The unfalling law of business is that The inifalling law of business ta that wherever there is an opportunity for the profitable investment of capital the mosey is forthcoming to keep that business bosoning and to selse upon the most question the writer hereof, in boyhood,

"They have to give it up to the Italian safetynes. There are three Italians who have bought the right from the railroad company, and they are the only ones who are permitted to black boots on the ferrybouts. They have hired a lot of Italian boys, to whom they pay three dollars or four dollars a week, and the boys are compelled to give up all their earnings to the padrones who hire them. earnings to the paurones who are them.
If the boys do not turn in an amount
that is believed to be all their earnings
the padrones put on spotters and watch
them, and see that they do pay up.

and ratiroads, at the hotels, in front of salcons—in fact, everywhere where men go there are to be found capitalist boothlacks who hire the best places, or there is an arrangement by which the owner of the bost or hotel or harber shop hires some one to do the bootblacking and takes the money himself. There have thus arisen several bootblack princes, such as the enterprising Italian who has the monopoly of the bootblacking at the Produce exchange, or the happy colored gentleman who does up the business in the Equitable building.

Many of the bootblack princes have wives and families and nice homes, and continuous searches have been made since where they had found the lead. Various and continuous searches have been made since where they had found the lead. Various and continuous searches have been made since where they had found the lead. Various and continuous searches have been made since where they had found the lead. Various and continuous searches have been made since the price would cause them to disclose the whereations of the family, Mrs. Robert Gillespile and a daughter, then a little girl, were continuous aftering found along a ravine and eximple found along a ravine and carring found along a ravine and carring found along a ravine and carring found along the family, Mrs. Robert Gillespile and a daughter, then a little girl, were continuous aftering found along a ravine and carring found along the family found along a ravine an out-cropping of lead-dilled rock, a plece of the family, Mrs. Robert Gillespile and a daughter, then a little girl, were come or the family, Mrs. Robert Gillespile and a daughter, then a little girl, were come or the family, Mrs. Robert Gillespile and a daughter, then a little girl, were come or the family, Mrs. Robert Gillespile and a daughter, then a little girl, we

wives and families and nice homes, and they dress well and live well. At the ting hotels the income from the privilege of blacking boots is a considerable part of the revenue of the house. It has long ceased to be a perquisite of the servant. A chair in a good place will yield five dollars a day for bootblacking, and on extra occasions a good deal more. The bulk of the work is done by men. It really requires considerable bone and

takes a shine just for a rest. The summer is the boothfacker harvest, because these is so much traveling and so much dust. Some saloou keepers exact rent from the Railans who have chatrs for bootblacking in front of their saloons. Others are content to use the Italians' services in cleaning up the place or for services in cleaning up the place or for running errands. Sometimes the pro-

they could have the same facilities. Nobody seems to have acted on this suggestion pet. But it seems likely that there would be money in it. When one

bloos cleaned and athind a men do fifty could have the same facilities to flavor suction to have acted on this angular there would be money in it. When one man finds out that there is money in the beauty of the county in the common that there is money in the common that there is money in the common that there is money in the common that the common

A Booky Frize.

A very cute "booky" prize given at a party was a cabbage, tied with a pink ribbon. When it was untied the top was fifted up and the inside contained fine-unnity. The center of the cabbage had been hollowed out, then lined with insite paper, filled with the sweets, that top put hack and tied oc. It created many merrimant.—Ellys H. Glover in Good Housekseping.

Telling Festimes.

In England a ring, a builton and a coin are often placed in the wedding cale. She who secures the ring is to be the next bride; the buston, the old maid; the odn secures a wealthy suitor. A ring rul in cease "infrase major powring put in posest "infuses magic pow-er," and "will tell the fair if haply she will wed."—Cassell's Family Magazine.

The Deetl's Reetl.

Among the fumous bells of Deweburg, Nakohire, Bagland, is one known as "Heat Tom of Boothill," which was presented to the chunch in explation of a nurder. "Heat Tom" is always rung on Christmas evo. In solemn tolling as it without the first tap at exactly midnight is known all over Yorkshire as the "deetBethed," it being the notion that was born the deetl died.—St. Louis Republic.

money is forthcoming to keep that business beauting and to select upon the most advantageous sites. And so it has come about that capitalists have not diedained to take hold of the bootblacking business. While waiting for a boot ordidated of the Twenty-third street ferry to Jermy City a Sun reporter got a shine from a remarkably bright and efficient American boy, whose mode of cleaning and sidning indicated a good deal of experience.

"Why don't you go inside and pick up business on the boats, where your contours can get comfortable seats?" Inquired the reporter.

"I wish I could," said the boy, "but they won't let me do it."

"Why, I have seen boys on the boats blacking boots, and they seem to make loss of money."

"Yee. They don't ween day that they was obtained formerly by the locality was obtained formerly by the blackling books, and they seem to make lots of money."

"Yoe. They don't see a day that they do not pick up at least a dollar, and from that all the way up to three or four, or sometimes five. But they can't keep the money themselves."

