FRENCHMEN SENTENCED.

More Panama Corruptionists to Serve Time in Prison.

PARIS, March 23.—The jury in the cases of the Panama conspirators announced that Charles de Lesseps, accused of corrupting ex-Minister of Public Works Baihaut, to support the Panama lottery bonds bill, had been found guilty, that M. Baihaut who had confessed his guilt in open court, had also been found guilty, and that M. Blondin, the go between in the bribery of M. Baihaut, was also guilty. Two other defendants were declared not guilty. These were Marius Fontaine, Panama canal director; M. Suss Leroy, ex-deputy, who was accused of changing his vote in committee on the Panama bill as the result of bribery; Senator Beral, accused of being bribed by Baron de Reinach, and Deputies Dugue, de la Fauconnerie, Gobron and Antonin Proust, who were accused of corruption.

The court sentenced M. Baihaut to imprisonment for five years, to pay a fine of 750,000 frances and to the loss of civil rights for five years. M. Blondin was sentenced to imprisonment for two years and Charles de Lesseps to imprisonment for one year, the one year to run concurrently with the five years' sentence already imposed on him.

The court also ordered M. de Lesseps, M. Blondin and M. Baihaut to pay to M. Monchicourt, liquidator of the Panama Canal company, 375,000 francs, the amount taken from the treasury of the company, and paid to M. Baihaut for his influence in favor of the lottery loan bill.

A POPULAR PREACHER DEAD

A Son of the Famous Prussian General Von Puttkamer.

NEW YORK, March 23.—Rev. Albert Puttkamker died in the Baptist Ministers' home at West Farm yesterday. He was born in Prussia, where the name of Von Puttkamer is nationally known and highly honored. After serving in the Prussian army he came to the United States and entered the ministry. In the war of the rebellion he served as a captain under General Hunt, and took part in many engagements. On the death of his wife he visited the fatherland and discovered that during his absence he had inherited and forfeited by his absence the vast Von Puttkamer estates in Pomerania, which included some fifty villages and yielded an enormous revenue. He returned to America and resumed his work in the pulpit. He labored in various cities in New York, Pennsylvania, Wisconsin and Ohio, where Germans most did congregate, and great success followed his efforts.

Washington Relics Come High.

PHILADELPHIA, March 23.—Another of the numerous sales of Washington relics that have been held here in the past few years was begun yesterday at the salesrooms of a well known auction house. An autograph letter of Washington's, written at Mt. Vernon one day before his death, and the last letter he ever wrote, was sold to the Historical Society of Pennsylvania for $650. Washington's secretary and bookcase was sold for $2,000; his card tables for $300 apiece, and his dining table for $385. A French spinnet, with bell and drum attachment, that belonged to Nellie Custis, brought $1,400. Mrs. Washington's music book, most of the words and music of which were written by her, sold for $100.

Bold Charges of Corruption.

OTTAWA, March 23.—In the Canadian parliament last night Mr. Edgar renewed his charges of bonding against Postmaster General Caron. He declared that the investigation made by the royal commission to be half hearted, and dared Caron to seek redress in the courts, and in conclusion moved a resolution declaring it highly improper that Caron should continue to hold office. A vote on Edgar's resolution will be taken this afternoon.

Canadian Boodlers' Trial Postponed.

OTTAWA, Ont., March 23.—The hearing of evidence in the case of Hon. Thomas Mcinerney and N. K. Connolly, charged with conspiracy to defraud the Dominion government out of $250,000 in connection with contract work in Quebec harbor, has been postponed until September, owing to the intentional absence of Robert H. McGreevy, an important witness for the prosecution.

FOR TARIFF REFORM.

Methods Proposed by the New York Reform Club.

AN AID TO SECRETARY CARLISLE.

The Head of the Treasury Will Use the Report in Formulating a Tariff Measure—Raw Material to be Admitted Free and All Duties Ad Valorem.

NEW YORK, March 23.—A special committee of the Reform club of this city, consisting of E. Ellery Anderson, Charles S. Fairchild, Thomas G. Shearman, David A. Wells, John Dewitt Warner and Everett P. Wheeler, has completed a draft of a bill which, when perfected, will be urged upon congress as a substitute for the present tariff laws and a fulfillment of the pledges under which the Democracy has obtained control of the national government.

