Salt Rheum

The agonies of those who suffer from sever salt rheum are indescribable. The cleansing healing, purifying influences of Hood's Sarsa parilla are unequalled by any other medicine.
"I take pleasure in recommending Hood's Saresparilla, for it has done wonders for me. I had salt rheum very severely, affecting me over nearly my entire body. Only those who have suffered from this discuse in its worst form can imagine the extent of my affliction. I tried many medicines, but failed to receive benefit until I took Hood's Sarsaparilla.

Then the disease began to subside, the Agonizing Itch and Pain disappeared, and now I am entirely free from the disease. My blood seems to be thoroughly purified, and my general health is greatly benefited." LYMAN ALLEN, Sexton M. E. Church, North Chicago, Ill.
"My son had salt rheum on his hands and Larador always cures fever and ague, dumb ague, etc., and costs only 25 cents a the calves of his legs, so had that they would erack open and bleed. He took Hood's Sar-

ackage.

HAPPED hands result from two causes. Too much alkali in the osoap, which draws the natural oil from the skin, leaving it harsh, dry, and liable to crack, or the fats, from which the soap is made, are not properly combined with the alkali, so, from its greasy nature, t is impossible to rinse off the soap after washing. Prof. Leeds, Ph. D., Stevens Institution of Technology, says: "The IVORY SOAP, while strongly cleansing, leaves the skin soft and pleasant to the touch, instead of harsh, uncomfortable, and liable to chap.'

they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

There are many white soaps, each represented to be "just as good as the 'Ivory';"
