THE COUNTY FAIR.

Gold Weather Keeps Many People Away From Fair.

The eighteenth annual exhibition of the Carbon County Industrial Society, on their spacious grounds in this town during this week, surpassed all previous years in the number of exhibits. In every department the magnitude of former years was completely surpassed. In the machinery and farm products the exhibits showed fully the enterprise of our farm people in machinery, mechanics, and agriculture. In fancy work the ladies could not have done better; in oil painting they were sufficient to show merit and rare ability of the exhibition. Mrs. Oscar Christian, of Weissport, and Franz Mack, of Mauch Chunk, Harry Kreidler, of Weissport, showed fine wagons and carriages; J. Bonnell, of Mauch Chunk, showed fine made clothing, coats, &c.; the furniture, Henry Schwartz, of town; monuments, Benj. of Jordan, agent for the Monumental Bronze Co., of Conshohocken; in organs, sewing machines, washers, pianos, &c. E. E. Boyer, of Weissport, had an exhibit that caught the eye and held the attention of visitors. There were also King of Mauch Chunk, was before the people for the nomination of Supreme Court Judge, he was instrumental in bringing the delegates from his county to the support of his friend. In Carbon county the deceased never said otherwise than that of a local character, although he had been mentioned frequently in connection with public life. He served his party in district conference and in state conference where he was a Mason and was also connected with the Royal Arcanum and other societies. He leaves behind a wife, a son Harry, and a young daughter who mourn his death. He was kind and indulgent at home and generous to a fault when abroad. He had many friends who will long remember his genial way and open hearted disposition. Funeral occurred on Thursday afternoon, Rev. U. W. Duggan officiating at the sad rites, and the afflicted family the "stridor" of a sincere sympathy. The pall bearers were Dr. A. J. Sauer, Dr. A. Clatta, F. Horcher, James Long, P. Kistler and A. Y. Snyder.

WEISSPORT, Pa., Sept. 25, 1922.

EDITOR OF THE CARBON ADVOCATE.

There is and has been for some time in circulation a report that Mr. John W. Heller, the prohibition candidate for Representative, had withdrawn his name. This is absolutely false and without foundation. The report evidently having been put in circulation by some malicious person or persons.

Oct. 3, 1922.

Milton Setzer and wife and Harry Kuern and wife, of Weissport, Pa., were here last week attending the County Fair. Mr. Setzer is a native of this county and for several years lived in the north township. We are also pleased that Mr. Setzer is one of Weissport's prominent citizens and at the late election was elected tax collector and constable of that town, which he is filling with distinction.—Stroudsburg Jeffersonian.

—Some like me come like a shock to our people last Saturday. Only a few days before seemingly in the enjoyment of excellent health and now dead. There were few if any who could at first believe the report was true. Daniel Graver was a son of the late Andrew Graver, who was one of the early pioneers in this end of the county, and was in his fortieth year. In early life deceased was employed as salesman in Lewis Weiss' store, and later in the firm of Graver, Graver and law to Mr. Graver. For several years he lived retired then he took possession of the post office store now conducted by J. P. Fenner. Disposing of the store he was appointed postmaster by President Grover Cleveland and also became prominent in politics having on several occasions been prominently mentioned for the office of representative. During the time of the late Wm. W. Mader, of Mauch Chunk, was before the people for the nomination of Supreme Court Judge, he was instrumental in bringing the delegates from his county to the support of his friend. In Carbon county the deceased never said otherwise than that of a local character, although he had been mentioned frequently in connection with public life. He served his party in district conference and in state conference where he was a Mason and was also connected with the Royal Arcanum and other societies. He leaves behind a wife, a son Harry, and a young daughter who mourn his death. He was kind and indulgent at home and generous to a fault when abroad. He had many friends who will long remember his genial way and open hearted disposition. Funeral occurred on Thursday afternoon, Rev. U. W. Duggan officiating at the sad rites, and the afflicted family the "stridor" of a sincere sympathy. The pall bearers were Dr. A. J. Sauer, Dr. A. Clatta, F. Horcher, James Long, P. Kistler and A. Y. Snyder.

