To Delinquents

You get the Carbon Advocate by mail, just look at the direction tab on your paper, and you will see just how much you are indebted to the paper. You are not a delinquent. Money order or Greenbacks without delay. We need the money—a dollar or two to each is not much, the aggregate to us amounts to hundreds of dollars. Come, cents, pony up.

QUARTERLY is erecting a \$20,000 building for home, council, etc. Lehighites must have a home house.

VOYE TO INCREASE THE DEBT.

The majority of Lehigh's taxpayers have no doubt already fully made up their minds which way they intend to vote on the increase of our bonded indebtedness and the surface indications are that the affirmative will win by a very large majority. The \$100 paid annually for water rent has long been considered an unwise expenditure and property holders accordingly vote for the increase in order to secure the protection for which the borough pays. With but few exceptions everybody seems to favor the erection of a public building for a home house, the same to have rooms for council and school board to do with with cells for lock-up purposes. The proposed structure will be erected on Third street, between South and Iron streets on a lot owned by the borough. It will very likely be a two-story high and will be built in a substantial manner. Besides being a structure which will be a credit to our city it will fill a long felt want in every particular. We hope the few who have arrayed themselves so contemptuously against the increase of our bonded indebtedness will come over so that the result of the election on May 27 will be unanimous. We have so often spoken of the necessity of a building of this kind that there is no new argument that we can use in its behalf, further than the fact that we must have the building and accordingly everybody should vote for it.

FOURVILLE is to have a \$50,000 public building. What will Lehighite have?

A WALL PAPER TRUST with a capital of \$200,000 is the latest exercise on the public. Why these evils are permitted to grow and flourish is a query only known to those who are "in it." That they are a vital injury to the welfare of the people and the country generally is admitted but no effort is made to prevent or prohibit their growing up and flourishing.

ONESSERS is putting up another shoe factory. Is Lehighite putting up anything?

THE FRIENDS and supporters of President Harrison are generally excited over the announcement that Senator John Sherman, of Ohio, is a candidate for the nomination of president. It is said that Platt, of New York, will deliver the goods of that state to Sherman, which has caused a jobless feeling among the anti-Harrison men who are now expressing themselves as confident of defeating the President for re-nomination.

EMERSON is building a first-class silk mill. What is Lehighite building?

THE PEOPLE are likely to get a surfeit of politics this year. First come the county convention, a little while later the State gathering. From this time on, until June, the National contest will be prominent and then before the real active work commences in September, the Democratic county convention will assemble. Almost every patriot is willing to sacrifice himself, in order that the nation may be saved, and the chances that the country will last longer than the fellows who are so much concerned for its welfare.

WEATHERLY is to have a new novelty work. What is Lehighite to have?

TOM PLATT, of NEW YORK, is gaining President Harrison a little work-moment concerning the disposition of delegates in his balliwick.

EAST STRICKENBERG will have a Normal School. Will Lehighite have anything?

IT IS SAID that Hugh Perry, of Allentown, will not be a candidate for the Legislature at the Democratic convention. This makes the opening for Rauch somewhat brighter.

ANSLAND is to have a box factory and a racket works. What is Lehighite to have?

TERENCE FORDWELL put his foot in it when he said that the Reading road had bought up the papers of the Lehigh Valley. He is old enough to know better.

WEATHERLY is after nearly bankrupted industries. Are we after anything?

THE CLAYTON COUNTY SYSTEM for Democratic harmony should certainly be in preference to the always doubtful thimble rigging delegate system.

IT LOOKS A GOOD BET as if Northampton county would carry off the congressional parchment. Mutchler's course in the House is certainly commendable and his reputation is national.

ANSLAND is to have a large knitting mill. Is Lehighite to have anything?

THE BEST wealth of a city is to be found in the energetic and enterprising men. Those who are willing to act and labor unceasingly, not only for their individual welfare, but also the general good. These are men who are to be valued, as they create prosperity and evoke success under the most discouraging circumstances. They are not always counting their own private gains and losses. They are philanthropists as well as business men.

HOW MANY such men have we? Let them turn out at the public meeting to-night without fail. We need them every hour!

SPECIAL COURT SESSION.

Matters of Least Importance to Our People. The Exam. Charge Case and Business Matters.
From the March Court Cases.
Last February the Innominate faction of the Evangelical Association, filed a bill in equity in the Court of Common Pleas of this county to dispossess the anti-Humanists who are in possession of the churches of Lehighton and Mauch Chunk. The first public step in the great legal controversy in our court was taken Monday afternoon, at a special session of the April term, called by Judge Dreher for the purpose of hearing argument on the bill. Court opened at 2 o'clock, with a full bench. No public notice of the session had been given but there was a large gathering present, principally members of the Evangelical Association. The plaintiffs' table was surrounded by Hon. Edward Harvey and Hon. James S. Biery, of Allentown, and Messrs. Crink & Loose, of Mauch Chunk. At the defendants' table were Hon. Robert E. Wright, of Allentown, and Frederick Berlettole, Esq., of Mauch Chunk. The remaining space inside the railing was taken up by the members of the Mauch Chunk bar, who were present in full force, and by Evangelical ministers and prominent laymen. Among the ministers were Presiding Elder Rev. W. A. Leopold, of Allentown; Rev. J. C. Bilen, of Bethlehem; Rev. J. S. Newhart, of Slatington; Rev. E. F. Holder, of Allentown; Rev. J. J. Yortter, of Pottsville, and Rev. Jerome H. Smith, of Mauch Chunk. Among the laymen were noticed Ex-Judge Levi S. Wentz, of Millport, W. W. Bowman, of Slatington, Chas. W. Laury, of Weissport, and the defendant's table were Hon. Robert E. Wright, of Allentown, and Messrs. Crink & Loose, of Mauch Chunk.
