## ANOTHER FATAL CRASH.

**MASTERS, Ill., Sept. 20.**—The second section of the Big Four passenger train which had stopped unexpectedly at a point ten miles north of Kankakee, today again slipped and seriously injuring a large number. The rear car of the first section was the Ohio and Mississippi sleeper and was seriously injured.

The work at Kankakee was immediately begun, and one by one the heavily loaded bodies of the train were removed from the point of the wreck, as a man was sent back from the first section of the train as soon as the stop, which was made necessary by some defective machinery in the locomotive, was made. The flagman had not been seen since the wreck, and he is probably the man who can give the real cause of the disaster. On the other hand, it is said that the engineer of the second train was asleep, and that the train was thrown out of the track.

The identified dead are: Emil Kimmel, Dayton, O.; J. W. Powell, New Vienna, O.; L. L. Sweet, Louisville, Ky.; David Jackson, Cornell, O.; Minnie Duess, Lewis, Ohio; Ed. Charles, Beckwith, Columbus, O.; Jacob Simpson, Columbus, O.; Miss O. Edwards, Chicago.

All who apply in person during the month of September will be examined and given first treatment free of charge.

Remember this offer will afford all skeptical and discouraged patients a chance to judge for themselves, free of all costs. Dr. Riegel offers this test as the latest and surest way of convincing the public that his method of treating his specialties is the best known to the world.

He believes that anything that will not stand the scrutiny of everyone is not the best that can be offered to them and lacks effectiveness, therefore he submits himself to the severest test any physician can be subjected to and awaits the verdict of the people without the least fear of failure.

If any of the following questions apply to you, call on Dr. Riegel at once. He will cure you. Do you have a cough? Do you have a cold? Do you have a headache? Do you have a sore throat? Do you have a chest pain? Do you have a stomach ache? Do you have a backache? Do you have a neuralgia? Do you have a rheumatism? Do you have a sciatica? Do you have a lumbago? Do you have a sciatica?
