There has indeed been a grand success. We recognize first the noble work of these persons who have conducted the course of study for graduation, and record the wisdom of those directors who adopted it as a county course. It is the final success of the system or the granting of a large and proficient class the credit falls to the teacher or teachers.

—We are able to testify to the thorough, grading, the careful and attentive supervision of the different grades, the diligent and effective work done in all the schools under the principal's operation, the conscientious and thorough instruction of the higher classes and the courteous and gentlemanly demeanor to all, entitle Mr. F. That Tired Feeling

You cannot always tell what may be its cause. Possibly it may be due to change of season, climate, or life, possibly to overwork or overstudy, to mental suffering, or nervous ailments. But there is no mistaking its effects. You know you feel "almost tired to death," without strength to do anything; addition seems to be all gone, and in its place indifference to how the world goes—an inability to care about food, and only eat because it is the hour for eating, or from force of habit.

This must be stopped. Your condition must be changed at once, or like a ship drifting with the wind, you will soon be dashed upon the rocks of incurable disease and death. Rouse the torpid impure and liver, tone the digestive organs, create a new appetite, purify and vitalize the impure and sluggish blood.

Every ingredient employed in producing Hood's Sarsaparilla is strictly pure, and is the best of its kind it is possible to buy. All the roots and herbs are carefully selected, personally examined, and only the best retained. All are ground in our own drug-mill, so that from the time of purchase until the medicine is prepared, everything is carefully watched with a view to attaining the best result.

My daughter had an abscess on her neck for five or six years, being all the time under care of physicians, without any perceptible relief. Hood's Sarsaparilla was then recommended to me for her, and it has entirely cured her." S. THOMPSON, Hazlewood, Pittsburgh, Penn.

"I have recommended Hood's Sarsaparilla as the best remedy for sick headache. I have been using this medicine 6 years and not one bottle proved unsatisfactory." F. J. PRICE, Brockton, Mass.

"My wife suffered from sick headache and neuralgia. After taking Hood's Sarsaparilla she was much relieved." W. R. BARR, Wilmington, O.

Weak Women.

The more sensitive nature of the female sex renders women much more susceptible than men to those numerous ills which spring from lack of harmony in the system. Key-words, sick headache and other ailments peculiar to the woman cause great suffering. Hood's Sarsaparilla is admirably adapted for such cases. It gives great nerve, mental, bodily and digestive strength, cures headache, indigestion, and creates an appetite.

"For nine years I was in a state of constant suffering, scarcely able at any time to walk without feeling tired. I think Hood's Sarsaparilla is just the medicine for women and anyone who has had blood." JESSIE E. SMITH, East Reading, Pa.

"I must say Hood's Sarsaparilla is the best medicine I ever used. Last spring I had no appetite, and the least work I did fatigued me ever so much. I began to take Hood's Sarsaparilla, and soon I felt as if I could do as much in a day as I had formerly done in a week. My appetite is voracious." Mrs. M. V. BAYARD, Atlantic City, N. J.
