## THE SUN.

Some people agree with THE SUN'S opinions about men and things, and some people don't; but everybody likes to get hold of the newspaper which is never dull and never afraid to speak

Democrats know that for twenty years Tun SUN has fought in the front line for Democratic princi les, never wavering or weakening in its loyalty to the true int rosts of the party it servewith fearless intelligence and diamterested vig-or. At times opinions have differed as to the best means of accomplishing the common purpose; it is not Tue Sun's fault if it has seen further into the millstone

E ghteen hundred and ninety is the year that will probably determine the result of the Prosi-dential election of 1822, and perhaps the fortunes of the Democracy for the rest of the century. Victory in 1892 is a duty, and the beginning of 1800 is the best time to start out in company with THE SUN.