This special committee was appointed immediately after the election of Mr. Cleveland. Its report, which is the product of much labor, assisted by competent expert knowledge, has been submitted to the regular tariff reform committee of the club for suggestions and criticisms.

After such further consideration and amendment as may be deemed advisable, the bill, drawn in accordance with the recommendations of the report, will be presented to Secretary Carlisle for his information and assistance in the work of formulating a measure which shall constitute the administration scheme for reforming the tariff.

The general principles upon which the proposed tariff has been framed are in the main as follows:

Crude material to be used in the process of manufacture are in general made free of duty.

In taxing other articles the general object has been to fix such rates as would produce the largest amount of revenue in a series of years consistent with the large importations.

The purpose of obtaining the largest revenue has, however, been limited by consideration of the welfare and necessities of the people at large, and especially the poorer classes.

The purpose of obtaining revenue for the government having been made in good faith the sole reason for levying any of these duties, it has not been thought necessary and hardly proper to reduce rates merely for the purpose of avoiding some incidental protection to domestic producers.

All duties have been made strictly ad valorem, except some of those which have been levied as compensatory for internal revenue taxes upon similar articles produced at home.

In order to secure the honest administration of an ad valorem tariff it is essential that the rates of duty upon the great mass of articles should be kept at very moderate figures. Upon articles of immense value and small bulk it is absolutely necessary to impose very low duties, because otherwise they will be smuggled by wholesale and no revenue will be obtained. Upon other articles experience has shown that duties cannot be raised above 25 per cent. without offering dangerous incentives to fraud.

Silk is classed as a luxury, but silk ribbons are practically a necessity of life to the vast majority of women, and a duty of 20 per cent. is proposed. Marble may be considered a luxury, and therefore we put a higher duty upon that than upon ordinary stone. As to liquors and tobacco, the duties upon them should be made in view to obtaining the greatest possible amount of revenue without any concern in so doing as to whether we give or withhold protection to the domestic producer.

The duties upon woolens and worsted manufactures of every description, leather gloves and all other gloves, except of silk, are placed in the 25 per cent. schedule.

Tin plates not to be taxed more than 20 per cent. and perhaps not more than 15 per cent. Manufactures of wood in the most finished forms are placed in the 20 per cent. schedule, as also buttons, except of metal or glass. Most provisions are made free of duty, but some, which partake in a mild degree of the nature of luxuries, are put in the 20 per cent. schedule, while breadstuffs are mostly made free. Potatoes are left subject to a duty of 10 per cent.

The committee expresses the belief that the proposed measures would yield an immediate revenue of at least $120,000,000.

Will Remain in Office.

WASHINGTON, March 23.—At the caucus of the Democrats which nominated a ticket for senate officers, it was agreed that certain Republicans should not be disturbed. They are the venerable assistant doorkeeper, Isaac Bassett; Charles H. Reede, acting assistant door keeper; Alonzo H. Stewart, chief of pages; R. B. Nixon, financial clerk; Antzi Smith, superintendent of document room.

Mash, ex-congressman from the York (Pa.) district; General Wheeler, of Michigan; Colonel Busey, of Illinois; General Isaac S. Catlin, of Brooklyn; Colonel W. R. McLean, of Indiana, and ex-Representative McKinney, of New Hampshire.

Five young men appeared as witnesses against him. The sentence imposed upon him was imprisonment for twelve months at hard labor.

Relationship Don't Count.

WASHINGTON, March 22.—A western congressman who called to urge on the president the appointment to office of a nephew of the chief magistrate met this response: "I am not here to appoint my relations to office. There is too much of that sort of thing. Tell him that I will not appoint him."

An Anti-Cleveland ite Appointed.

INDIANAPOLIS, March 22.—The appointment of Frank Burke as United States district attorney of Indiana has created great surprise and not a little indignation. It was believed that John W. Kern would be the appointee. Kern has been a staunch Cleveland man all along, while Burke has been anti-Cleveland.
