Nature in Convulsion

Is terrific. Volcanie erupitens, cyclones, earthquakes are awinity and fromendously picturesqua, but scarcely destrable to emulate in action and effect by the administration of remedies which predice convulsion and agony in the almormal portion of the human frame. Such let the effect of the old fashioned violent purgatives happily falling more and more into disuse, and of which Hostetic's Stomach Bitters is the wiolescene, pleasant and far more effective succedancem. They weakened the intestines—the Bitters invigorates them. They left the awels inactive, because incapacitated by coaning feeblances. The Bitters, on the contrary, and because itenshies, not forces, them to act—a vast, and fortunate difference—perpotuates their activity and regularity. The liver is beneficially slimulated, as the kidneys also are, by this medicine, which easily conquers, also, malaria, nervousness and rheumatism. Nature in Convulsion

INVENTIONS THAT SHOW AMAZING RESULTS OF GENIUS.

A Vists to a Chicago Factory-The Most Intricate and Delicate Bits of Embroldery, Made a Few Years Ago Only by Hand,

from Paris and Berlin," said Mr. Alex-ander, of the Chicago Braiding company, "but they are now all made right here. To show you the difference between then

work. There are some ten different onsly the machine sews these figures on to the layer of cloth underneath-the upper layer being generally of medium thickness, while the lower one is cloth of the thickest, warmest and most expen-sive kind, such as is suitable for a lady's

work as durable as it is possible to have it.
"The effect thus obtained—artistic arapesques, beautifully curving lines, form- amples could be multiplied. ing an intricate yet pleasing pattern, lying on the cloth underneath is very pretty indeed. Generally two cloths of shades differing so much as to form a ing to be manufactured in England on fine contrast are chosen. The delicate mechanism of this machine is especially noticeable in the cutting out of the upper layer of cloth. For while the whole promust be so nicely adjusted that it will of the Fig Island passage, on the night cut exactly through the thickness of the upper cloth and not the hundredth part of an inch deeper, or the whole material This was afterwards contradicted by a

dead loss." MANY WONDERFUL MECHANISMS. 'Wonderful!" said the reporter.

"Yes," remarked Mr. Alexander, while a gratified smile spread over his face, "this is the only machine of its kind in

is proved by the following testimony from Mrs. Joseph Lake, of Brockway Centre, Mich.:—

"Liver complaint and indigestion made my life a burden and came near ending my existence. For more than four years I suffered untold agony, was reduced almost to a skeleton, and hardly had strength to drag myself about. All kinds of food distressed me, and only the most delicate could be digested at all. Within the time mentioned several physicians treated me without giving relief. Nothing that I took seemed to do any permanent good until I commenced the use of Ayer's Sarsaparilla, which has produced wonderful resuits. Soon after commencing to take the Sarsaparilla I could see an improvement in my condition. My appetite began to return and with it came the ability to digest all the food taken, my strength improvement and the seemeth of the strength improvement and the seemeth of the second of the s the so called "three speed" machine.

Two threads of worsted and one thread of silk cording are manipulated by this machine in such a manner as to lay down couch or divan, or in a chair at table, or effect thus produced is that of very thick silk braid, the whole being more durable than silk throughout, yet much to sunstroke or fever, or any other of the

and with it came the ability to digest all the food taken, my strength im-proved each day, and after a faw months of faithful attention to your directions, I found myself a well woman, able to attend to all household duties. The medicine has given me a new lease of life." Ayer's Sarsaparilla, beam" and "rainbow" work, embroidering the shades, which are gradually oned down; of the cornelly machine, which does the cording, and still more so of the soutache machine, which does the simplest and yet one of the most ef-

fective styles of embroidery.

It is the latter sort of work, what ladies call soutache, of which State street is full on any crowded afternoon. Kearly within the reach of all. And as there is and gentlemen from various parts of the a great variety in the style of work done country were present.—London Tit-Bits. by these different machines, so there is the material with which they work. There is silk braid of every imaginable hue and thickness; there is colored spool silk of a hundred shades; there is gold thread and silver thread and bronze thread, of which a great deal is especially used for what is known as "arrasene" work, i. e., embroidered flowers, leaves, vines and fruits on tables and other cov-

\$104.80 refunded. Rules for Amateur Photographers.

There is a great deal said about the amateur photographer that might just so well have been left ursaid. Those who never were amateur photographers ion't realize that there is anything to it BRONCHITIS but pull the string and press the button.

