MERIE MICKEY AND TRI. MAJOR WON'T be so great after while. Klotz has no love for the aspiring Congressman anyhow. You know the Major always swore that Mickey "worked" him when they both were after the Congressional plum a few years ago. We will tell you later what the Major said at that time. It will interesting news.

As the freque from the party. Very many believe and will emphasise the belief at the polls that if the Esser ticket is elected there will be an entire new deal, new leaders will be selected, and the party reorganized. It will take some time to recover from the present shock, concessions will have to be made, individual claims severely modified but the party can be made stronger, purer and more effective in County, State and National affairs.

Packerton. A Democrat

As THE PEOPLE SEGIN TO see more of Mickey Cassidy, elder Enbody and the rest of the combination, Esser's strength over the county increases. This is what we have maintained all along, Mr. Esser, Mr. Kistler and the regular Democratic ticket will be gioriously victorious and the combination with Mickey and the Major will be in the sour.

THE ADVOCATE IS WORRYING THE COm-bination fellows in beautiful style. Some of 'em have been to see us and talked the matter over and even asked us to be quiet. Don't this show that they are already giving way? By November three you won't be able to find a baker's dozen outside of the astute Mickey and the superlative jimmy malloy.

The cay has some forth from the Combination. "Anything more to beat George Esser" who is a sure sunner for Prothonotary. The people support him because he is free from the corrupt taint that covers the leaders of the Combination. The few people still deluded by Mickey and the Major will open their eyes soon and then they will stand alone in their own dirt.

JUDGE CONNELLY, THISDOING OVER the Naturalization court, at Scranton, Friday refused citizonship papers to a large number of Hungarian, Pollsh and Ralian applicants because they knew nothing of the Constitution of the United States. The Judge said: "A man who puts his balled into the window as a machine, without a knowledge of what it contains, has no right to the same privileges as an intelligent American voter, and to such a man, I, at least, shall inver grant the right of maturalization." Keep this ball realing and American citizenship will very soon be entirely purged of that chass who make our rights and privileges a by-word.

Because A man not able to speech

BEGAUSE A MAN IS not able to speak Gorman as well as English does not make him inclinible for office, and for this reason Mr. Watkins has a perfect right to aspire for Prothonotary. But it strikes the average "lower ender" at that it is very handy for a public official to be able to converse in both languages. We have in our county many jeople who cannot transact business in the English language, and these taxpayers in the past have never had any trouble in the Courts, as Prothonotary Esser can talk German and English. Mr. Watkins can only speak ons language, and if he is elected to this important office, quits a number of citizens will be seriously inconvenienced when they have business at Mauch Chunk.
