In 1846 they moved to Lehigh Gap, in this county, and three years later, in 1849, they moved to Towamensing township on the little farm on which they at present reside. Both are still quite hale and hearty, notwithstanding that they have passed the usual three score years and ten. Last summer they entered the grain field and together they harvested and shocked twenty-three shocks of rye.

COUNTY TID BITS.

EVERY NOOK AND CORNER REPRESENTED IN THIS COLUMN.

The Bright News Occurrences of the Week Briefly Chronicled for Our Many Readers Throughout the County Elsewandhere

¶ Audenried is said to have more card players than any other town in the state.

¶ The Jeanesville base ball club will run an excursion to Glen Onoko on the 7th of September.

¶ "Bleg" Gallagher, the pitcher for the old Leviston club, caught for the Hazleton team in their game with New Boston at Mahanoy City on Saturday. As usual he played a good game and made a good impression upon the Schuylkill people for his fine throwing to bases.

¶ Weatherly people can't be very wide awake or they wouldn't monkey much over having fire protection. The water company offert free water if the town puts in the plugs, and yet there are those in the town council who are too slow to take advantage of this. The mossbacks are evidently not all dead yet.

¶ Weatherly has a very valuable water plant. Eight years ago the corporation was organized with a capital stock of $10,000, which was in a short time increased to $12,000. A debt of $6000 is carried. The part value of the stock is $10. It cannot be bought today for $20. The town could not possibly get along without the reservoir water, and as a matter of course, the stock is not depreciating, it is safer today than the Reading or any of its branches, including the Lehigh Valley.

¶ Wm. McCarthy, of Beaver Meadow, employed in the "Chain Gang" for Coxe Bros., met with an accident Monday which might have cost him his life. He was engaged in doing some work about steam pipes near the breaker when his wrench slipped and he fell a distance of thirty feet among a lot of debris on the ground below. He was unconscious for some time. He He received injuries about the head and body and had a number of teeth broken.

—We are glad to state that our esteemed School Board has bought the International Encyclopædia, consisting of fifteen volumes, as a reference work for our public schools. We earnestly hope that other boards may take the hint and follow suit as it is a desideratum felt in most of our schools. Our School Board is made up of men of the proper grit.

—The friends and neighbors of Mrs. Thomas Thomas have had the pleasure of seeing her familiar figure move among them again in her usual, agreeable and pleasant way, after an absence of three or four months to the Philadelphia Hospital.

—The public schools of this town will open in a week or two for another term of nine months.

—The work at the St. John's church is progressing nicely. Quite a large force of men are engaged in digging the foundation trenches and quarrying the stones. Mr. Keener, of Bowmanstown, has the contract for the masonry work.

—There will be Reformed services in School Hall on next Sabbath morning and evening. In the morning, at half past ten o'clock, Harvest Home services will be held. In the evening, at half past seven o'clock, the pastor, Rev. L. M. Kerschner, will preach a special sermon to the children on the text, "Thy Word is a Lamp." This no doubt will be a rare treat and all interested in the welfare of children should make it their business to be there.

RAILROAD NOTES

Short Paragraphs That Will be of Interest to the Railroad Boys.

‡ The Jersey Central Road has contracted to carry 107 car loads of G. A. R. men to Washington to participate in the Grand Army Encampments to be held there in September. The men will be mostly from New England States.

‡ President McLeod, of the Reading, has issued the following circular under date of Aug. 17: "Rollin H. Wilbur is appointed assistant to the third vice president, and in the absence of the third vice president will perform the duties of the office. Mr. Wilbur will continue to perform such other duties as have been, or may be, assigned to him by the president."

‡ A good deal of dissatisfaction has been created among the Pennsylvania Railroad employes at Columbia, numbering 600 men, by the posting of the following bulletin: "The use of intoxicating liquors by the employes of the Pennsylvania Division on duty must be stopped at once. Any employe found visiting a saloon or a place where intoxicating liquors are sold will be severely disciplined. Train men are on duty from the time they are called out."

‡ Every now and then some one is reported as having solved the automatic car coupler problem. This is an improvement that will never be any good until the cars are made uniform and the coupler is invented that will never get out of order. More hands are squeezed and lost by substituting the old-fashioned pin for the patent coupler than in any other way on the railroad.

‡ The effort to combine the two railroad stations at Penn Haven Junction wouldn't work. O. R. Schlauch, formerly at Rockport, is the new freight and ticket agent on the Central at Penn Haven Junction.

‡ Crayton Hoover, the Weatherly railroad storekeeper, under the Reading system, has resigned his position. Mr. A. F. Deifender, or Packerton, has received the appointment in his place. Mr. Deifander has some experience in this work, occupying a similar position in Packerton.

A Handsome Country Home.

Located about a mile and a half from lively Lehighton, on the main road to New Mahoning, is the handsome country residence of Mr. and Mrs. C. A. Rex, of Mauch Chunk. The dwelling is a large, roomy brick, and was built by the late Charles Lippencott, back some where in the early part of the decade of forty. It comprises all necessary outbuildings and 205 acres of land, all of which is thoroughly improved, 5 acres of which is devoted to a peach orchard on which is planted 1000 trees of the finest varities of peaches. From this orchard, one day last week, the manager, Nathan Rex, picked from one hundred trees 175 large baskets of peaches. There are ten different varities, including the early and late peach, and they find a very ready market at Mauch Chunk's popular Bon Marche. The orchard was planted about four years ago by Mr. Rex and is perhaps the largest devoted exclusively to the peach in Carbon county or the Lehigh Valley. A representative of this paper visited the orchard Tuesday in company with Mr. Jonathan Kistler and feasted on the luscious fruit through the kindness of Mr. Rex. The trees are literally bearing down with fruit and many hundred baskets can yet be picked and marketed. The yield last year was very small, not more than fifteen baskets coming from the 1000 trees. The peach too is excellently flavored and rich in its lusciousness.

