GOSSIPING GATHERINGS.

A one year old son of Mr. and Mrs. George Kimmel, of Second street, died on Sunday morning, and on the evening of the same day a child was born to the same. The new born little one will be a consolation of joy in the home darkened by death, and we hope it may live long and happily to the joy of its parents.

In honor of the birthday anniversary of Miss Emma Harding, a large number of her friends gathered at her home on Mahoning street one evening recently and treated her to a pleasant surprise. The time was happily spent and concluded with an elegant repast.

It is said among those who are supposed to know best that Stangley will not be granted a new trial, and that he will be sentenced at the October court. Like Stangley we, too, think they are fooling around a good bit with him.

He was tightening the brake, when the chain slipped and he was thrown under the cars, the wheels of which passed over and crushed both legs so badly that amputation was necessary. The rule for a new trial for Stangley, the self-confessed murderer of Mrs. Sibylla Walbert at Weatherly last October, who was found guilty at the April term of our county court, was argued before Judge Dreher, Monday. Strong argument was made by his lawyers, Messrs. Bertolette and Barber. The Judge took the papers and will likely not render an opinion before the October court.

It may not be generally remembered that Hon. W. M. Rapsher was the choice of Carbon county for State Senator in 1885, to fill the vacancy caused by the resignation of Senator Biddle, but such is the fact. Mr. Rapsher's conferees were Dr. J. G. Zorn, of Weisport; James McGinty, Esq., of Lansford; and Asahel Hefeker, Esq., of Weatherly. The next year 1886 Dr. Zorn had the conferees for Senator. This distinctly recalls the fact that Mr. Rapsher has been in the field as a Senatorial candidate longer than Dr. Zorn. Men who are in a position to know confidently assert that Mr. Rapsher has his political fences built strong and high this year, and that he will easily win.

A Jolly Straw Ride. A jolly party composed of the following young ladies and gentlemen, Misses Aggie and Lillie Reichard, Katie Warner, Emma Seltzer, Emma and Clara Clats and Messrs. Calvin Kuder, Chas. D. Glass, Charles Reinman, George W. Morthimer, Will and Frank Ober, Harvey Morgan and George Reichard enjoyed the pleasure of a delightful straw ride in one of Liverman Kistler's big hay wagons last Friday evening. The route was through the beautiful Mahoning Valley as far as Judge Seidel's and back again. But, perhaps the delightful event can be better understood by the following poetic effusion from the pen of one of the accomplished young ladies present:

THE STRAW RIDE. Tune—"Old Lang Syne." The straw ride was a joyful one, With lots of mirth and lots of fun, We all felt very gay.

The driver knew just what to do To make an all right one, He knows that we enjoyed it, too, While he had us all along.

We could not go without mishaps, Although they were but slight, I would not have you think, perhaps, There was one tried to fight.

Our party had the honor, of course, To have the Reverends, too, Without the feeling of remorse, They enjoyed it all through course.

More-time-was the lucky case, As you no doubt will see, A smile came on his face, "Why don't you ride the man," he said, And vainly struggled on, While Brinkie made him look quite red, And he could only mew.

Frank Ober, too, has a very nice, Fit Ober was so nice and trim, And his behavior took, Not all the girls with us could go, And so there were but six, The number still was not too low For all their pranks and tricks.

There was a laugh, and next a song, And then a character; The horse to anger drove along, And then a horse to anger drove along, And then a horse to anger drove along.

And all the girls with us could go, And so there were but six, The number still was not too low For all their pranks and tricks.

There was a laugh, and next a song, And then a character; The horse to anger drove along, And then a horse to anger drove along, And then a horse to anger drove along.

The excursion will pass through the grandest stretch of country in eastern Pennsylvania on easy riding coaches. Don't miss it.

The Horse Home. Let us hope that all this talk of a horse home and horse work and in which it is necessary that we should have both and the sounder the better. Council should get plans and have it pushed to completion before winter. Let the building have meeting rooms for school board, council and a parlor for the firemen with a lock-up somewhere in the rear. This is in the line of progression. Another necessary adjunct is a market place—the license fees would soon more than pay the interest on the investment. Get down to it and do some good solid thinking, then get to work.