"Why not?"

"They have to give it up to the Italian souther to give it up to the Italian souther that it may yet be a source of receif in any yet be a source of receif in the indians—mainly of Chief Complanter's tribe—and has nover been discovered, it is regarded as reasonable to infer that it may yet be a source of receif in the picket. source of profit as to believe that it was

A PRONERR'S EXPERIMECE.

At what is now Brasileytown, a village three miles southwest of here, on one of the branches of Sugar Creek, a pioneer named Jacob Jennings lived 100 years ago and had near his pioneer house a small blacksmith shop. From Mrs. Samuel Mataon, of Chapmanville, and John Jennings, of Sunville, some interesting requirescence were obtained If the boys do not turn in an amount that is believed to be all their earnings the padrouses put on spotters and watch them, and see that they do pay up.

"Well, why don't you go in and buy the right to shine boots on the boatts"

"Mel Why, do you know what those padrouse pay for the right to black boots on all the boats? They pay over \$2,000 a year, and keep the men's cabins clean. A poor boy ham't much chance to get that job. I need to work for them, but I find I can make more money by standing outside and catching some of the customers before they get on the boat. They all I get is clean profit, and I don't have to pay over to any padrone."

On all the steamboats and steamships and railroads, at the hotels, in front of salcons—in fact, everywhere where men go there are to be found capitalist boothlacks who hire the bost places, or there is an arrangement by which the owner of the boat or hotel or barber shop hiree some one to do the bootblacking and takes the money himself. There have the same arrangement by which the owner of the shoat or hotel or barber shop hiree some one to do the bootblacking and takes the money himself. There have the same arrangement by which the owner of the shoat or hotel or barber shop hiree some one to do the bootblacking and takes the money himself. There have the same arrangement by which the owner of the family, Mrs. Robert Gillespie and a daughter, then as little girl, were lost in the woods, and during their wandance of the same arrangement by which the owner of the family, Mrs. Robert Gillespie and a daughter, then as little girl, were lost in the woods, and during their wandance of the same arrangement by which the owner of the family, Mrs. Robert Gillespie and a daughter, then as little girl, were lost in the woods, and during their wandance of the same arrangement by which the owner of the same arrangement by which the owner of the family, Mrs. Robert Gillespie and a daughter, then as little product to be malted. No amount of persuasion, of barter or of purchase are the s

tinuous searches have been made since along the ravines in that section, one enthusiast devoting a considerable por-tion of a year to the search; but aside from a fragment weighing about four pounds, and found in a field in Bandolph township, Crawford county, where it had apparently been dropped, no lead ore has been discovered.

dollars a day for bootblacking, and on extra occasions a good deal more. The bulk of the work is done by men. It really requires considerable bone and sines to black a pair of boots well, and the man who has once noticed the difference between the way an average boy does it and the way a man takes hold of the work will not care to risk the boy's work again.

There are a good many points about blacking boots that give scope to the gentus of the workman, as in all manual occupations. The bootblack who concessabliance a reputation for quick and good work he is the first the section of the work bear to the control of the earliest settlers. If he will follow the plow for a session in the southwesters were dispected or tends or the set of the control of the workman, as in all manual occupations. The bootblack who concessabliance a reputation for quick and good work he is the first three may find a whole field of the work in the southwesters were dispected and ore has been discovered.

MATEHIAL FOR PROSPECTORS.

The prospector able to develop pointers from Indian relice may find considerable material in that line in this section. At Wallaceville, three miles southeast of here, he may find a whole field of yet well defined mounds and excavations. A mile north of here, just across the line in Crawford county, he may find remnants of several large stone plus constructed of stones having notable uniformity in size and piled up by the indians for some unknown purpose before the time of the earliest settlers. cocupations. The bootblack who cance establishes a reputation for quick and good work has his fortune made. Mem will go out of their way to meet him, and will wait their turn as for a favorite barber.

On hot days bootblacks' chairs are very tempting on the street corners in the shade, and many a man stops and there a china further for a very Tha arms.

services in cleaning up the place or for running errands. Sometimes the proprietors come out and occupy the chairs as leunging places, to the great chagrin of the Italian owners. Some time ago it was pointed out that a good many women would get their about the feet in diameter, projects to the top of the ground where efforts have not been made to get down to the bottom of it, and is known to have been shoes cleaned and shined as men do it they could have the same facilities.

There are tens of thousands of dollars lying in the wallts of the subtreasory in New York which belong to posatoners. Checks have been issued probably covaring the whole amount, but from one cause or another the money has never been claimed. The checks have never been claimed. The checks have never been presented. The money stands to the credit of the various panatus agents acting as disbursing officers of the government. An account with one of these contributions of the property of the property of the serious panatus agents acting as disbursing officers of the government. An account with one of these cofficials is never closed untill all the checks come in and no more are to come. He may have overdrawn. There is no way to determine this until overyithing is squared up.—New York Barald.
