A "WHITE CAP" notice dated at Elizabethville, Pa., was sent to the Legislature last week, protesting against the increase of the school term. Six months school is enough for the "white caps," so they say. About six years solitary confinement would suit their case a little better.

THE CARBON ADVOCATE. THE CARBON ADVOCATE appears in a new dress with this issue, due to the appreciation of an intelligent public that has readily placed the ADVOCATE at the top most round of Carbon county journalism. For years the ADVOCATE was the only"all at home printed" paper in the Lehigh Valley, and our signal success has led others to copy after us. Though all, the public has been with us, and to show our sincere appreciation for their favors we have from time to time made improvements in our newspaper plant whereby we are enabled to give our now more than THIR-THEN HUNDRED BONA FIDE SUBSCRIBERS the best local news in the most breezy, spicy and original style at the low price of one dollar a year, which makes us the cheapest weekly newspaper in the county. Our readers will pardon us for these personal allusions, they are made at this time not in a spirit of vanity, but with feelings of pleasure, realizing as we do that our success is due entirely to legitimate business invested in real estate, bonds, etc. 8304-709.38; value of paraphermalia, etc., \$147.838.86; total valuation, \$685,6990.37; total number of camps in active operation in the State, December 31st, 1890, 573. and as such we continue to solicit the patronage of the people of the county.

Now, who shall investigate the investigators?
