the dramatic produ ions attributed to the last of the above named is agitating literary circles to the very center but effects the practical masses far less than the momentous question, how to regain or preserve health, that essential of bodily and mental activity, business success and the "pursuit of happiness." We can throw far more light on this latter appiert than the most proclamb -ubject than the most profound. Shakespearian can on the question first propounded. If the s stem is depleted, the propounded. If the s stem is depleted, the perver shaky; if indigestion or constipution bothers one at times, or constantly; if the skin is yellow and tongue furred as it oilifonsness; if there are prenonitory winges of oncoming theumatism or neu-algis; if the kidneys are inactive-use floatenter's Stomach Bitters, the finest re-uperant of an age prolific in beneficial ano successful remedies. Remember, if unlaria hreatens or afflicts, that it neutralizes the polson and fortifies the a stem.

Chickens and Ducks. Nothing will enlarge the capacity deken quicker than a varied bill of fa and a good supply of green food, :hickens in confinement, onion tops specially acceptable, and the tops are ellahed more than are the bulbs themselves Seet and turnip tops will be greedily de-

voured. That they may not be waisted, ay them with the tops all one way and wight them down with a stone. Bran and borts, wheat and oats, table-scraps and neat, with a very little corn, a few sur wheat, make an irresistible combination that will make a chicken thrive and grow n apite of itself.

To make pullets trot along toward naturity with a wonderfully accelerated ace, give them every morning a warm eed of bran and shorts and ground oate nixed with milk, or meat stock in which is little sait. At noon give a feed of meat. and at night all the wheat they will eat and

little left to scratch for the next day. In ddition to this provide green food, crushed ones and pure water, and give each day ne heavy feed of broken dishes; they will e eaten with avidity.

Feeding pepper of en to fowls as a regu ar appetizer is a bad practice. Although very little will do no harm, yet the conmed use of the condiment is hable ause liver complaint. Warm feed tend have the same stimulating effect with ut possessing the injurious qualities of the avenne.

ane only way to make a chicken-house is build it with a board floor. Where the oppings nightly fall on the ground the oil will become foul and damp, even 'f i e cleaned out every day of the year. The

dors that then arise are unwholesome in the extreme, will cause roup, and in fact carly all the ills that poultry flesh is held The board floor should then be key overed with two or three inches of dr. oil, which should be repeatedly re

lewed. The only way to make roosts is to make hem on a moyable frame, that may be aken out of doors, there to be scalded with boiling hot water in which is a little

rude carboile acid. Make the roosts all on a level and not more than two feet and the bumble foot. Ducks and chickens should never be kept

on the same place unless they can be senar-

at the lowest prices. You are bound to be pleased.
