SATURDAY, OCTOBER 8, 1892.

Does This Circulation Larger than that of any Weekly Newspaper in the County.

To Delinquents.

You get the CARBON ADVOCATE by mail, just look at the direction tab on your paper, and you will see just how much you are indebted for the paper; remit the same by Postal Note, Money Order or Greenbacks without delay. We need the money—a dollar or two to each is not much, the aggregate to us amounts to hundreds of dollars. Come, gents, pony up. Address.

H. V. MOETHIMER, Prop.

Lehighton, Pa.

Delinquents living in this neighborhood will please call and settle, and save 25 cents for collection.

A LIE NAILED.

MAUCH CHUNK, Aug. 24, 1892.

EDITOR OF THE ADVOCATE: Some of my enemies have been circulating the report that I had made a compact with Mr. E. J. Kuntz, Republican nominee for the Legislature, to elect him to said office. I desire to say through your columns that it is FALSE, and that I am HEARTILY for W. F. Biery, the Democratic nominee.

Yours truly,

GEO. W. ESSER

THE AMOUNT of land in the United ...dom that is owned by members of ... House of Lords and British syndi... would be surprising to most ...ericans, who believe that America ...ned by Americans. The aggregate ...ws the immense total of 20,941,936 ...res, or an area greater than Ireland, ...,000,000 more than all of Scotland, ...nd more than half as much as England and Wales.—New York Herald.

Alien ownership of land should not be allowed. It is against the interests of America and Americans.

A SPECIAL agent of the National Bureau of Labor Statistics, who has just returned from a trip through Pennsylvania says: "Show me a place in Russia where the people are miserable and starving, and I will match it in Pennsylvania. Show me a community in Europe where the people have lost hope and are only waiting for death to release them from their sufferings, and I will match it in Pennsylvania."—New York Evening World.

We think that this is just a little bit over drawn by the New York World. It is possible that in some sections of this great state there are people who are poor but it is questionable if there are any communities where people are starving or where they can be put on a ...reeting with the serfs of Russia. In many of the cases where want exists it is the fault of the people themselves.

THE MAUCH CHUNK DEMOCRAT accuses G. W. Esser and Jonathan Kistler of treachery to W. F. Biery. IT CANNOT BE TRUE! The eyes of the people are on both these men as well as on some others whom we will not mention at this time. By acts shall ye be known. Stand true to Biery! The Democrat says: "Democrats stand up! The honor of your party and your own honor is stake. At the recent county meeting and county convention you pledged yourselves to genuine, honest, harmonious action. Show on the 8th of November that there is honor and honesty in the Democratic party of Carbon county. Let the Democrats of East Mauch Chunk and Summit Hill know that trading irresponsible politicians have been bargaining to deliver them to the Republican party like a lot of sheep. If treachery is contemplated let it be known. Let the traitors be marked and let the honest Democracy of the county who have honestly and sincerely harmonized and come together for the purpose of redeeming Carbon county, show that their professions were honest and that they expect every one who claims to be a Democrat to stand up manfully for the Democratic ticket, that they intend to allow Benjamin Kuntz and the Republican party under, and that in the future they will have no use for any Democrat who proves a traitor this year."

STAND FIRM.

It is of great importance to each and every Democrat in Carbon county that the next member of the Legislature from Carbon county shall be a Democrat and this for more reasons than one. First, because the Democratic candidate for this very important office is a Democrat representing the great fundamental truths of the party of Grover Cleveland; second, because Mr. Biery is not for Matt Quay; third, because it is essentially necessary to the future welfare of the Democratic party in this county that the Democratic ticket shall be elected by the old-time majority. It is no time for quibbling or petty jealousies. The Democratic party is bigger than any man in that party and if there are any wearing the guise of a Democrat who are not or will not be honest to the principles of that party and to the Democratic candidate then the party has no further use for them. Mr. Biery must be elected. He is an honest, intelligent, conscientious young man, well equipped in parliamentary law and rules to look after the interests of the common people at Harrisburg. On his election depends entirely the future success of the Democratic party in this county. Will the ambitious young men of the party stand idle while there is so much at stake? Hardly! If there are those in the ranks who will prove traitorous to Mr. Biery we can only say that some day "the chickens will come home to roost." Stand firm. Let Democrats be Democrats when at the polls and success is assured.

