Major Witcheork's Story of a Close Call. "I was once sentenced to be blown from a gun," said Major John Hitch-cock. "I had long been a resident of that land of revolutions, Central Amer-ica. During one of the semiannual po-litical upheavals I was captured by a sware nob known as the army of San litical upheavals I was captured by a savage mob known as the army of San Salvador and soutened to death. In the camp of my captors a 6-pound gun was fred at high noon by means of a sunglass, and to the muzzle of this antiquated smoothbore I was strapped and left in the broiling san to await my fate. Now, I have faced several kinds of death in my day, but that knocked all the nervo out of me. I could not see the small, flory upot made by the sunglass, but I knew that it was creeping alowly but surely to the powder at ing slowly but surely to the powder at the vent. I imagined I could hear the powder hissing with the heat. The blazing sun beat down upon my bave head, blinding me and seeming to boil

the blood in my veins. I became lays terical and prayed and cursed by turn. "The great clock in the cathedral was on the stroke of noon, and I knew that the concentrated rays of the sun were pouring squarely upon the powder. The troops were dowing in the shade. A few, awakened by the bell, raised up on their elbows and watched me with lary inte four-five-with maddening deliber

him in English. But I have always re membered when traveling abroad the art of the physician who put all the re-mains of old prescriptions into one botmains of old prescriptions into one botthe—the oil and the caloniel and the
rhubarb and the sasafetida—and when
he found a patient with a "complication
of diseases" he would shake up his oid
bottle and give bim a doss. And so I
have compounded a language for European travel. I generally take a little
French and a little German and a little
English, with a few snatches of Chinese
and Choctaw, and when I find a stubborn case of waiter or landlord that
will not understand I simply shake up
all the dialects and give him a dose. It
is are to strike somewhere. If you
cannot make him understand, you at
any rate give him a torrible scare. any rate give him a terrible scars.

I never had the anxiety of some in strange land getting things to est, like everything in all the round of do accept animitod choose and colorous codiish; always have a good appetite never in my life missed a most ray once, whon I could not got any, and knowing that "sine gerostote riendifished achiebe" means a bestelsak, "eine mes set" a knife, and "ome gabeil" a fork and "choose servicité" a marking affection and "cine servistte" a napkin, after the feel perfectly reckless as to what I ca or cannot get.—Rev. T. De Wits Talman in Ladies' Home Journal.

How many men like hard work? Many of us are ready enough to tax our minds or our muscles to the ulmost for a certain object, but it is the object we love not the labor. If we could obtain the end we covet without exertion, which or us would tell and awent as a matter of

of those win pluffes to be enamined of work are core bypaceties.

Adam himself was an indefect fellow. Had it been otherwise the cultivation of the soil would not have been imposed upon bin as a pensity for his disobeliance. He was quite taken back when told that he must live by the sevent of his face. He would have preferred the life of a pentionen of lossers, and most of his descendants take after him in that particular. Nevertheless we told with an energy and perseverance that do honor to our—shall we say to our greed.
