IF THIS ARTICLE can be taken for anything it will certainly go to show that the Lansford Record is onto the high handed methods of Chairman Micky Cassidy and his gang of bull-dozers who have been "prostituting Democratic privileges during the past half dozen years.

"The average politician is such a great personage, it his own estimation, at least, that he dosen't think much of consulting with or favoring the wishes and opinions of the party newspapers, taking it for granted that the papers must swallow any and every nauseating dose that is smeared on the ticket. If the papers have no say in making the ticket they should not be expected to do the battling for nominees put on simply to further the personal ends of selfish leaders who right away commence to cry out "that paper is kicking the coal," when a reputable paper declines to designate as a gentleman some notorious character that has unfortunately been made the party's nominee. On the newspaper developes the principal work of electing party nominees but reputable newspapers will no longer support an unworthy nominee simply because he is on the party ticket. Wise, indeed, is the chairman who consults his party papers and benefits by the advise they give them."

A CARD.

FRANKLIN LODGE K. OF H. OF WEISSPORT.

From the full ness of the heart the mouth speaketh let me therefore add my humble expressions of thanks and sincere appreciation for the numerous kindnesses tendered myself and family by your noble order during the illness and death of my late husband Joseph P. Rex. Words cannot fully express the high regard I entertain for Franklin Lodge for all things done to lighten our trials and tribulation at the death of one whom we loved. The insurance of $2000 carried by Mr. Rex was delayed through our neglect in failing to have a guardian appointed and yet not with standing this payment was not long delayed. Again for this we offer our sincere thanks and commend your order to the attention of all who are seeking for a first class benevolent beneficial society. I feel much gratified in the selection of J. G. Zern as guardian. To John D. Bertolette Post 484, G. A. R., of Lehighton we tender that hearty thanks for kindness which they so freely and generously merit.

VERY TRULY,
MRS. ELMIRA REX.

Water is a very scarce article hereabouts. All the collieries are badly in need of it. Carter & Co. have pumps placed on the mountain pumping all the waste water from their dam to the works. Coxe & Co. have to pump feed water from Mud Run swamp, a distance of three and half miles from their colliery. At Evans & Co's. works the same state of affairs exists. The upper portion of town has to depend entirely on the down town springs for sufficient fresh water to answer household purposes. A week's rain would be a God send to the town.

The delegate elections for to attend the county convention takes place in Bank's township on Saturday, Sept. 2d. The convention comes off at Manch Chunk on Sept. 4th. The leading candidate that Bank's will put forth for office is James M. Breslin, of this place for register and recorder. Mr. Breslin, although his parents were old time residents, came here to teach in Leyliston about five years ago. Rowan then comparatively a stranger, but by the force of his character and close application to the duties incumbent upon him, he soon made friends and a name for himself among people that will send his delegates to the convention. It is the first time in a number of years that Banks township has sought an important nomination such as Register and Recorder, and now Mr. Breslin, only at the solicitation of three-fourths of the Democrats of the township, consented to become a candidate. He now has the indorsement of nearly a united Democracy, and his nomination means the nomination of the strongest man brought forward in the county and that the ticket will receive not only the full Democratic vote, but a large Republican vote from this end in the election next month.

FIFTY-THIRD CONGRESS

Business of a Week in the National Legislature.

DISCOUSSING THE MONEY QUESTION.

Floods of Eloquence For and Against the Repeal of the Sherman Law—Senator Voorhees Favors Repeal, While Ex-Comptroller Hepburn Takes an Opposite View.

WASHINGTON, Aug. 18.—But three speeches were made in the house yesterday. The first, which was delivered by Mr. Daniel, of New York, was addressed to rather empty benches, though the views presented in favor of the unconditional repeal were well expressed. Then came Cooper, a Democrat from Florida, and he immediately took rank in the first battalion of the young orators of the house. He placed himself squarely in opposition to the free coinage of silver and in favor of the repeal of the Sherman law.