A Wreck at Penn Haven.

There was a railroad wreck early Monday morning on the Valley a few miles south of Penn Haven Junction. It was not very extensive, but made things interesting to the railroaders for a time. Engineer Aaron Hosier was on his way to the Wyoming region with a long train of empty freight cars. The train parted and when the cars came together, pushed by an engine in the rear, three or four of them were ground into kindling wood. It was but a short time, however, before the wreck was cleared and the long line of trains that had gathered on both sides of the wreck were able to continue on their way.

SECRET SOCIETY GOSSIP.

Society Tid-Bits of Interest to the Members of the Fraternity.

* Attendance at lodges should now be large. The pleasant weather should encourage lodge visitations.

* Pennsylvania has 42,000 Masons. It ranks third in numerical strength.

* The total membership of the Knights of Pythias is 400,000.

* In Pennsylvania the Junior Order American Mechanics has a membership of 80,000.

* The order of Knights of Honor carries about $275,000,000 insurance, and pays over $30,000,000 yearly to widows and orphans.

* Lehigh Council 101, Jr. O. U. A. M., of town, has extended a letter of sympathy to E. D. Ditterline on the death of his infant son Robert.

* Washington Camp, P. O. S. of A., of Lansford, will give a home talent entertainment soon.

* Robert Werley has been elected outside sentinel of Lehigh Council 101, Jr. O. U. A. M., to fill an unexpired term.

* On the 17th of this month Captain Joseph S. Webb Camp, No. 95, S. of V., will be one year old. When they were instituted there was a membership of 15 now there are 45. The anniversary will no doubt be observed by a camp fire, &c.

* Through the action of Lehigh Council 101, Jr. O. U. A. M., of town, the National Representatives elected at Easton by the State Council were instructed to use every effort to prevent there being another vote on the change of name in the next ten years.

* A district Camp, P. O. S. of A., will be held in White Haven Friday evening. Many of the camps from the surrounding towns will be represented. There will be a parade of the local and visiting Camps, including several bands. At the conclusion a reception will be held at the opera house, where a lunch will also be served.

* Under the head of secret society news we will every issue publish matters of local interest to the lodges. If you know of anything that you would like to see under this head hand it in or send it to us. There will be no charge whatever.

* Our people will witness the largest parade ever held in this locality, and the most beautiful one ever seen in the Lehigh Valley and Eastern Pennsylvania. There is no finer appearing body of men than the military branch of the Knights of the Golden Eagle. A more gentlemanly or sociable set of men it will never be the pleasure of Slatingtonians to meet. Wherever the gallant knights have appeared they have won golden opinions and compliments for the excellence of drill and appearance.—Slatington News.

* The Intermediate Pension act, which became a law July 4th, provides "That soldiers and sailors who are shown to be wholly incapacitated for manuel labor by reason of injuries or disease contracted in the services of the United States and in line of duty, and who are thereby disabled to such a degree as to require frequent and periodical, though not regular and constant personal aid and attendance of other persons, shall be entitled to a pension of $50 per month from and after the date of the examining surgeons showing such degree of disability, and made subsequent to the passage of this act."

Tuesday evening last can safely be put down in the history of the I. O. O. F., of town, as a pleasant occasion long to be remembered by all who were present. The following friends, from Mauch Chunk Lodge, No. 76, I. O. O. F., were present: J. J. Bevan, B. F. Kuehner, John Neast, E. Bauer, Thomas Kuehner, George Hartman, Henry Schronk, Harry Lobien. The commencement of the second term of 1892 being at hand the officers of Gnaden Hutten Lodge were installed in regular form by D. D. G. M., B. F. Kuehner, of East Mauch Chunk. The ceremonies were entirely satisfactory in every particular. After the meeting the members and invited guests, by the straight road neither turning to the right of left safely found their way to the basement of the Valley House where a grand repast was in waiting. There amidst the strains of music rendered by an orchestra composed of John J. Hummel, Wilson Frantz, Thomas Sell, Oliver Follweiler and Chas. Frohnheiser. The occasion was enjoyed as only healthy, hearty members of the I. O. O. F., can enjoy. For further information as in accordance with their mysterious dealings knock at their outer door and the balance will be fully explained.

