THE RESULT.

The result of last Tuesday's election, what does it mean? The vote cast for the Combination candidates is hardly more than 500 and in a measure it shows the full strength of the gang of political lepers who for ten years past have had their fangs fastened to the throats of the honest voters of Carbon and placed them in the position of slaves to the will of such men as Bob Klotz, Mickey Cassidy and others of their ilk, and allowed the perpetration of some of the most contemptible political work ever encompassed. But there has come—Tuesday they showed their hand, and 3000 voters repudiated the pretensions of the gang by voting against them. With this large number of loyal, honest, intelligent people voting against the Combination there is abundant hope for a Democratic party in the future that will have at its head leaders, not Bosses, who will be a credit to the party and the people of the county. This will be the outcome of Tuesday's election and the Combination will be heard no more of. The people of Carbon county can now sing praises of thanksgiving, they are forever relieved of Klotz, Cassidy and a scattering few men just as politically debauched in every particular. A combination of men who place themselves in the position assumed by the leaders of the late burlesque are only deserving the contempt of honest people. In their whole campaign there is scarcely an honest act, from plugging the will of the majority to bribing a candidate. This in a record they have made and it is only in full sympathy with their lives and characters. The people are well rid of these upstarts, and though Mr. Esser is defeated it is gratifying to remember that the 3000 voters who were with him still live and condemn the actions of such would be Democrats as the Cassidy ilk. This is why, though defeated, we still find cause for congratulation. Phoenix like, the New Democracy will grow up, but purged of contemptible upstarts; it will be strong and vigorous in its elements and full capable to fight winning battles from year to year. Victory has been but temporarily postponed but the Bosses are rebuked and will be no more heard of. The State organization which prostituted decency in recognizing the Combination need only look to the vote cast in the county for Wright and Tilden. Does it show that George Esser, or his friends traded on it? Not much, but can the Combination say the same, certainly not. If reports are all true and their scarcely 500 votes show exactly where they stand. But now the people of Democratic faith have a duty to perform, they must get together, perfect a strong organization determine upon clean and pure leaders; by doing this 1892 will find the party in good fighting condition and a ticket can be nominated that will win. Will you do it? By getting together early in the means, and County Chairman Sharkey should not let the opportunity go by in default. The result will be what we have predicted, and then victory will be worth the fighting for. Don't waste time in angry bickerings or useless argument with Bobby Klotz and his lackeys. We have had enough of the "stuffed prophet" and his side show attraction. Now is the time to get to work. Don't delay.

Reply to "Reporter."

LEHIGH, PA., Oct. 31st 1891.

Editor ADVOCATE: In your issue of October 23rd there appeared a communication from Indianapolis, signed by "A Reporter" in which the following is the greater part of it: "The-day General William Lilly of Mauch Chunk called upon Bishop Bowman during the session and expressed his sympathy and congratulations for the Bishop personally and for the loyal part of the church represented in the General Conference now in session here. In reference to the course of the loyal majority of the church the General spoke very encouragingly and enthusiastically, etc. The Mauch Chunk Democrat of same issue contained a similar report which was copied from one of the Indianapolis Journals, evidently written by this self styled "Reporter." Not being a member of the church myself, I nevertheless take a deep interest in the unfortunate church trouble, believing that the so-called "minority" or Anti-Esser-Bowmanites are in the right, and for that reason I am always anxious to get at the truth of both sides. After reading the above quoted article I did not believe that General Lilly was correctly quoted, and that the Reporter had "padded" his correspondence. I at once wrote to General Lilly and in answer to my question he replied as follows: "I made no such remarks as are quoted in your clipping; I said no word against the faction East, West, or any other place. I took no sides in the matter and I am not of either. I believe however that the technicality of legality from what I have read is with the Bowmanites. Beyond that belief I am not in it nor did I say anything beyond that at any time, nor do I desire to be dragged into it. I went to see my old friend Tommy Bowman, having known him for 45 years, had a pleasant talk with him with no desire to attack any one or espouse the cause of either side."

Let the readers of the ADVOCATE judge where the justification for the above quoted declaration from the "Reporter" than in Indianapolis comes. In reference to the General's expressed belief that the technicality of legality is with the Bowmanites I will only say this:

1st: General Lilly is, I believe, a good business man, and not a lawyer. I feel confident that he would not claim to be authority on either Ecological or Civil law.

2nd: The General bases his belief on what he has read. From an interview with him by a friend within the past week I learned that what he has read was given him by one who is violently a partisan Bowmanite.

3rd: Some of the best lawyers in Pennsylvania, such as Robert E. Wright, into Democratic candidates for Auditor General, George F. Bear of Reading, and Rufus E. Sharpley of Philadelphia who so brilliantly pleaded last week before the Senate at Harrisburg in the Boyer case, as well as leading lawyers in other States express a directly opposite belief.

Hoping that "Reporter" has again sought to say for his side of the controversy, he will give us the truth I am Yours truly,

HARRIS E. SWEET.

Corner Stone Laying.

Next Sunday Pleasant Hill, that fast growing business town between Audenried and Silver Brook will be the scene of a large crowd of people, the event being the laying of the corner stone of the Greek Catholic Church which is building at that place. The structure is a frame building about 60 feet long and 30 feet wide. It will be a most building not completed and will add to the appearance of the town.

THE NEW DEMOCRAT.

Bobby Klotz, Mickey Cassidy, E. R. Embury, E. H. Rauch, James W. Malloy, &c., DEFEATED by the people as the vote well shows. They are in the rear and decent people of all political beliefs can be well pleased. A new Democracy is here, but the above gang is not in it.

DUN'S WEEKLY REVIEW OF TRADE says that the business failures occurring throughout the country the past seven days number for the United States 207, and for Canada 49, or a total of 256, as compared with a total of 240 last week, and 250 the week previous to the last. For the corresponding week last year the figures were 248, representing 100 failures in the United States and 28 in the Dominion of Canada. The improvement in business continues.

The band plays for the Regular Democracy. They are on TOP and Klotz's lackeys are in the soup.

THE COURT SHOULD COMPEL THE CENTRAL railroad company to place guard gates at the railroad crossing at the lower end of Weissport. The place referred to is practically one of the most dangerous along the road. Will the Court, at its next sitting, give this matter needed attention?

Our special artist caught this flash picture of malloy as he was leaving his telephones Tuesday. Five votes in Lehighford shows poor Jimmie's weight.

GEORGE W. ESSER.

The result of Tuesday's election rotates at the close of 1891 from the office of Prothonotary and Clerk of Courts, George W. Esser, a clean and pure official with an integrity both in public and private life that is far above reproach. His defeat was brought about by the most corrupt methods and despicable tricks and deals ever encompassed in Carbon county politics, and by a set of political demagogues and ringsters who for a decade have disgraced the Democratic party in this county. George W. Esser, with a character above reproach and an honesty and integrity that no one dare impugn has the confidence and respect of the people he has so long served faithfully and well. Mr. Esser has made an honest, faithful and clean official and won the respect of all people with whom he has come in contact by his agreeable and courteous demeanor to all. Mr. Esser is a gentleman and a Democrat who has been with his party first, last and all the time, ever working to honestly advance its interests. It can truthfully be said of him that he has always been loyal to his friends, his party and his country, a true gentleman, an honest, faithful, pure official and an incorruptible Democrat. What more need be said of him? Those who know him best are loudest in their expression of praise for his manliness and courage in all things while all speak of him as a gentleman and Democrat to be esteemed and respected.
