PACKERTON HOTEL,

voice behind ma.

I turned quickly and discovered a tall, lank policeman, having red, watery eyes. standing at my office door and staring in. His body looked as if it had been rolled out long before his hands like a molasses candy stick. He had no ex pression at all in his face, and his police man's hat was so large that it threatened to settle down on his shoulders. His uniform reassured me and I addressed him help!

with some impatience. "My friend, I suppose I am wanted to attend an inquest, or what is your pur-100867

I was police surgeon as well as coroner "Don't bother, professor; the man ain't dead yet, but they say he will be before morning.

"What's the matter with him?"

"Brain disorder, I mean something wrong here."

I touched my forehead, and so did he as he said: "Ay, as I thought I'd drop in and tell you if you were going to the We are saved. station to-morrow to take a look and

find you in case of need." I bowed, and attributed his visit to a eling of curiosity. He sat on the sink,

and while his eyes wandered about like one who felt himself called upon to say something, he said;

this afternoon-terrible, too."

"Stad!" "Affecting, very." Here he rubbed his mouth with the back of his hand. "Professor, what is that nitro glycerine?" "It's a very dangerous article," 1 an-swored, happy to display my knowledge. "It has nearly twice the destructiveness of gunpowder, but, unlike it, does not symbols on the anglication of heat. A explode on the application of heat. A

red hot coal dropped into it will not ex-plode it. It will freeze. It is yellow and

"You don't mean to say so," said the around the linke by his papa. The boy "This don't mean to say so, said the around the mass by his paper. The by officer, interrupting me in disagreeable is of as philosophical a turn as Mrs. Al-tones in the middle of a choice extract from one of my lectures. "Why, but you haven't told me how it goes off. If "Didn't he have more than one man be the fire won't burst it, what in -(hem)- help him," was the young hopeful's next query, -Lewiston Journal,

I told him if it were pressed, or anything fell on it, it would explode. "Place it under the crusher of a cider mill, strike it with a hammer, let a weight fall on it from a height"-Yes," said the man, "and that rouses Ha volcaner, does it!"

"I suppose, professor, that are can would make a mighty big noise if al-lowed to explode here all at once?"

"It would blow the entire building to atoms," said I, resuming the analysis of Mrs. Johnson's stomach. "No?" I heard the policeman remark