RAILROAD NOTES.

Short Paragraphs That Will be of Interest to the Railroad Boys.

‡ The Lehigh Valley freight agents have received notice not to accept any rags, second hand furniture paper waste or bedding for shipment over the Clyde Steamship line, as the latter company will not handle it, owing to the quarantine regulations.

‡ The new freight transfer station of the Reading Railroad near Wayne Junction has gone into operation. Thirty-five clerks are at work there and the number is to be increased to sixty. All freight from Bethlehem, New York, etc., is sorted and handled there and reloaded to destination.

‡ The jury in the case of James Jennings against the Lehigh Valley Railroad to recover $20,000 damages for injuries in the Mud Run disaster in 1888, came into court at noon Saturday with a verdict of $5,000. The corporation attorneys immediately moved to have the verdict set aside and a new trial granted. Judge Connols forthwith allowed all that was asked on the damages were excessive. The company had offered to settle the case by giving the plaintiff $2,500, but the offer was refused.

‡ Seventy men have been discharged from the Lehigh Valley gravel train at White Haven. These men were employed on new work, and the construction of the double track having been completed, there was nothing else for them to do. It is not expected that the regular train will be suspended during this winter, as customary, for there will be enough work to keep the men busy.

‡ A Labor organization that extends into every State and Territory of the Union, and which has had but three strikes in twenty-eight years, and which has paid out to its members during the same period the sum of three millions of dollars, is a labor Union that means something. It indicates that the management has been sound and prudent; the reason is a better weapon than a strike or boycott. It would be well if some of the other labor organizations were to pattern after the Brotherhood of Locomotive Engineers.

‡ Whatever may be the thought of the terms of settlement Chief Arthur, of the Brotherhood of Engineers, late-agreed upon with McLeod there is no doubt that he stands to-day as the most successful trades union leader in this country. He has been radically opposed to strikes, and has had but three strikes in the last twenty-eight years of the Brotherhood's existence, and these could have been avoided had not the roads been determined to force the issue. When Chief Arthur says that his remedy for labor troubles is that suggested in the Bible, "Come let us reason together," and "He unto others as ye would that others should do unto you," he lays bare the secret of his success, and if labor leaders always worked in this spirit much more good could be accomplished. A spirit of amity between employer and employee breeds discord and strife, and in strife the strong win while the weak go to the wall.

VOTING BY THE NEW LAW.

Every Voter Will Find It of No Little Importance to Read and Ponder the Following Instructions as to How to Cast His Ballot and Make No Error.

The voter is disqualified if he has agreed to receive or receives any valuable consideration for his vote; or has a wager or bet pending on the election; or has been convicted of a wilful violation of the election laws; or has promised to give any voter a valuable consideration for voting or withholding his vote.

Besides the election officers and supervisors authorized by the laws of the United States, or overseers appointed by the courts of this commonwealth, not more than four voters in excess of the number of voting shelves or compartments shall be allowed inside of the enclosed space at one time and not more than ten outside the space. Specimen ballots and cards of instruction can be obtained from the election officers upon request. The person desiring to vote will enter the room and remain outside the guard rail. When his turn arrives he shall first give his name and residence to one of the election officers in charge of the ballots.

The officer will thereupon announce the name in a loud and distinct tone of voice. If the voter's name is upon the ballot check list, the inspector in charge of the said list will repeat the name. The voter will then enter the space enclosed by the guard rail, unless his right to vote be challenged. The voter having the right to vote will enter within the guard rail. Upon his receiving the ballot, the check list shall be marked by election officers, and the voter shall forthwith, and without leaving the space enclosed by guard rail retire to one of the voting shelves or compartments.

Only official ballots can be voted, and any ballot other than a sample ballot, appearing to have been obtained otherwise than provided by the act, shall be sent to the district attorney for his official action.

The voter upon entering the voting shelf or compartment must prepare his ballot. No voter will be allowed to occupy a voting shelf or compartment already occupied by another, except when giving the help allowed in the preparation of his ticket; nor to remain in such compartment more than three minutes if all the compartments are in use and others are waiting to vote.

