An hour before that time the remains were taken from the City Hall to the church, where the services, according to the Eptscopal ritual, were conducted by Hee, T. N. Morrison, Jr. The funeral procession then proceeded from the shurch to Graceland cemetary. Never before has Chicago witnessed such a monetor funeral procession, nearly every society in the city turning out a majority of its membership while thousands who were committed with no organization joined the ranks of the citizens who formed the last division.

It Went Depunished. This story is told of the late Dr. Hol land, better known as "Timethy Tit-comb." During the service of one of the large churches in Springfield, Mass., a heavy electric storm came up, and one of heavy electric storm came up, and one of the gentiemen of the choir set out to accure an omnibun to take the laddes home. Among the fair singers was a certain Miss Etta S.—, and as Dr. Hol-land was gallantly belong her into the vehicle a terrific chap of thunder startled them, upon which he remarked, "Etr in terror packs home in a bus" (Et In terra pax hominibus). To close this strange tale, it may be well to add that the doctor was not immediately struck by lightning but shed years afterward pencefully in his bod.—Ean Francisco Argoniant.

AND HURRIED TO THE PRESIDENT,

THE REPEAL BILL SIGNED

Over the Brutal Murder of Popular Mayor Harrison.

Why? Why is Strictly Pure white Lead the because it will orticate all other paints, jets a handsomer finish, better protection to the wood, and the first contwill be less.

If Barytes and other adulterants of white lead are "just as good" as Strictly Pure White Lead, why are all the adulterated white leads always branded Pure, or

"Strictly Pure White Lead?"

This Barytes is a heavy white powder (ground stone), having the appearance of white lead, worthless as a paint, costing only about a cent a pound, and is only used to cheapen the mixture. What shoddy is to cloth, Barytes is to paint. Be careful to use only old and standard brands of white lead. "Atlantic" "Bradley' "Brooklyn" " Jewett

"Ulster' are strictly pure, "Old Dutch" process brands, established by a lifetime of use. For colors use Mational Lead Co.'s Pure White Lead Tinting Colors with Strictly Pure White Lead. For sale by the most reliable dealers in paints everywhere.
