BASE BALL GOSSIP.

* The Phila. Press on Sunday had a picture of the Catasauqua club. The club looked as if they had been hit by one of Cutler's curves,

* Jennings is playing ball like a veteran for the Louisville club. Scarcely a day passes in which he fails to distinguish himself at the bat or by his short stop work. The managers see in him one of the coming men of the profession, and have signed him for 1892 at a salary of $3000. That is something better than knocking his brains out around the mines, and, by the way, there are more "Jennings" around here if base ball magnates wish to hunt them up.—Freeland Tribune.

* The game of ball played at Jeanesville on Saturday between Jeanesville and Mahanoy City, was rather a one-sided affair to be interesting. Jeanesville boys found Heiser's ball early in the game and slugged him for home runs. He retired in the forth inning and was succeeded by Mulvey. Zeirdt pitched three innings for Jeanesville and retired from the box on account of sore arm. He was succeeded by MacTaggart. Jeanesville had 23 hits and 4 errors. Mahanoy had 12 hits and 4 errors.

* Pioneer's defeat the Progress team. The Pioneer base ball team of Packerton went to Slatington on last Saturday afternoon to tussel with the Progress team of that place, and a great tussle it was, brilliant plays abounding on both sides. The Slatington scorer should apply for a position on the League or Association staff as he did justice to the Packerton players by writing up their records correctly and sending it to the Phila. Press. Conarty the Pioneer pitcher allowed the crack team but seven hits, and very shady ones at that. It is no wonder Slatington wins so many games on its own grounds, they indulge in bulldozing and the worst kind of dirty ball playing. The actions of the outsiders were simply disgraceful; when Caffrey, the umpire, decided a Progress player out at second in the last part of the 9th inning they became perfectly wild and furious, threatening to crush the life out of the umpire, and we glory in his pluck in not reversing his decision as they wished him to do, and by the Progress team failing to resume play in the specified time he declared the game in favor of Packerton, 9 to 0, the score standing Packerton, 8; Slatington, 7. The features of the game was Conarty's pitching and Shafer's catching.—B.

The Goverment Protects the Unwary.

Postmaster General Wanamaker has issued an order directing that all registered letters and money orders directed to the Tanquery Portrait Co., Brooklyn, N. Y., be returned to the senders. This company worked the old time scheme of guaranteeing to give every customer a portrait free of charge. All they wanted you to do was to send a photograph and agree to stick up the crayon portrait in a prominent place. After the portrait has been finished its delivery is refused until a frame has been purchased for it from the company at a cost greater than the regular price.

Wants to Throw off its Swaddling Clothes.

The question of organizing Beaver Meadow into a borough has again become a matter of discussion among the citizens and property owners there. The move meets with the approbation of many property holders and it is being bitterly opposed by others who claim that the taxes will be enormous. Notwithstanding the objections offered by some a vote of all citizens will be taken in the near future when the feelings of all will be brought to a test in the matter and a decision rendered which will tell whether we will remain a sleepy old town, the oldest in the region, or become a borough and be up with the times.—Cor.

A Bad Lot of Boys.

The irrepressible Frank Clewell, Asby, George and Jim Rex, all boys, were arrested Saturday by Constable Raworth, charged with breaking into the Daniel Campbell residence on Bankway. The Rex boys were bailed over until Monday when the case was settled by the father paying $20 and all costs. In default of bail young Clewell was locked up, but when the constable went to feed him the next day he wasn't there, nor he hasn't been seen since. His escape was brought about by some person or persons who should be made to suffer for tampering with the locks and bolts of the law.

The Vicious After Dark Picnic.

The spicy Tremont Press don't miss it a mile in saying: "While the majority of the picnics held during the day are pleasant and harmless affairs it is safe to say that those which are prolonged into the hours of darkness are effective schools of viciousness. All instructors in morality should lift up their voices against that mischievous institution, the after-dark picnic. Such gatherings have an element of fascination like that which during the skating rink craze lured so many young people to destruction. The night picnic is far worse, since it is a much shorter road to ruin, the opportunities for miscondnct being ten-fold more numerous. Of all places these night picnics give people the freest swing. They are a good school of vice for young people, male or female."

Joint Picnic and Re-union.

The anxious Normal Square Sunday school scholars were all aglow with joy last Saturday morning, when, with an inquiring look from their windows, they saw that gentle zephyrs had kindly brushed aside the threatening clouds of the previous evening, and that streams of welcome rays from the fiery orb were drying out the dampness in the closely wooded picnic grove at Normal Square.

Shortly after the sun had capped its zenith, the Sunday school, headed by the Mahoning band, proceeded to its gaily decorated and well shaded picnic grove. For a short hour, the school entertained the assemblage with appropriate exercises, of which an interesting part was a Pennsylvania German speech by Prof. E. L. Kemp, President of Palatinate College. After the exercises the scholars engaged in various amusements until the welcome invitation to supper was extended. To economize time and labor the Sunday school had joined with the alumni, and scholars of the Normal Institute by holding their picnic in the afternoon and by partaking with the alumni, scholars and friends of the school of the sumptuous and well served luncheon prepared by the ladies of Mahoning.

The short interval between the Alumni supper and the opening of the exercises of the re-union in the evening was pleasantly spent in chatting. Promptly at eight o'clock, Prof. N. M. Balliet after calling the meeting to order, announced the first execise on the program, a vocal selection by a male quartet which was well rendered and heartily applauded. The assemblage was then led in prayer by Rev. Prof. E. L. Kemp, after which a mixed quartet rendered a well received selection. The salutatory was then delivered by E. O. Nothstein in a very able manner. The rendering of another college song preceeded the next exercise on the program, which was the able delivery of a recitation by Miss Irene Eggleston. The male quartet then sang another song after which Miss E. Lillie Arner read a well prepared and interesting essay, subject "Wait a Wee." Another vocal selection was then well rendered by the mixed quartet, after which the esteemed founder of the Select School, Prof. Thos. M. Balliet made some very interesting and gratulatory remarks. The male quartet then rendered a comic song, creditably, after which the Mahoning band played a selection during which the ushers relieved the audience of some of their extra change. Prof. Balliet then introduced the honorary orator, Prof. E. L. Kemp who gave a very entertaining and enlightening address. The exercises were then closed with another selection by the mixed quartet. The Alumni and friends of "The Institute," for a few moments after the exercises remained to renew former acquaintances and then dispersed, well entertained and satisfied.

—H. D. Snyder, of town, is a candidate for the nomination of Prothonotary and Clerk of Court's before the coming Republican County Convention. Mr. Snyder is, and has been for ten years past, the able and efficient Lehigh Valley station agent at that place. His friends hope that he will get there.

Killed a Rattler.

While walking out Buck Mountain turnpike, near Beaver Meadow, Tuesday, Mrs. Schultz, of town, came in contact with a rattlesnake. She threw a stone, striking the snake on the head and killing it instantly. It was brought to Beaver Meadow by a number of boys. Ten rattles were taken from the snake and three buttons.—Sentinel.

What is Scrofula

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which developes ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or many other manifestations usually ascribed to "humors." It is a more formidable enemy than consumption, or cancer alone, for scrofula combines the worst possible features of both. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How can it be cured? By taking Hood's Sarsaparilla, which, by the cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. For all affections of the blood Hood's Sarsaparilla is unequalled, and some of the cures it has effected are really wonderful. If you suffer from scrofula in any of its various forms, be sure to give Hood's Sarsaparilla a trial.