If any voter declares to the judge of election that he desires assistance in the preparation of his ballot, by reason of disability, he shall be permitted by the judge of election to select a qualified voter of the election district to aid him in the preparation of his ballot, such preparation being made in the voting compartment. A voter who shall, except as before stated, allow his ballot to be seen with an apparent intention of letting it be known how he is about to vote, or shall wilfully violate any provisions of the act shall be guilty of a misdemeanor.

If the voter desires, he can make a cross mark in the square opposite and to the right of each of the candidates for each office to be filled in the party column, and his vote will be counted as one vote for each candidate so marked. If the voter adopts the plan of marking a cross to the right of each candidate he should be careful not to miss a name, as a name not crossed will not be counted. The sample method, where the voter desires to vote the "straight" or whole ticket, is to place a cross mark to the right of party name at the head or top of each group in the party column, the only difficulties in the use of the new ballot being those which arise from an attempt to vote a mixed or "scratched" ticket.

That is where a Democrat desires to vote for a candidate on the Republican ticket, say for representative in the general assembly, he can put a X at the head of each group in the Democratic column, except the representative group; and if there are, say, two representatives to be elected, he can put a X opposite the name of one representative nominee in the Republican group. In other words, so far as he votes a straight ticket, he marks the groups, and where he desired to "cut" his ticket he marks the names of the nominee. Crosses must be marked in the appropriate margin or place only, and always at the right hand side of the party column. If a voter marks more names than there are persons to be elected to an office his vote shall not be counted for such office.

The voter must not cross out any names upon the ticket, nor cover a name with a "sticker" or "paster," except in the case referred to in the next section. When a candidate has died or withdrawn, and a substituted nomination is made after the ballots are printed, the new name will be printed upon a "sticker," which should be pasted over to cover the name of the deceased or withdrawn candidate. The voter should, in placing the "sticker" over the name of the candidate so deceased or withdrawn, use great care so as not to cover more than one name. Under no other circumstances can a "sticker" be pasted over a name or be placed in the party column.

Before leaving the voting shelf or compartment the voter must fold his ballot without displaying the marks made by him, in the same way it was folded when handed to him by the election officer, and keep it folded until he has voted. After leaving the voting shelf and before leaving the enclosed space he shall give his ballot to the election officer in charge of the ballot box.

This officer, without unfolding the ballot, shall number it in the right hand upper corner of the back of the ballot, immediately to the left of the folding line, and then shall fold the corner so as to cover the number, and then paste it down so that the number cannot be seen and deposit in the ballot box. The voter may make a memorandum of the number of his own ballot. No voter, not an election officer, shall be allowed to reenter the enclosed space after he has once left it, except to give help, as hereinbefore stated.

Fall Styles.

The World of Fashion has been astir of late in the consequence of the revival of what is called the Directoire styles, for which much popularity is predicted this Autumn. The Directoire being that period of French history which preceded the coronation of Napoleon I, and of his wife, Josephine, leans naturally to the Empire and Josephine styles, concerning which there is also a great deal of interest manifested. Another favorite variation will be the Recamier costume, taking its appellation from the famous lady of that name, who is credited celebrated for her beauty and her friendship with Mme. de Stael. The old-time balloon sleeve, another reminiscence of that epoch, will be much in vogue this Fall. Many people use the expressions Directoire, Empire, Recamier without fully realizing what these terms signify, and are consequently apt to err in their endeavor to select the latest novelties. A careful perusal of a first-class Fashion Magazine like La Mode de Paris, Paris Album of Fashion or La Courturiere will furnish a satisfactory explanation of the differences between these historical costumes. These Journals not only illustrate all modifications of these sundry styles, but also give full length descriptions of the materials to be used with appropriate trimmings, and reproduce as well the latest novelties in millinery and hat ornaments. The most practical way of obtaining this information is to subscribe for these Journals. La Mode de Paris and Paris Album of Fashion are $3.00 per year each. They are the most artistic Fashion Magazines published. La Courturiere is a home journal for $2.50 and La Mode is only $1.50 per year. Another important fact to remember is that the three former publications contain each month a tissue on color pasted garment with valuable practical suggestions. You can generally get single copies from your newsdealer, but do not allow him to give you some other format for one of these. You can get them if you write to the publishers, Messrs A. McIver-ny & Co., 4 West 14th Street, New York.