They don't know how it feels to sneak through the streets with a camera under the camera under the company that the camera under the company that the camera that t CURES Wasting Diseases ne arm and encounter the suspicious gaze of every man, woman and child who knows that such a thing as photography exists. There isn't anybody who gets within sight of an instantaneous machine who doesn't promptly reach the conclusion that he is to be made the viorim of a photographic conspiracy. Sometimes this self relected victim will proved as follow: Take equal parts of burnt umber and finely ground purples atone, and mix then Wonderful Flesh Producer, Many have gained one pound victim of a photographic conspiracy. Sometimes this self relected victim will Sometimes this self relected victim will stand around in an effort to look pretty and make it as pleasant for the picture taker as possible, and sometimes he will issue a peremptory-challenge to mostal combat. You can never tell. And after the photograph is obtained it is as likely as not that the houses will look like Chinese pagedas in a horrible whirl of dissipation, while the pictures of your finents make you sorry that they aren't not be filled or offed.—Montreal Star, phites and pure Norwegian Cod Liver Oil, the potency of both being largely increased. It is used BOOTT & BOWNE, Chemists, N.Y. RAZER GREASE that go with amateur phiotography, but the only true, reliable way to deel with a camera is to take it out somewhere and carefully break it.—Washington Post.

A Michigan mathematician calculates that 77,600,000 people in the United States have had the grip;

Every day we see playing around the ship and skimming up and slown the wave hollows companies of lovely little terms and son awallows, the latter no larger than thrushes. Then larger than thrushes. These fearless people of the air have not by any means followed us from the land, living, as gulls often will, on the waste thrown from the vessel. They are vague and casual roamers of the ocean, who, apy-

Yonder tiny bird, with purple and green plumage, his little breast and neck laced with sliver, is distant 1,000 miles the silk embroidery on a lady's jacket water, and yet cares no more for that alone used to cost about \$18 to \$25, now fact than did the Irish squire who tis made for \$8. A fine embroidered silk "lived twelve miles from a lemon." If obe, such as now can be turned out here his wings ever grow weary it is but to for \$40 or \$50, used to require an outlay settle quietly on the bosom of a great of \$150 to \$200. With that it had to be billow and suffer it for a time to rock Take another line of goods, such as embroidered table covers, scarfs, tidies, pillow shams, etc. They're all done by machinery now. All those delicately twisted flowers, those roses and vines and clusters of grapes and pearl blossoms and sunflowers and pansies—they're all wrought into the cloth by machinery.

A DESCRIPTION OF THE WORK. chines—apparently endowed with more bound, it may be, homeward for some than ordinary human intelligence—at island or marsh of the far away Irish

kinds of machines kept in operation in the establishment. The most curious of our untiring engine, which all day and all is a machine whose special domain is all night throis and pants and pulses in the so called 'applique' work. It performs three tasks at one and the same
time. When properly adjusted a tiny
knife cuts out, according to the pretty
design intended, the figures from the
upper layer of cloth, while simultane

Treasures on Board Ships In 1709 a ship of war from Rio to Lis-bon had on board 9,000,000 crusades in diamonds and about 100,000 "crowns turnols" in plasters, making in the whole winter cloak. The stitch is pretty and artistic, and the thread runs through the double thickness of cloth, making the from Vera Cruz and Havana arrived with 29,000,000 crowns, besides merchandise valued at 27,000,000. Such ex-

account of one of the Asiatic nabobs;" and on the private freight of this vessel and the whole work would become a statement that the whole amounted to about £140,000.—Sydney Herald.

A deadly serpent, such as the echys, or the more notorious, but really less for-midable, cobra, is so confined in a hollow the world. I've had it patented, and bamboo cane that its head just barely pro-those in my establishment are the only trudes at the end; and the assassin, carryones made so far. They don't even have one in Paris."

Another machine, which is likewise the product of a very ingenious brain, is and, touching him unawares with the end the worsted on the cloth and to spin the seated in some lovely secluded garden, silk right over and all around it. The where his treacherous foe and he may sudden diseases that are common in that

A Mute Marriage. An extraordinary marriage was sol-emnized recently at St. Mary's church, Maryport, the contracting parties, Miss Ann Casford Mandle, of Castlebank, Maryport, and Mr. William King, of Wigton, both being deaf and dumb, The church was filled to overflowing, the greatest interest being taken in the unusual ceremony. The service was read every woman wears it on some piece of in the customary way by the senior cugarment, on a cape, a cloak, on her dresses and even on her underwear. MERCHANT'S GUARANTEED ROOFING PLATES

WE not only give the purchaser the ber roofing plates, but we protest him: FIRST-By guaranteeing every box. THIRD-By excluding wasters or defec POURTH—By branding the net weight of the 11t sheets on each box, to satify the cus-tomer an this age of light weight places that he is obtaining Full Weight.

For the benefit of these wanting the very best roofing plates, we assert, and are pre-pared to prove, that there are no other brands of roofine the offered in the market to-day, or, any firm under the four different currentees given above by the locate, and we challenge a public contradiction of this datement.
