MILLIONS IN SMOKE.

Many Business Houses and Dwellings Wiped Out by a New York Fire.

NEW YORK, Oct. 15.—One of the most destructive fires this city has ever known occurred last evening. The fire extended from the corner of Broadway and Broadway Street, west of Tenth Avenue, to the north side of First Avenue, and the loss will amount to over \$5,000,000.

The fire was discovered at 8:10 p. m. by a watchman employed by the Metropolitan Fire Insurance Co., who was on duty at the corner of Broadway and Broadway Street.

When the fire started there were in the Campbell factory four men who were working over time. They were Charles Stagers, James Bambrick, John Hill and a man whose name is not known. Whether they escaped or not is not known.

The fire started in the boiler house and had gained great headway before it was discovered. It spread to the adjacent building, occupied by Nevin & Haviland, and all other buildings in the block.

The fire was extinguished by the Metropolitan Fire Insurance Co. and the fire department. The fire was extinguished by the Metropolitan Fire Insurance Co. and the fire department.