BIERY,

WEISSPORT, PA.

Now that school is open it wont be out of the way to talk for a moment about TABLETS and to bring in incidentally a word in reference to stationery of all kinds. Now, in Tablets, we haven't got the largest or best assortment in the world, but we have as nice an assortment as can be found hereabout and the prices are very low. When school opens you will need a Tablet, then why not buy it here? Low prices, good paper, etc. In writing paper and envelopes we can sell you a good article very cheap; why not buy here? we will appreciate your patronage and treat you right. Come and see us.

BIERY, The Druggist.

What is Electropoise? And What Will it Do?

The Electropoise has been in use for four years, and is well known in some sections of the United States, but there are a great many sufferers that have never heard the name. Those that have heard of it and seen something of its wonderful powers, are curious to know how an instrument so small and so simple can accomplish cures so great. Now, while the Electropoise is very wonderful, it is not at all mysterious. Its operation falls in with what we know of science, and any one all familiar with the simplest facts of Biology and Physics can understand.

How it operates.—The way in which the Electropoise accomplishes its cures is very simple and natural. It consists of a polarizer, which is connected by a woven wire cord with a small plate and garter. This polarizer is immersed in cold water, or put on ice. The plate at the other end of the cord is attached to the warm body of the patient, generally at the ankle. From the inherent nature of this polarizer it becomes charged, negatively. By the well known laws of induction, the plate, and with it the body of the patient, becomes positively charged. The body thereby becomes a centre of attraction for negative bodies. Oxygen is the most negative form of matter in nature. Hence the body, bathed in the atmosphere, drinks in the life-giving oxygen at every pore. Every process of life is thereby quickened. The temperature rises; the pulse flies with a fuller beat; the skin tingles with new life; every organ acts with renewed vigor, and the effete poisonous products of the body are thrown off with ease.

The quickened change of matter which oxygen produces throughout the system, is accompanied by a largely increased genesis of Nerve Force. Organs half dead and stagnant are born again, and begin to perform their wonted functions. The heart, the lungs, the liver, the organs of the external senses, the organs of reproduction—all these throw off their derangement and weakness, and even the disordered intellect of oftimes reenthroned. Where disease has not already made too great ravages, restoration to perfect health is inevitable. The Electropoise is generally used at night while the patient is asleep, but may be applied, of course, at any time, and to several persons during the twenty-four hours. It will last a life-time, never wears out, nor loses its strength, never needs mending nor recharging.

One in each family will render that family largely independent of doctors and druggists, and thus will save every year many times its small cost.

Not an electrical appliance.—The Electropoise is not in any way akin to the numerous electrical appliances, such as belts, insoles, corsets, shields, &c., palmed off upon the public. It has no method of generating a current, nor means of conducting one. It acts upon well-known biological principles, and is heartily endorsed by many of the best physicians in this and other countries, and is daily used by them in their practice. It is pronounced by them the greatest discovery in the history of medicine, in that it does away with the use of medicines.

Directions for using.—Accompanying each instrument is a book of directions fully explaining its uses. Its method of cure is so simple and free from danger, that the uninitiated and even children can use it with perfect ease and success.

Editorial in Boston Christian Witness and Advocate of Bible Holiness, September 3, 1891:

"A method of treatment of disease without the use of any medicines or drugs, which has been quietly extending itself over all parts of the United States during the past three years with very gratifying results.

We are slow to commend new discoveries of any kind, for the reason that so many of them prove to be worthless. But we can commend the Electropoise as a safe and effective health restorer. We pretend to explain the philosophy of its workings, but, having realized its beneficial effects, we can speak of its results. About one year ago we recommended it to Bro. I. D. Ware, of Philadelphia, for his son, who was a great sufferer from sciatica. He had suffered relief in various ways and found none. He was almost helpless, and rapidly declining. The use of the Electropoise restored him to perfect health, and now, after nearly a year, he is rejoicing as one who has found great spoil. We have seen testimonials of most remarkable cures. This notice of the Electropoise is without solicitation, and entirely gratuitous. We do it for the good of the afflicted. We have no personal interest in it, and are not paid for what we say in its favor."

