A Column for Farmers.

The New Discovery.

You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. If you have ever tried it, you are one of its staunch friends, because the wonderful thing about it is, that when once given a trial, Dr. King's New Discovery ever after holds a place in the home. If you have never used it and should be afflicted with a cough, cold or any throat, lung or chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time, or money refunded. Trial bottles free at T. D. Thomas' drug store.

Farm and Garden Notes.

—Scrub oak ought to be utilized in the manufacture of brushes and brooms.

—One of the best absorbents of animal odors around the stable is dry dirt. Keep a supply on hand under cover ready for use when needed.

—Corn fodder cut fine, moistened and sprinkled with corn meal or bran, is eaten up clean, and will double the feeding capacity of your farm.

—A nice lawn can be secured by keeping clear during the summer and fall, and then getting in a good condition and sowing the seed early in the spring.

—Onions flourish on the same soil for many years with no rotation, until the "smut" gets in. Anything will do well on the soil after them.

—If there be any place in the garden where the soil is poor and in which nothing seems to thrive, Floral Home says, plant it out thickly with petunia. These will thrive through any drought and produce an endless supply of beautiful flowers through out the season.

—Plants sometimes need a variety of food as animals. Variety gives them all that may be needed. A plant will not thrive if given an excess of one kind of food and stinted in another. In applying fertilizers the object should be to use substances that are lacking, to a certain extent in the soil.

—It is useless to try to get good flowers from bulbs in winter unless you give them a chance to get a good start at the roots before the top begins to grow. If potted and placed immediately in the window the action of light and heat will induce the top to start at the same time the roots are forming, and the result will be a weak and unhealthy growth.

—In cooking oatmeal or cracked wheat, if the meal is put into a double boiler and salt added to the water in the outer receptacle the food will be very much improved in taste, the reason being undoubtedly because the meal is better cooked by this process. As the salted water does not boil at so low a temperature as unsalted, therefore the meal is subjected to a greater heat and is proportionately better cooked and is much improved thereby.

A Terrible Misfortune.

It is a calamity of the direst kind to feel that one's physical energies are failing in the prime of life—to feel more nerveless, more dispirited, weaker ever day. Yet this is the unhappy lot of hundreds who surround us. A source of renewed strength, which science approves, in behalf of which multitudes of the debilitated have and are every day testifying, and which, in countless instances, has built up constitutions sapped by weakness and infirmity and long unbenefited by other means, surely commends itself to all who need a tonic. Hostetter's Stomach Bitters is such a medicine—pure, botanic, soothing to the nerves, promotive of digestion and a fertilizer of the blood. Dyspepsia and nervousness—the first a cause, the second a consequence of lack of stamina—depart when a course of the Bitters is tried. All forms of malarial disease, rheumatism, kidney and bladder trouble, constipation and biliousness are annihilated by this standard family medicine.

—An important discovery has been made by a gardener who claims that the elder is not attacked by any kind of insect, and that when he covered the cabbage, squash, cucumbers and other plants with the leaves of the common elder bush the insects kept away. He reports that a neighbor kept the curculio from plum trees by placing branches of elder through them. If this scheme proves successful with others it will save a large loss annually.

Rust in Wheat.

Prof. J. Hoyes Panton, of the Guelph (Ont.) Agricultural College, who has investigated the causes of rust in wheat and other grains makes the following remarks:

1. Seasons are the chief cause of rust; sudden changes of temperature and rain, accompanied with close, still weather are favorable to its increase.

2. Low lying, rich soils are most subject to attack.

3. An excessive use of manures, rich in nitrogen, encourage the disease.

4. Late sown grain is most subject to attack.

5. Thinly sown crops seem most liable to injury.

6. Red wheats are less affected than white varieties.

7. Rust is more common in the vicinity of barberry hedges than at a distance.

To lessen the attacks of this troublesome parasite farmers should avoid, as far as possible, the conditions referred to above, which seem favorable to its propagation. By so doing they are following in the line of practical and theoretical teaching and may expect favorable results.

—Tramp—'Can you give me some work, sir?' Farmer—'I guess so. What kind of work do you want?' Tramp—'Work for my jaws.' Farmer—'All right; come in and talk with my wife. If she can't keep you busy I'll eat my boots!'

—Ethel (to her betrothed)—'Do learn to skate, George. I'm sure you would look lovely on ice.' George (a young and rising undertaker)—'Look lovely on ice, would I? Thank you. No hurry about it!'

—Anxious wife—'John, you promised me last winter you would turn over a new leaf and join the church this year. When do you mean to do it?' Husband (in the midst of the wholesale fruit business)—'Great Scott, Maria! Don't you know better than to spring that promise on me in the middle of the apple packing season?'

—Chance is a word void of sense.

—Nothing can exist without a cause.

RHEUMATISM AND NEURALGIA

These twin diseases cause untold suffering. Doctors admit that they are difficult to cure—so do their patients. Paine's Celery Compound has permanently cured the worst cases of rheumatism and neuralgia—so say those who have used it.

"Having been troubled with rheumatism at the knee and foot for five years, I was almost unable to get around, and was very often confined to my bed for weeks at a time. I used only one bottle of Paine's Celery Compound, and was perfectly cured. I can now jump around, and feel as lively as a boy." FRANK CAROLL, Eureka, Nevada.

$1.00. Six for $5.00. Druggists. Mammoth testimonial paper free.

WELLS, RICHARDSON & CO., Props., Burlington, Vt.

"Paine's Celery Compound has been a God-send to me. For the past two years I have suffered with neuralgia of the heart, doctor after doctor failing to cure me. I have now taken nearly four bottles of the Compound, and am free from the complaint. I feel very grateful to you." CHAS. H. LEWIS, Central Village, Ct.

Paine's Celery Compound

"I have been greatly afflicted with acute rheumatism, and could find no relief until I used Paine's Celery Compound. After using six bottles of this medicine I am now cured of rheumatic troubles." SAMUEL HUTCHINSON, Sr., Cornish, N. H.

Effects Lasting Cures.

Paine's Celery Compound has performed many other cures as marvelous as these,—copies of letters sent to any address. Pleasant to take, does not disturb, but aids digestion, and entirely vegetable; a child can take it. What's the use of suffering longer with rheumatism or neuralgia?

Successful Treatment of Disease

A SCIENTIFIC DISCOVERY!

MICROBES the Cause of all Diseases.

MICROBE KILLER Kills the Microbes.

Successful Treatment.

CURES: Catarrh, Bronchitis, Consumption, Malaria, Rheumatism.

Wonderful Tonic and Blood Purifier.

The efficacy of the Microbe Killer in cases of consumption has been so effectually demonstrated that we are justified in claiming for it curative powers beyond those of any medicine known. We do not claim for it miraculous power in curing cases so far gone that cure is impossible, but we do claim that it will cure any case where the lungs are not more than half gone. Persons with poor appetite, weak and debilitated, will find it the best tonic. Every one should use it, particularly those who have suffered for years with incurable chronic diseases. Microbes, or germs, are causes of disease. The medicine that will kill the germs and at the same time cure the patient is the one to use.

Sold only in one gallon stone jugs. Price $3.00, sufficient to last about one month. Cheap; within the reach of all. Physician of 17 years experience in charge of the office. Send for circular and information.
