ELECTION DAY.

Republicans have no candidate for Distric Attorney, hence Joseph Fisher, the Demo cratic candidate, cannot fail of election Samuel B. Price, Dem., as against John Wear, Rep., will no doubt outron the latter for Associate Judge by a large majority, as he is well and favorably known throughout the county as an honest and consistant gentleman. But the tickets are at the head of the column. Read them carefully. You pay the piper, so take your choice!

"WHILE traveling in Germany and Bayaria during the past summer I was much interested in watching the people drink beer," said Ralph L. Shainwald of New York city. "In Bayaria there was a keg of beer on the plasform of every station. When the train stopped there was a grand rush to get at the ker. Each man carried his own glass. After drinking all he could before the train started the beer drinker filled his glass to the brim and carried it into the car. After the glass was emptied it was set upon the window sill of the car. All along the whole length of the train on both sides these glasses sat on the window sills, silent mementoes of the bibulou tastes of the passengers on the train. At one station I saw the train delayed for five minutes because the keg was empty. A full one had to be procured before the passengers would resume their seats in the coaches." Mr. Shainwald said that each glass contained a pint and that the cost was about the equivalent of two cents. As an example of German beer capacity in Munich, Mr. Shainwald said the beer was served in glasses nearly one foot tall and containing nearly one quart. An American friend of the traveler tackled one of these glasses and managed to stow it away after half an hour's hard work. A corpulent German sitting near showed his contempt for this feat by pointing to the half empty glass in front of him and exclaiming: "Das4st mein acht und awanzigter (28th)