The following editorial in Central Methodist, Catlettsburg, Ky., was written by Zephaniah Mears, D. D., editor:

"Unless about ten thousand men, mainly professional men, lawyers, doctors, editors, preachers, and all other classes, including the writer, are very much mistaken, the Electropoise effects cures and gives relief where all other known remedies have failed. Especially it is efficacious in the case of delicate women and feeble children. We have used one for the past two years, and find it invaluable as a curative agent."

Names of prominent people in all sections of the U. S. generally can be furnished on application. Our cures cover all parts of the United States and Europe. Over 50,000 people have been treated with the most gratifying results. In the large majority of cases of cures have been speedy, but our claims are modest, and in long-standing, chronic cases you cannot expect speedy cures. We positively refuse to sell the Electropoise in hopeless cases.

For book of testimonials or for any information, send stamp or all at

Electropoise Treatment Company,
1241 Arch Street,
PHILADELPHIA, PA.

Notice to Trespassers.

The undersigned hereby notify all persons that hunting, fishing and nutting on their premises in East Penn and Mahoning township is strictly forbidden, all persons found trespassing and disregarding this notice will be promptly dealt with according to law:

Suicide at West Penn.

Wm. Wehr, a highly esteemed farmer living in West Penn, Schuylkill county committed suicide by hanging himself in the barn on Tuesday morning. There is no cause assigned for the deed Wehr was a married man and had a wife and several grown up children and was in comfortable financial circumstances.

An Opinion on Scarfpins.

The men that have been affecting the scarfpins with the madeup bows, and also with the cravats and Windsors that need no holding in place and disclose the shirt button or stud beneath, are of the genus dude that typify the most offensive phase of overdoing in their aping of the fashions of the day.—Clothier and Furnisher.

A Bad Boy.

Mother—Why don't you play with that little Peterkin boy any more?

Small Son—'Cause he swore.

"Horrors! Did he?"

"Yes'm. He swore I stole his knife, and teacher made me give it back and licked me besides."—Good News.

What Woman Enjoys.

Decision, however suicidal, has more charm for a woman than the most unequivocal Fabian success.—Hardy.

The Cheapest Place in Town

Executor's Sale

OF VERY VALUABLE

Real Estate!

The undersigned Executor of the Estate of Mary Miner, late of the Borough of Weissport, deceased, will sell at public sale on the premises, in Weissport, Carbon county, Penn'a., on Saturday,

OCTOBER 22, 1892,

at two o'clock p. m., the following very valuable Real Estate, to wit: All those two certain LOTS OR PIECES OF GROUND, situate on the North side of Bridge Street, in said Borough of Weissport, Carbon county, Pa., bounded by lots of D. D. Miner and John A. Miller, upon which are erected two TWO-STORY FRAME

DWELLING HOUSES,

each front feet and runs, respectively, with all necessary outbuildings. This property is very eligibly located, and would make a first-class business stand, and will be sold together or separately at the option of the Executor.

Terms and conditions will be made known at time and place of sale by

AUGUSTUS ROTER, Executor.
Estate of MARY MINER, Deceased.
Oct. 1 1892.

A POINTER to Buyers.

We offer just now a special invitation to our friends and patrons to come and see us. The summer is fast fleeting and we will make special prices to sell out our summer goods in order to have a full swing on our fall and winter stock of Dry Goods, Notions and Ready-Made Clothing. We have no room to quote prices, but they are low enough. Don't miss this opportunity but come at once Then too, we are the recognized headquarters for for all kinds of

WILLIAMS & ROGERS, ROCHESTER, N. Y.

H. R. Kreidler

Answers an oft asked Question, namely:

Why can Kreidler paint so cheap and sell new wagons chepaer than others?

Because he buys and sells for Cash!

The good customers don't need to pay for the bad payer's job. I am using just as good material as the others.

DON'T BE BLUFFED ON THAT

I want to do business after this season. Examine my work then give me a trial, b at I want my CASH, then my goods are cheap, and only then,

Yours, in good spirits,

H. R. KREIDLER,

East Weissport, - - Penn'a
