"INDEPENDENT"-"LIVE AND LET LIVE."

Lehighton, Carbon County, Penna., August 5 1892.

"But fore he could strike Jack had him by the wrist, and give him the meatest little wroatles's trip as ever yer seed, and down went Jim, fetchin his head slick again a stone that for more than an hour he dish?' know the ten of childs from him. To dishest the him his arm with both them little hands of her n, as if to be save that he was settlik thur in flesh.

my hand a prip and says to me. 'Take care o' my traps till I come back, Bill,' an be war off.

"That war the last I saw of Dandy Jack, and it warn't till a good while arter that I beerd the rest of the story. tin tell it you first as if I seed it all pay

off.

"This gal that poor old Jack war so exect on war the daughter of a rich old chap whold got a ranch not far from the upper fork of the Rio Grande, and her dad had sent her to visit some folks."

neither, I rocken for store the cal-open her mouth, a man cum gallopiu along as if old Nick war arier him with a ton prouged patchfork. They'd fist time to know him for Isandy Jack when he lifted bisself in the saddle and screeched out to least his throat:

"Ride for your lives! The prairies on fire?

on tree.

"I guess they didn't wait to be told twine, and indeed the house war of full jump the minute they heared the shout, that as if they understood all about it. Away they went like the wind "How yer ever sood a parairy fire? Wal, if yer heav't I guess yer cod just as soon git an idea of what it raily is as yow end put Miagary in a gad's timale. First thing you see is a little curl of amoke far off. Then, all of ence, it begins to git thickey and radder bout the edges, and auddenly ye hear a rook like a river comin down in full flood.

"Then up through the smark cases a big spent of fire, and all techniq yor's one see of great risk, roarin flames begin and twistin and shooth up into the very sky and redlin after ye like a waterfull.

"Wal, that's the ideal of thing seer old Jack and the other two hed got at their lasels, and I perkon them house dion's want much apartrial. But though they want much apartrial But though they went like the wint the fire gained on "I guess they didn't wait to be told

All floor eyes for the fine sign of the classifier and the rance, when all in a minut the gai's how gives just one gasp and tumbles over. Down jumps old Jack the lighten as had her up in his place a mest after the lighten as if he'd moved what was wrong; and then he turned to Granger, who was a lookin as if he'd moved half

FANCIED EXPENSEDE OF A WORLD,

A Stine Under the Sec

There are in England several coal and netalliferous mines which extend and

A Mai Made of Jewela.

The costlict mats in the world are owned by the shah of Persia and the place, the average daily wages per head being from twelve to twenty three shillings. Liberal as this payment appears to be the cost of living in that inhospitable region is so high that the miners can after all only just make both and is a work of art. New York San can after all only just make both ends and is a work of art. New York Sun.

Natural Sand Blasia.

The idea of cutting designs on glass by forcing sand against the surface of plates and vessels of that material was first suggested by one of nature's freaks, just as hundreds of other inventions have been. An observing young man who was summering on the coast of New England noticed that the windstorms in that section frequently gathered up large loads of sand and hurled it with much force against exposed win.

The side of a tree on which most of the moss is found is the north frequent in the scuth ade.—Boston Globe.

The Temptation

In Temptation

In Temptation

In go onl of does in rough weather is not the cough weather in one season of the your. This is true, therefore there should it with much force against exposed win.

Candle shades of finely perforated namel are to be had.

Our domestic affections are the most salutary basels of all good govern-
