NATURALLY a town is judged much by its appearance. This being so, Council should see to it that the Park be put in respectable condition. It won't cost much

by determined action, you wouldn't see typhoid, carbunele and tuberculosis the north side of the Park made a stable yard of. This town is assuming such proportions that it is very necessary there

IT LOOKS a good bit like no lose house for this town, though, that we are in need of such a building with the necessary rooms for Council and school board, is quite evident. Then, why won't or don't the men who control our municipal affairs give it to us? Why? Ah, there's the rub

FIGURES show that it is by no mean true that agriculture has kept pace with manufacturing in this country. While farm products increased in value from \$82,000,000 in 1865 to \$47,000.000 in 1885, or about 49 per cent, manufactured pro ducts increased from \$278,800,000 to \$528, 880,000 in 1875, or about 93 per cent., and to \$674,600,000 in 1885, or nearly 150 pe cent. In the twenty years.

THE ADVOCATE'S motive in defending the present Commissioners has been impugned as we expected it would be, but it does not alter the fact that intelligent and conservative Republicans look with no pleasure on the accusation of "extravagence and dishonesty" as apphed to their business methods in public office. time of it. He is getting too big for met like Tom Reed, Senator Kennedy and Con clipping his wings. Matt Quay has connived against bigger game than they, and it remains to be seen whether or not the young Napolean of politics won't come ou one better than his enemies. Matt Quay, perhaps, is no christian, but that man is a fool who thinks him deficient in the peculiar artifices necessary in politics.

MATT QUAY in eulogy of the late San uel J. Randall said: "The record of hi life was one of industry. Industry and firmness were his prominent caracteristics He had wrought better for the country than for himself. Others might appear his stead to assume the robes which had fallen from him, and might fittingly fulfill their offices, but none would ever arise to fill, for positive courage, unselfistines patriotism and devotion to duty, the great chasm left in Pennsylvania by Mr. Ra dall's death."

MAJOR MCKINLEY has authority to bind but Secretary Windom doesn't seem to have the gumption to loose. The organ which a little while ago were calculat how much had presumedly been lo through the prolongation of the debate over the gallant Major's tariff bill, now have ar excellent chance to estimate the actua losses since the Senate passed it and the money market went into the learned Secre tary's hands for relief. One way or another the bill is bound to be expensive.-Phila. Times.

THE CONFRRESS from the counties of Monroe, Pike and Carbon, composing the 22nd Senatorial District of Pennsylvania met at Stroudsburg on Wednessday and unanimously ratified the nomination of Hon. Wm. M. Rapsher, of Mauch Chunk, for State Senator for this district. Mr. Rapsher is an able man, well equipped in the required essentials being an able speaker and a ready debater. He will bring dignity and ability to the place for which he has been chosen by his constituency. In all the leading reforms of the times, he has pronounced and determined ylews, particularily on the Australian Ballot System of which he was a strong advocate long before it was adopted as a cardinal plank in the platform of the Democratic party. We repeat, Mr. Rapsher will make a strong legislator and be an honor to the 22nd District.

POLITICAL POT POUREL. The Lansford Record gives the cradit of Levi Horn's treasureship nomination to Benj. Kurtz, of Lehighton.

Unless the political outlook in Carbon is very deceiving at this distance, Candidate Ferry will likely succeed in Ferrying his craft to the poet of Harrisburg without springing a leak. - Weatherly Herald.

E. H. Rauch who runs the Democratic organ of this county has thus far falled to hoist the ticket. He was an unsuccessful candidate before the late convention for Assembly, which is said to ac-

count for it. "Senator Rapsher?" That sounds all right, dosen't it? The Senatorial toga of Carbon, Monroe and Pike will not only be labeled with a euphonious cogonomen, however, but what is more to the purpose it will encompass a big lot of all wool-anda yard-wide brain tissue. - Weatherly

It is reported that the Republicans of Carbon county are trying to persuade George M. Davis to accept the nomination for Assemblyman in that county against Hugh Ferry, Mr. Davis, in an interview at Mauch Chunk a week ago, very emphaticaldy said that he would not take the nomina-

tion under any circumstances. In the nomination of Hon. Wm. M. Hapsher for State Senator the Democratic party of Carbon county has preformed a very creditable act, Pike and Monroe counties will endoubtedly ratify the nomimation and Mr. Rapaber's election is a foregone conclusion. He is an able lawyer, a thoroughly well equipped debater, and one of the brainlest men in the State, The leaders on the Republican side of the Senate will find Mr. Rapsher a foeman 10 jett our Nursery Stock.