The present owner of this handsome and valuable property has been in possession about six years, having purchased it from the Linderman estate. Mr. Rex is always making improvements and just now is building a reservoir and laying a pipe line to supply the different building on his property with spring water.

Long suffering always makes God's children gentle.

Don't look back and you won't want to go back.

God's way is the only sure way in anything.

The only easy thing to this world is to love.

BEN FRANKLIN'S TOWN WIDE AWAKE AND PUSHING.

The "Stroller" Sensibly Epitomizes the Happenings of this Town and Vicinity in His Usual Bright Style.

—I. G. Bagentose, of Mahanoy City, was a visitor here this week.

—Benj. Kern, of Slatington, was here for a few hours on Monday.

—Abraham Zeigenfus, of Philadelphia, was in town on Saturday.

—Joseph Krum has the contract to build Elmer Gilham's new home in the east side.

—Dennis Zellner, a Slatington contractor, was in town on Monday doing business.

—Mrs. Annie Seip is home from a pleasant sojourn among Danielsville friends.

—Miss Lovie Brown, of Schuylkill county, was the guest of Miss Mamie Werley this week.

—John Lentz, of Slatington, representing the New York Life Insurance Company, was in town Tuesday.

—Religious services will be held in School Hall at the usual hour on Sunday morning. All are invited.

—Daniel Graver, our popular tailor was in Philadelphia, this week buying in fall and winter suiting, &c.

—Charles Goth has the contract to paint and paper the interior of James Williamson's pretty home on Franklin street.

—Our public schools will open for a nine months' term on Monday coming, with Prof. Davis, of Lansford, as principal, and Miss Helen Carpenter, of Bloomsburg, in charge of the primary school.

—The Cynosure Club "Lemon Grove Tea" held in their club room on Thursday, Friday and Saturday evenings of last week was a grand success in every particular—the young ladies clearing about $30.

—C. W. Schwab, the successful wheelright and blacksmith of North Weissport, reports business as being exceedingly brisk. Will has a large trade because he does all work in his line in the very best manner and at the lowest prices.

—Levi Horn has the contract to do the excavation for a large bake oven in the rear of the P. J. Kistler property now occupied by the post office and recently purchased by Charles Laury, our popular baker. It is expected that Mr. Laury will take possession of the building during next spring.

—We very much regret to note the continued illness of Mrs. Samuel Welch, who, about six months ago, was afflicted with paralysis. Mrs. Welsh is aged sixty-eight years and is now quite feeble. Her husband, Tax Collector Welch, on Monday reached his 73rd birthday anniversary and is enjoying comparatively good health.

—A little child of J. W. Heller had a very narrow escape from death or serious injury on Monday. The little one was in a coach pushed by a young girl when a drunken farmer driving a spirited team of horses came galloping along at a wild speed and only by the quick manouvers of the nurse was the child saved. More care should be exercised in the future and something should be done to put a stop to this wild and unreasonable driving.

—There will be a grand sweepstake shoot with live birds at the Franklin House on Thursday, September 15, at nine o'clock. There will be six events, as follows:

No. 1—3 Birds		$2.00
" 2—5	"	4.00
" 3—7	"	6.00
" 4—4	"	3.00
" 5—10	"	8.00
" 6—3	"	2.00

The American Association rules will govern the shooting. All entrance includes birds at twenty cents each, and dead birds belong to the shooters. All purses will be divided into 50, 30 and 20 per cent. and less than five shooters 60 and 40 per cent. It is expected that this event will bring many well known shooters to town.

—We regret to chronicle the death of a much loved and highly esteemed lady of East Weissport, on Sunday, Mary, wife of Josiah Ruch, after a confinement of twenty-one months with paralysis. Deceased was born in Lehighton and was a daughter of David and Elizabeth Heller, the former died in the year 1849, and her aged mother is still living here with Gus Oswald. On the 27th day of August in the year 1849 she was married to Josiah Ruch, Rev. E. A. Bauer, of Lehighton, officiating at the ceremony. Four children were born to them, all of whom preceeded their kind and loving mother to the great beyond. Death came to this desciple of God as quietly as sleep in which her soul returned to its maker. Interment was made on Wednesday afternoon, Rev. I. J. Reitz, of the Evangelical church, of which she was a member, officiating. The husband in his sore bereavement has our sincere sympathy.

Rain Needed.

We are experiencing extremely dry weather in these parts, and rain is very much needed. The earth is parched, and vegetation is suffering. The roads—well it is almost impossible to describe them. In the language of the girl of the period, they are "perfectly awful." The dust ain't quite knee-deep, but it has attained a depth that makes traveling anything but pleasant. The truth of the matter is, everything is literally covered with dust, and no matter where you go, whether through the house, store, church, hotel or shop, you are sure to come into contact with this unwelcome clothes soiling guest. A fellow can hardly eat his dinner with any degree of comfort, or relish it, on account of the dust. The farmers ought to plough, but the earth is baked too hard and as a consequence they can't go ahead with the work. Springs wells and cisterns are getting very low, and hence rain is badly needed.