Contrary to general expectation neither the bill to allow national banks to issue notes to the par value of their bonds deposited to secure circulation nor any other financial measure came up in the senate yesterday. The only new proposition in that direction was an amendment offered by Mr. Gorman to the bank circulation bill prohibiting national banks from withdrawing circulation without a previous day's notice to the comptroller and without the approval of the secretary of the treasury; and limiting the aggregate amount of such withdrawals to $8,000,000 within any calendar month.

WASHINGTON, Aug. 19.—The finance committee of the senate presented yesterday a bill to repeal the purchasing clause of the Sherman bill, and containing a declaration that it is the policy of the government to maintain the parity between gold and silver coins. The minority presented a substitute fixing the number of grains of silver to be contained in the dollars, half dollars, quarters and dimes on a 20 to 1 ratio.

The new members of the house continue to come to the front. The star speech of the day was delivered by Mr. Sibley, of Pennsylvania, the only member from the Keystone state who is opposed to placing the United States upon a single gold standard, and who is a firm advocate of bimetallism. On the other side of the questions there appeared a new champion, Mr. Everett, of Massachusetts, who succeeds Mr. Lodge. Messrs. Haines, of New York, and English, of New Jersey, both Democrats, spoke in favor of repealing the silver purchasing clause. As a night session the discussion was continued.

WASHINGTON, Aug. 22.—The veteran senator from Vermont, Mr. Morrill, occupied the attention of the senate yesterday with an argument in support of the bill discontinuing the purchase of silver bullion. The speech occupied a little over an hour in its delivery. The bill was then laid aside, and the case of the senatorship from Montana was taken up. Messrs. Vance and George spoke against the claim of Mr. Lee Mantle and against the constitutional right of a state governor to appoint when the senate simply has a vacancy happening on account of resignation or otherwise during the recess of the legislature.

The silver debate in the house was dull, and the large audience which had assembled to listen to Mr. Breckinridge, of Kentucky, was disappointed. Mr. Powers, of Vermont, spoke for the Wilson bill, Mr. Hooker, of Mississippi, against it. Mr. Cooper, of Indiana, thought it inexpedient to adopt free coinage at this time, and Mr. Sperry, of Connecticut, took the opposite view. Mr. Cox, of Tennessee, advocated free coinage, and Mr. Little, of North Carolina, spoke in opposition. Other speeches were made at the evening session.

WASHINGTON, Aug. 23.—Yesterday there was gathered within the walls of the senate chamber a larger attendance of senators on the floor and of spectators in the galleries than has been seen for many a day. The occasion was the announcement that the senate was to be addressed by Mr. Voorhees, chairman of the finance committee, in support of the bill reported by him discontinuing the purchase of silver bullion. The speech was listened to from beginning to end with close and eager attention. Both on the floor and in the galleries there was but one attempt made to divert Mr. Voorhees from the current of his speech, but he declined absolutely to yield to any interruption. There was also but one manifestation of approval from the galleries, and that was promptly suppressed and its repetition forbidden by the vice president. The speech was followed by an argument from Mr. Dubois in opposition to the bill.

The interest in the silver debate was yesterday transferred from the house to the senate, but the audience in the house was not entirely disappointed, although Mr. Breckenridge, of Kentucky, who was expected to open the debate, did not appear. Mr. Mallory, of Florida, was the first speaker against the unconditional repeal of the Sherman law. Mr. Hopkins, of Illinois, took the other side, incidentally charging the Democrats with partisanship. The new Populist from Nevada, Mr. Newlands, made a good impression in his maiden speech, which was a vigorous one in support of the free coinage of silver. Mr. Bynum, of Indiana, made a short but incisive argument in favor of the Wilson bill. The surprise of the day was the speech of Mr. Hepburn, of Iowa, who was comptroller of the currency under the Harrison administration, who emphatically declared against the repeal of the Sherman law.

