out Democrat nomination for Prostdent Judge of the 40rd Judicial District, has disappeared and the friends
of Hon. Allen Craig, of Manch Chunk,
Carbon "county's choice for this office,
have already flied the necessary papers
with the secretary of state to have his
name printed on the ticket. With
this, the campaign for the election of a
President Judge who is non partisan
has commenced. No effort will be
spared, we are positive, by those people, no mat er of what political complaxion, who desire to see a pure and
honorable, an able and brilliant lawyer
elected to preside over the courts in
this judicial district. In the history
of the judicial district Carbon county

the three terms that the late lamented Samuel S. Dreher was nominated Carbon county never faitered in its devotion to him. Carbon county is greater in area, has many times the wealth, has a greater population, has more industries, and more legal business than has Mouroe. This together with the fact that the people of this county never faitered, ever murmered against the election of the late Judge Dreher, are reasons why at this time a Carbon county lawyer should be elected President Judge of the courts. In the campaign for a non-partisan judiciary the Carbon Advocars will support and use every honorable means to secure the election of a Carbon county lawyer to the sollies.

Pirranum, Oct. 2.—Hattis Dawson, its Sysar-old daughter of J. W. Dawsen, of Oakland, east end, was assaulted Saturday alght by an unknown man. The man asket the little girl to show him the way to the postoffice. When they reached the little one, and then entired her into a stable a half mile distant, and there as saulted her. A searching party found her after her assailant had secaped. The girl's father says if he fields the man he will kill be to catch. We will urge the election of that brilliant legal mind, Hon. Allen Craig, the oldest practising lawyer at the Carbon county Bar. A man who has a spottess reputation, a man whose thirty long years of experime fit him above all the other candidates for this office to which he will bring his ability and learning. The effort that has been made to drag the ermine into the fifth of politics will be sensibly and emphatically rebaked by his election. We have a close that he shallty of the other candidates at this time, nor to point out their deficiencies, our simple purpose will be to point out reasons why Hon. Allen Craig should be and will be elected.
