The establishment of a Uniting School Lehighton has been instrumental in more fully arousing public sentiment upor one vital question than has ever before been aroused, namely: "THE PRACTICAL EDUCATION

FOR WOMEN."

Appealing to your most candid judgent, parents, have you educated your laughters in such a manner that they can earn a good, honest llying by their own offorts, if such a thing should become necessary, for little do any of us know what is in store for us? It is a refined accomp ishment for any lady to be able to look after her own clothing and see that it is made correctly and in becoming style, and there s no education that prepares any lady for he responsibilities and duties of life equal to knowing how to construct her own lothing properly.

It is only the second consideration conerning this life's goods. The first is preparing our food properly, and next is our clothing, and this is of the highest importance to all, and might mean very much to some of our readers. It is an attested fact that the Cutting School is a harbinger of good wherever established, and the price of the thorough course of instructions given is merely nominal compared with its great value which is clearly demonstrated The Grass and Track Privilege of the by the best judgment of some that have Carbon County Industrial Society will be already been doing good work with it, and sold to the best and highest bidder, on their we cordially welcome any one to our Inthemselves. We have been piling up stock on our shelves and in our warehouse and revising prices to suit the times, and we are now in a position to accommodate our customers and all others who will favor us with their orders, better then ever.

While the first cost on many things in our line has materially advanced, we have been enabled to reduce our prices on some by reason of large and careful buying, though in heavy iron goods such as Nails, Wire, &c., we had to go with the current. We have largely increased our lines and added many new ones. We have all you need in Oils, Building Hardware, Glass,

Machinery, Paints and Shelf Hardware. We have the most complete line of Machinery Repairs and Seeds in the Lehigh Valley. Our prices are satisfactory, our goods should be, and