WASHINGTON, Aug. 24.—The session of the house yesterday was not without interest, but the members are beginning to feel the effect of long hours of labor, and their attention to the speakers was rather listless. Indeed the only speech which roused them from their lethargy was that delivered by Mr. Cummings, of New York. He spoke for less than twenty minutes, but within that time he concentrated a defense of New York democracy against the democracy of the south. The other star speaker was Mr. Cannon, of Illinois. Against the opinions of a large number of his Republican colleagues, he held—and held forcibly—that the repeal of the purchasing clause of the Sherman bill would be a mistake. He believed in standing by the Republican platform.

The resolution offered in the senate by Mr. Peffer (Kan.), calling for information as to the violation of law by the national banks of Boston, New York and Philadelphia, in refusing to pay promptly and in currency the checks of depositors, came up early in yesterday's session, and gave rise to an important and interesting discussion. Senators Hill and Butler, Democrats, spoke in support of the Peffer resolution, and Washburn and Mitchell, Republicans, opposed it.

MRS. SHANN ACQUITTED.

The Alleged Princeton Murderess a Free Woman.

TRENTON, N. J., Aug. 25.—"We find the defendant not guilty." These words were uttered by Foreman Dopper, of the Shann jury, and Mattie C. Shann, who has been on trial for her life for two weeks, was set free.

The court room was packed as never before, but not the slightest demonstration took place. The court had enjoined silence only a moment before. Mrs. Shann sat surrounded by the members of her family, her body swaying gently back and forth.

When the verdict was announced she suddenly threw her head up and then fell upon her knees and her lips were seen to move as if in prayer. Her daughters Mabel and Mrs. Kelly threw their arms around her and kissed her, and the scene was most affecting.

The formalities attending the discharge of Mrs. Shann from custody were brief and quickly over. She expressed a desire to thank the jurors, and Captain Hall arose and spoke to Judge Abbett. The latter shook his head negatively, and it was surmised that he objected to any demonstration.

When Mrs. Shann passed out of court it was to go again to her quarters in the county jail that she might prepare for her departure from the building and from the city. The great crowd pressed close to the bar enclosure and passed into her face, and a few shook hands with her in the grand jury room, and she shook hands with and thanked them.

It is said that the jury decided to acquit after a few ballots taken on Sunday. The trial of the case has cost the county $10,000.

The Chinese Story Distillished.

WASHINGTON, Aug. 24.—Reports that the Chinese government has sent an ultimatum to the United States with regard to the Chinese exclusion law are pronounced at the state department to be without foundation. In fact the state department has been informed that action by China will be held in abeyance until congress has had a chance to take up the matter for consideration.

Seventeen Drowned.

HALIFAX, N. S., Aug. 24.—The loss of the steamer Dumas, with the barge Etta Stewart in tow, has been confirmed. The barge carried a crew of five and the Dumas a crew of seven. In addition, the chief engineer of the steamer had his wife and four children on board. This makes the loss of life seventeen.

Last night he set fire to the cell in which he was confined and was fatally burned before being rescued. The lockup was entirely destroyed.

ALTOONA, Pa., Aug. 20.—A very sad accident happened at Bellwood, seven miles east of here, last evening. She was only 4 years old.

MORRISTOWN, Pa., Aug. 20.—Constable George R. Nicholas, colored, of the Sixth ward, was committed to jail without bail by Magistrate Smith, charged with mayhem, preferred by William F. Comfort. He died instantly, and the woman lived but a few hours. Jealousy was the cause.

SHENANDOAH, Pa., Aug. 23.—Louis Lunsky, aged 38 years, was killed at the Turkey Run colliery. He was employed as a repair man, and while repairing the pulleys on the slop, stepped to one side to allow a trip to pass. The last car jumped the track and caught Lunsky between the timbers and wagon, crushing his head into a shapeless mass.

