SAFRIDAY, OCTOBER 1, 1912

Some Wide Circulation Larger than that of any Weekly in Leighton.

A. LIE NALLEB.
MAYOR OF LEIGHTON, PA., 1912.

Editor of the Advocate: Some of my friends have been circulating the report that I had made a compact with J. J. Kuntz, Republican nominee for the Legislature, to elect him to said office. I desire to say through your columns that it is false and that I am strictly for W. F. Biery, the Democratic nominee.
Yours truly,
O. W. EISER

OWEN REHRIG'S letter of acceptance is out. It is short and to the point.

THE MAYOR CHURCH Quartet is becoming harmonious. Last week it spoke of Mrs. Gilliam as being brilliant. Did you see?

LEIGHTON'S Board of Health will give the town the sanitary improvement wanted. The sewers on First street will be cleaned. They need it badly.

SEVERAL new names were added to our subscription list this week. The list is growing steadily and advertisers should not forget it.

BIERY, the Democratic candidate for the Legislature continues to grow in popularity among the voters of all parties and he will be elected by the usual Democratic majority at the coming election. The forces are organized all along the line to be ready for solid work at the polls in November.

THE DAILY NEWS is a new candidate for public consideration at Mt. Carmel. The paper is four pages, six columns to a page and has all the necessary requisites of a well appointed newspaper. The News will be a success because there is energy, vim and sufficient back bone to it to make it a success. The people of that town don't want to cling with their patronage to a paper that is run by a man who is not a native. Push the News and the News will in turn push the town. Both work together. Here's success to the News Publishing Company.

THE LIFE of the average coal miner is a trying one to say at least. He leaves his home in the morning not knowing whether he will ever cross the threshold of that door again. He goes down into the bowels of the earth, and shut off from the light of God, in darkness and solitude labor with pick and shovel, with a cruel top rock hanging overhead that may at any moment fall and drive him out of existence. He emerges from his temporary dungeon at night, dust begrimed and racked with pain of body. He returns to his home glad in the fact that he is spared him, and the next day goes through some miserable experience. His life is cut short by the injurious effects of gas, foul air and the many impurities that abound in the various depths. He becomes prematurely old, and saving man though he may be, what has he got as a result of his labor? A racked and contorted body and an empty pocketbook is the portion of the majority, and the few who follow the vocation of mine life and rest peaceful and content in his latter days. The law is on for legislation that will increase his earnings and give him some compensation for the burden of his life.

MR. CARNEI NEWS.

NATIONAL ECONOMY in speaking of the recent labor troubles takes a very creditable stand on the subject and advises the laborer to get the polls and defeat the designs of the monopolists by their ballot in the polls.

Among other things it says:
"When the rights of money and the rights of labor clash, what is the duty of the Government? Should it support money against men? Is that what a Government for the people means? Has not capital been supreme monarch long enough?
"We wish to be free how shall we gain our freedom? By bullets?
"Not bullets, but ballots.
"Bullets are the weapons of the weak and cowardly, who know their cause is unjust. Labor—can conquer through the ballot.
"Sixty-nine ballots against one! What can capital do when labor is united? Nothing, except to grant the just demands of labor.
"Let the people elect representatives, who will represent them.
"In the past labor has been controlled in the interest of capital.
"In the future capital must be controlled in the interest of labor. In the conflict between the men and money men must win or the republic will fall, and we shall see an aristocracy, if not a monarchy, built upon its ruins. How do we avoid this danger?
"See to it that not labor only but capital also is controlled.
"There is but one way.
"Organize! Educate! Vote! Let the people rule!"

THE NEW Ballot.

Copies of the revised form of the official ballot and of the specimen ballots which are to be used under the new election law together with a copy of the correspondence between the Secretary of State and Attorney General in the matter, were issued Wednesday from the office of the Secretary of the Commonwealth to the various boards of County Commissioners, the state, law judges, members of the House or Senate, newspapers and leaders of political parties. The specimen ballot is printed on white paper, and the official ballot on tinted paper in conformity with the provisions of the law.

THE NAMES of the candidates of the Democratic, Republican and Prohibitionist parties are in groups. The Republican candidates are placed on the ballot "by nomination papers," these words having been printed at the head of the third column in each of the ballot type. The fourth column is left blank with these words printed before the name of the various offices to be voted for: "The voter may insert before the name of any person whose name is not printed on the ballot for whom he desires to vote."
The Secretary of State gives notice to the County Commissioners in a circular letter accompanying copies of the ballot type. The forms which were sent out in March by him are not to be believed, but are to be entirely discarded.

NATIONAL COLUMBIAN PUBLIC SCHOOL CONVENTION.

WHEREAS, by a joint resolution approved June 20, 1892, it was resolved by the Senate and House of Representatives of the United States of America in Congress assembled, "That the President of the United States be authorized and directed to issue a proclamation recommending the people the observance in all their localities of the 100th anniversary of the discovery of America, on October 12, 1892, by public demonstration and suitable exercises in their schools and other places of assembly."

AND WHEREAS, I, Benjamin Harrison, President of the United States of America, in pursuance of the aforesaid joint resolution, do hereby appoint Friday, October 23, 1892, the four hundredth anniversary of the discovery of America by Columbus, as a general holiday for the people of the United States; and that day let the people as far as possible, cease from toil and devote themselves to such exercises as may best express honor to the discoverer and their appreciation of the great achievements of the four completed centuries of American life.

Columbus stood in his age as the pioneer of progress and enlightenment. The system of universal education is in our age the most prominent and salutary feature of the spirit of enlightenment, and it is peculiarly appropriate that the schools be made the center of the day's demonstration. Let the national flag float over every schoolhouse in the country, and the exercises be such as shall impress upon our youth the patriotic duties of American citizenship.

In the churches and other places of assembly of the people let there be expressions of gratitude to Divine Providence for the devout faith of the discoverer and for the Divine care and guidance which has directed our history and so abundantly blessed our people.

In testimony whereof I have hereunto set my hand and caused the seal of the United States to be hereunto affixed.

Done at the city of Washington this 21st day of July, in the year of our Lord one thousand eight hundred and ninety-two, and of the independence of the United States the one hundred and seventeenth.

By the President:
BENJAMIN HARRISON.
