But, in shire of this, it is alleged that the Council, in their endeavors to reduce the operating expenses of the Fuir, leasthen two weeks ago, ordered a reduction of the guard.

This devolved upon Colonic Rice no alternative but to call men in from the tope of the buildings, where hundreds have been stationed solely to watch out for fires, and place them in this buildings guarding the exhibits. He was compuled to recall the guard from the tower where he had been placed after the tower usuals, fire the first time, along with none from the force where he had been placed after the tower usuals, fire the first time, along with none from the roofs of other buildings and the result is the fire gained such bestway before being discovered that it was soon beyond countril.

being discovered that it was soon beyond control.

It is considered by some that this matter cannot be settled by the Council of Administration and that the fluid placing of consure will be done by a higher body—probably the National Commission, acting on the authority of the United States Government. The Council has beard of the story and has besif to shield. In doing so they will probably order the removal of Director of Works Burnham, the accredited assistant of Director General Davis, Mr. Burnham will should this occur, no doubt appeal to the Director General, and he as a creature of the National Commission, may order Mr. Burnham to remain.
