Gold Reserve Depletion.

We have thus made the depletion of our gold susy, and have tempted either and more appreciative nations to said it to their stock. That the opportunity we have offered has not been neglected is shown by the large amounts of gold which have been recently drawn from our treasury and axported to increase the floundial strength of foreign nations. The excess of experts of gold even its imports for the year ending June 20, 1809, amounted to more than \$87, 269,000.
