## HEADACHE TROCHES

SICK HEADACHE

NERVOUS, BILLIOUS, OR CONGESTIVE FORMS

This Remedy is the prescription of one of the leading physicians of Paris, France and wasuserby him with unparalisted success for over thirty years, and was first given to the Public as a proprietary medicine in 1878, and since that time it has found its way to almost every country on the face of the globe, and become a favorite remedy with shousands of the leading physicians. Medical societies have discussed its maryelous success at their annual conventions, and after their official chemists have analyzed it and found that it contained no opiates, bromides, or other harmful ingredients, quietly pheed it among their standard remedies.

TESTIMONAL.

L. R. BROWN, M. D.

23 West Jersey St.,

ELINABETH, N. J., June 28, 1889

This is to captify that I have used for some menths with much estisfaction, the combination sion, as being free from all injurious material; no grit, cleaning the feeth perfectly such as effect Nervous Women than snything I am acquainted with, and if the captificate will be the means of bringing it to a favorable attention of sufferers from that wable, I shall feel that I have done them a service.

L. R. BROWN, M. D.

We can thoroughly recommend Ideal Tooth Powder to our readers. We find it highly endorsed by the Dental profession, as being free from all injurious material; no grit, cleaning the feeth perfectly, imparting a pleasant, refreshing condition to the mouth. Has received four medials, the highest each time. We advise our readers to read the advertisement elsewhere in this issue, and give its L. R. BROWN, M. D. 23 West Jersey St., ELIZABETH, N. J., June 28, 1889

PRICE, 25 CENTS. Sold by all Druggists, or sent by Mail on receipt of Price,

STORIES ABOUT ANIMALS.

A dog in West Cardiner, Me., earns enough money to pay his tax, doing a big churning each week.

A calf was recently caught on the cow catcher of a locomotive on a Georgia railroad, near Gohutta, and carried nine they follow you?" "They couldn't: they miles. When discovered the young bowere in a cage at the Jardin des Plantes."

—Montreal Star. apparently enjoying the ride. It was uninjured, and when released trotted off as if nothing had happened.

While passing through his farm David Hembree, of Milton, Ga., saw a king snake swallow a rattlesnake's pilot When he found them the king snake had killed the pilot and swallowed about half of it head first. Mr. Hembree stood by and saw the job completed, which took about twenty minutes. The king snake was three and a half feet long and the pilot two feet. He did not kill the king snake, knowing it was not poisonous and was the enemy of all poison snakes.

The phoenix, the fabulous bird of anquity, in form is described as somewhat resembling the eagle. It was said to live 500 years in the wilderness, and then to return to Egypt, where, having built itself a nest, or funeral pile of wood and aromatic gums, and lighting it by the fauning of its wings, it was consumed to ashes, out of which rose a new phoenix.

CRISP CONDENSATIONS.

Twenty-four thousand six hundred and thirty pilgrims visited the waters of Lourdes, in France, during the month of The Pekin Gazette asserts that 1,900 of

s editors have been beheaded. The ournal in question claims to have been n existence for 1,000 years. Purchasers of old silver in London are

ery much disgusted at learning that they have been buying largely modern vare made after antique patterns. A bed of silica has been found near Beddington, Me., and a company has been formed to work it. The only other

known deposit of silica is in Germany. The owner of the ostrich farm in Lower California paid \$1,000 each for his birds. and he has quite a number of them. Twice a year their feathers are plucked and each plucking is worth \$300. A magnificent English tree, known as

the "Winfarthing oak," which measured 38 feet 7 inches in girth in 1744, has just been remeasured and found to have grown just 17 inches in the interval—130 The prizes in the Paris exhibition lot

tery amount to 200,000 francs. Thou sands of these tickets have been sold in the Eiffel tower by the employes there, each ticket being stamped with the date The vein of ore in the Treadwell mine

Alaska, is 464 feet wide, and extends along the mountain three-quarters of a mile. The mine produces \$100,000 in gold bullion monthly, about 40 per cent. of which is profit. It is reported that in recent experi-

ments with smokeless powder in the new British magazine rifle the soft bullet is frequently broken up. The result of using hardened bullets has been to injure the barrel, especially in rapid firing. W. W. Davis, of Richmond, Va., own a Cremona violin which was made in 1651 and was brought to America by

Robert Bolling, the husband of Jane Rolfe, the granddaughter of Pocahontas, who was the daughter of King Powhat-A stone has been discovered in Japan which has remarkable qualities as a ce-

ment material, and can be worked up for a much less price than the imported article costs. The cement will bear s weight of 400 to 500 pounds per square