PHILADELPHIA, Aug. 24.—All signs seem to point to the nomination next week by the Republicans in convention at Harrisburg of ex-State Senator Jackson, of Armstrong county, for state treasurer. Speaker C. C. Thompson, of Warren, who a short time ago was regarded as leading in the race, and as being a sure winner, now appears to have dropped to the rear.

NEWBURYTOWN, Pa., Aug. 22.—An unknown negro attempted to outrage a 12-year-old girl by the name of Saheld in a cornfield near her home at Black Horse, in Plymouth township. He was about accomplishing his purpose when C. F. Mack, of this town, heard the girl's screams and went her rescue. The fiend escaped, after he had been pursued nearly a mile by fully fifty of the residents of that township, and had he been caught lynching might have followed.

MT. GRETNA, Pa., Aug. 24.—Alfred Ashley, a former New York newspaper man, who is at the farmers' encampment doing reportorial work for The National Economist, of Washington, D. The governor showed his skill with the rifle, and qualified as a marksman. His score was 31 out of 35 at 100 yards, and 16 out of 35 at 500 yards. His first shot at 500 yards was placed in the bull's eye.

THREATENED WITH STARVATION.

The Yellow Fever Scare at Brunswick, Ga., Results Disastrously.

SAVANNAH, Ga., Aug. 24.—One new case of yellow fever in Brunswick was officially reported yesterday. The desertion of the town by the employing class, the closing of stores, factories, etc., works extreme hardship upon the laboring classes. Many families are left destitute.

The following message has been sent to Washington, addressed to Senators Gordon and Colquitt, Speaker Crisp, Hon. H. G. Turner and all the members of the Georgia delegation:

"The situation here is distressing. We are shut off from the entire outside world. Starvation stares the poor people in the face. The refugees have left the city without means. About 4,000 people left in the city are unable to procure supplies. There is immediate need of provisions and money. Time is an important element. We appeal in behalf of a stricken people for immediate aid, and confidently rely upon the hearts of a great American people and the government to respond."

A French Consulate Attacked.

ROME, Aug. 21.—The popular ferment arising from the Aigues-Mortes affair shows no sign of subsidence, although yesterday there was no rioting in this city. The agitation is spreading in the provinces. At Milazzo, on the north coast of the Island of Sicily, a mob paraded the streets and acted in a most disorderly manner. Finally the mob went to the French consulate, demolished the windows with stones, and tore down the French escutchen from the door. It was captured by the police, who dispersed the mob after a lively skirmish.

Scrofula in its Worst Stages

CURED!

Boston Specialist Baffled but the King of Blood Purifiers Wins!!

MANCHESTER, N. H.,
DANA SARSAPARILLA CO.,

Gentlemen:—With a feeling of deep gratitude in our hearts, we wish to add our testimonial to the large list of cures your GREAT MEDICINE has performed.

Some four years ago, our little daughter Hattie, then 7 years of age, began to show

SYMPTOMS OF SCROFULA.

The disease rapidly increased. We consulted one of the best Physicians in the City, who began at once to treat her, but instead of abating the disease rapidly advanced. We became alarmed. Took her to Boston and placed her under the care of a famous Specialist, but in spite of his skill

LARGE SORES FORMED

on different parts of her body. The fingers of her right hand swelled to twice their natural size, suppuration around the nails caused three of them to drop off. We were in despair. Hearing DANA'S SARSAPARILLA recommended as a Great Blood Purifier, we, as a last resort, concluded to try it. At first it seemed to hurt her. WE CAME NEAR GIVING IT UP.

We read the directions, reduced the dose to half a teaspoonful. When she had taken three bottles, we saw improvement. She has now taken eight bottles and is perfectly well—cheeks rosy—spirits buoyant. And the only thing left to remind us of her terrible condition, is the absence of the three nails whose entire roots were destroyed.

Gratefully yours,
MR. & MRS. JAS. A. HARDY.
