The fact is, the price is lower than for ordinary soaps, quality considered, for in the "Ivory" no "cheapeners" or "makeweights" are used, so the buyer gets all "true soap" for her money. Its harmlessness, durability and efficiency admit of its being used for all purposes with equal satisfaction and economy in the families of the rich or poor.

There are many white soaps, each represented to be "just as good as the 'Ivory';" they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.
