one section of the country as another. The making of "American citizens" (or properly voters) is progressing in Schuylkill county with a celerity which is not commendable from any point of view. A Berks county judge, whose opinion we quoted a few days since, seems to us to have contained the true American spirit. He held that a man who knew nothing of the English language, knew not under what form of government he had previously lived, nor of what form of government be desired to swear allegiance, was not a proper subject to become an accredited citizen of the American Republic. This is sound Democratic-Republican doctrine. The fathers of this Republic in framing the Declaration of Independence and forming their Constitution set forth very clearly "the cause which impelled them to the separation from the mother country" and also laid down a system of new government in which they invited the oppressed of all nations to share. But it is plainly implied, if not specifically stated, by both these documents that there must be a

week we have heard a number of honest Democrats (not kickers or bolters) in this end of the county, ask this question—Why does E. H. Rauch the senior editor and proprietor of the Mauch Chunk Democrat stomach, live and kidneys. confine his search for crookedness entirely to Mr. Semmel, the Democratic nominee for Register and Recorder ?(Echo answers whyl? From a Democratic stand point, would it not be consistent and in order for Mr. Rauch to extend his search for plaint, cholera morbus, cramps, colle or crookedness to Mr. Handwerk, the present incumbent. Judging from the tone of the Lansford Record last week we think it would. Right here we would suggest that if Editor Rauch will kindly call upon E. R. "OLD RAUGH" is still over the traces on the county ticket, and will very likely alay thar! He is publishing some great "for" white Haven, Wilkes-Barre, Phraton, but the Democratic candidates, particularly Frank P. Semmel whom he best labors with a black thorn. A TEAR ago the ADVOCATE made the suggestion that the churches hold union sarvices on the occasion of the anniversary of the massacre of the Morayians of Gnaden Hutten which occurred on November 26, 1745. It was passed by in allence, so we again call the attention of the clergy to it and ask that they observe In some appropriate way this conspicuous event in the early history of our county and town.

POLITICAL POT POURRI.

Politics are as cold as charity in Banks township, The enthusiasm which was manifested with such a spirit during other campaigns is forgotten. Neither parties seem to have a desire in making the campaign a heated one. Little money is being spent by the candidates on the election and the "Button Holers" who have been in the hank of having their "paws" greased for their yest pocket insure for years past will suffer in want on this occasion, we tear.—Cor.