LETTER SQUARES.

Little Children's Hands Were Not Made to Scratch Out Each Other's Eyes Out.

Mary Schaefer and Sarah Green, both of Eckerton, were before Judge Belta the other evening to explain why and wherefore they assault and battered. Mary punched Sarah in an unwise moment when her fiery temper had the best of her common sense. The costs were high. The case was settled by a division of the costs.

James Wagner punched John Scuff the other day. The star eyed goggles of Liberty weighed the evidence in Belta's court. Wagner paid five good dollars and the costs.

The superintendent of the census has issued the following statistics of cereal production in Pennsylvania for the crops year ended May 31, 1920:

Barley, 2,850 acres, 103,841 bushels; buckwheat, 210,188 acres, 3,007,717 bushels; corn, 1,292,393 acres, 42,378,770 bushels; oats, 1,310,197 acres, 30,177,400 bushels; wheat, 1,318,472 acres, 21,208,400 bushels. The total area devoted to cereals was 1,485,017 acres, as compared with 1,721,293 acres at the last census. There was a decrease in the acreage in all cereals except oats, as follows: Barley, 292; buckwheat, 55,711; corn, 120,951; oats, 62,424; wheat, 120,912 acres. The increase in tons was 72,294 tons.

Scrofula in the Neck

The following is from Mrs. J. W. Thibault, wife of the Mayor of McKeesport, Pa.:

"My little boy Willie, now six years old, for years ago had a hunch under one ear which the doctor said was scrofula. As it continued to grow he finally had it removed. He has since been very healthy and is now growing strong and has had no further trouble. His cure is due to Hood's Sarsaparilla."

Hood's Sarsaparilla has never been very robust, but now seems healthy and daily growing strong and has had no further trouble. His cure is due to Hood's Sarsaparilla. Do not let scrofula take the stomach. Try them. Do.

THE CHARGE OF TREASON.

A Big Game of Hittor of the Carnegie

PITTSBURGH, Oct. 1.—Nothing done since the first trouble at Homestead, except perhaps the attempt on the life of H. C. Prick, has caused more talk than the set of Chief Justice Paxton in issuing warrants for the arrest of 25 prominent men charged with treason. This is the first time that the charge of treason has been brought in any state for acts arising from a strike or labor trouble and it is the talk among the attorneys that it certainly is proper to indict the great industrial states of Pennsylvania should be the first to settle this question as to whether armed resistance to law is treason. All the Judges of the Supreme Court now present in this city consulted over the case Friday in their chambers in the court house. It is not likely that any application for release on bail will be made to-day, but applications will be heard on Monday. The most novel part of the case will be their subsequent disposition.

The Chief Justice will hear applications for bail and, before the cases go to the Grand Jury, he will call that body before it a special charge on treason, fully defining the crime and commenting on the case.

Should these bills be found a proceeding never seen before will occur. Chief Justice Paxton, as ex-officio judge of the Court of Oyer and Terminer, will sit in that court in Allegheny county and try the cases.

Brennan and his attorneys for the defendants are highly indignant over what they term the persecution of the defendants and made some severe remarks about the cases and those engaged in prosecuting them. They claim to have no fear of a law suit, but they will not say it will not be possible to make treason out of the acts of the Advisory Committee. They hint that the long contemplated suits for treason against the Carnegie people will not be pushed. It is expected that the arrests will be made to-day.

Another Berman Faction Victory.

One of the interesting cases in which an opinion was handed down in the Supreme Court Monday was that of the Rev. Mr. Green against the Rev. Mr. Weiland, of Bangor. Both ministers claimed the pastorate of the Evangelical church there, asserting that they had been appointed by the legitimate conference. Both conferences were called the East Pennsylvania Conference, and the question was which was the right one. The Northampton Court, Judge Schreyer, last spring decided in favor of the Bangor conference. Justice Green reversed it Monday, remitting the record for further proceedings.
