them to the judge's solitary manalor across the mountains. I was among them and in as satis factory a mood as I had ever been in my

life, for the night was favorable and th men hearty and in first rate condition. But after we had started and were threading a certain wood I began to have doubts. Feelings I had never he fore experienced assailed me with a form that first perplexed and then astounded me. I was afraid, and what rather heightened than diminished the an-

wonted sensation was the fact that I w: not afraid of anything tangible, eithe in the present or future, but of some thing unexplainable and peculiar, which if it lay in the skies certainly made them look dark indeed, and if it hid in

the forest, caused its faintest murmur iseem like the utterance of a great dream as awful as it was inexplicable. I nevertheless proceeded, and shoul

have done so if the great strends of light ning which now and then shot signag through the sky had taken the shape of words and bade us all beware. I was not one to be damnted, and knew no other course than that of advance when once a stroke of justice had been planue and the direction for its fulfillmen marked out. I went on, but I began to think, and that to me was an experience for I had never been taught to reflectonly to fight and obey,

The house toward which we were rid ing was built on a hillside, and the first thing we saw on emerging from the for est was a light burning in one of its dis tant windows. This was a surprise, fo the hour was late, and in that part of the country people were accustomed to re tire early, even such busy men as the judge. He must have a visitor, and visitor meant a possible complication o
