Josnes S. Rarace, Parsideat or the Lebigh Coal & Navigation Company, has an interesting article in the April Portin on "Our Anthracite Supply."

Mr. Hamis estimates the contents of this territory at 14,503,500,000 tons, and that up to the dist of December, 1891, about \$43,019,223 tons of this amount have been maned. Taking into consideration certain deductions connected with mining, there are left about 11, 221,400,000 tons, he thinked to for about \$22, per cent. of the original contents. Assuming the annual product will be consumed in about 100 years.
